Textbook of Pediatrics in Developing Tropical Countries S. T. Achar,J. Viswanathan,1982 The Hospital for Sick Children Atlas of Pediatrics Ronald M. Laxer,2005-09-06 This book provides the opportunity to observe a wide variety of pediatric conditions that practitioners may come into contact with in their practices In covering all the major fields of pediatrics this atlas gives the student of pediatrics a view of the common and not so common conditions affecting newborns children and adolescents In this era of rapid growth in medical knowledge technology and testing it is imperative that the importance of the physical examination and the art of observation of the patient not be forgotten The book deliberately attempts to limit textual information as much as possible and focus instead on tables and illustrations to depict differential diagnoses and approaches to diagnosis and management Furthermore this atlas provides a great deal more information on the management of specific disorders than some of the other excellent pediatric atlases that are currently available **The**

Hospital for Sick Children ,2005 Manual Of Tropical Pediatrics (Clpe) SEEAR,2000-02-01 This highly illustrated practical manual of tropical pediatrics provides an essential guide for all doctors and health workers in district hospitals in developing countries The tropical diseases that affect these children are often exacerbated or caused by poverty and neglect However this volume recognises that even the most limited and basic of medical resources can make a significant contribution to improving the health of these children This manual sets out clearly the symptomatology of these common diseases using numerous high quality illustrations before giving very practical advice on their effective treatment using the medical resources readily available in these countries Additional features include guidance on running a district laboratory and pharmacy and a checklist of essential drugs This will be a very practical source of guidance and reference for pediatricians and health care personnel in tropical countries for students of tropical medicine and for doctors visiting and training in these countries
