Among The Host Of Heaven The Syro Palestinian Pantheon As Bureaucracy:

Among the Host of Heaven Lowell K. Handy, 1994 During the past two generations there have been many studies on the structure organization and function of the gods of the Levantine and ancient Near Eastern worlds In this important study Lowell Handy provides new directions for thinking on this crucial topic arguing that the structure of the pantheon worshiped in Syria Palestine mirrored the social structure of the city states in that region While many recent studies have investigated the relations of the gods in both biblical and extra biblical texts from the area Handy shows that the pantheon functioned as a bureaucracy This perspective may well be the primary key for understanding hierarchy among the gods **Casting Down the Host of Heaven** Cat Quine, 2020-03-23 In *Casting Down the Host of Heaven* Cat Quine analyses the ambiguous nature of the Host and explores the role of ritual in the polemic against their worship Although commonly assumed to be YHWH's divine army the book reveals their non military and fluid nature Quine demonstrates that it was the fluidity of the Host and their roles in the divine realm that permitted the creation of wide ranging polemic against their worship Her analysis shows that this polemic was expressed in ritual terms which persuaded its audiences both ancient and modern of its legitimacy and authority *Interpreting Judean Pillar Figurines* Erin Darby, 2014-09-11 Judean Pillar Figurines regularly appear in discussions about Israelite religion monotheism and female practice Erin Darby uses Near Eastern texts iconography the Hebrew Bible and the archeology of Jerusalem to explore figurine function the gender of figurine users and the relationship between Judean figurines and the Assyrian Empire Back cover *The Facade: Special Edition*, **Celibacy in the Ancient World** Dale Launderville, 2010-07-01 Celibacy is a commitment to remain unmarried and to renounce sexual relations for a limited period or for a lifetime Such a commitment places an individual outside human society in its usual form and thus questions arise What significance does such an individual and such a choice have for the human family and community as a whole Is celibacy possible Is there a socially constructive role for celibacy These questions guide Dale Launderville OSB in his study of celibacy in the ancient cultures of Israel Mesopotamia and Greece prior to Hellenism and the rise of Christianity Launderville focuses especially on literary witnesses because those enduring texts have helped to shape modern attitudes and can aid us in understanding the factors that may call forth the practice of celibacy in our own time Readers will discover how celibacy fits within a context of relationships and what kinds of relationships thus support a healthy and varied society one aware of and oriented to its cosmic destiny Dale Launderville OSB is professor of theology at Saint John's University School of Theology eminary Collegeville Minnesota He is the author of *Piety and Politics The Dynamics of Royal Authority in Homeric Greece Biblical Israel and Old Babylonian Mesopotamia* Eerdmans 2003 and *Spirit and Reason The Embodied Character of Ezekiel's Symbolic Thinking* Baylor University Press 2007 **Antiguo Oriente - Volume 12 (2014)** Juan Manuel Tebes, 2012-12-31 *Antiguo Oriente* abbreviated as *AntOr* is the annual peer reviewed scholarly journal published by the Center of Studies of Ancient Near Eastern History CEHAO Catholic University of Argentina

The Concept of Divine Sovereignty in Micah Colin Semwayo,2019-12-14 We live in a world gone awry Social injustice pervades our societies the poor are disdained despotic leaders and nations seem to control world events and racism and hatred abound Yet while it might appear that evil reigns the sovereign God is in control Such is the message of the book of Micah a text that underscores God s presence in the world righting wrongs delivering the marginalized and restoring the intended order of creation In this careful explication of the minor prophet Dr Semwayo challenges those who would question the text s unity revealing Micah as a powerful theological reflection on the reestablishment of Yahweh s sovereignty on earth Connecting the Zion Davidic traditions to the Abrahamic covenant Semwayo articulates a vision of hope that is as relevant for us in the twenty first century as it was for Micah s original audience *Women in Ugarit and Israel* Hennie J.

Marsman,2021-10-01 In this volume the presupposition is investigated whether women in a polytheistic society had a better position than women in a monotheistic society To this end the social and religious position of women in Ugarit according to its literary texts is compared to that of women in Israel according to the Hebrew Bible while the wider context of the ancient Near East is also taken into consideration After an overview of feminist biblical exegesis the book discusses the roles of women in the family and in society It also provides an analysis of the roles of women as religious specialists and as worshippers Finally the data on the position of women in the literary texts is compared to that in non literary texts

Gender in the Ancient Near East Stephanie Budin,2023-04-28 Gender in the Ancient Near East is a wide ranging study through text and art that presents our current understanding of gender constructs in ancient Mesopotamia Egypt Anatolia Cyprus and the Levant and incorporates current trends in gender theory Budin begins with definitions of sex and gender in modern society and scholarship before exploring ancient Near Eastern understandings of these concepts Readers are then guided through sources in translation in order to understand how the denizens of the ancient Near East understood notions of femininity masculinity and other with a final chapter considering how modern notions of hetero and homosexuality apply to the ancient world The volume also explores how these concepts are portrayed in ancient art and material culture through accompanying photographs and illustrations The overview of both Near Eastern history and contemporary gender theory allows readers unfamiliar with the material easily to approach the subject and draw meaningful conclusions Gender in the Ancient Near East offers a comprehensive and engaging introduction to the subject for students of the ancient Near East and of gender in the ancient world It is also of interest to those working in gender studies and queer studies **Judaic Religion**

in the Second Temple Period Lester L. Grabbe,2002-11-01 The developments in Judaism which occurred during the Second Temple period c 550 BC to 100 AD were of great importance for the nature of Jewish religion in later centuries yet few studies have examined the era in full Now Lester L Grabbe s lucid and accessible volume provides a much needed encyclopedic study and holistic interpretation of the period Topics examined include views about God and the spirit world the temple and priesthood scripture and synagogue the main religious sects and revolutionary movements eschatology and

messianism magic and predicting the future religion in the Jewish diaspora converts and Godfearers With an extensive up to date bibliography plus numerous helpful cross references summaries and syntheses this book is essential reading for scholars and students of the history of Jewish religion It will also be of great value as a reference tool Created Equal Joshua Berman,2011-08-12 In Created Equal Joshua Berman engages the text of the Hebrew Bible from a novel perspective considering it as a document of social and political thought He proposes that the Pentateuch can be read as the earliest prescription on record for the establishment of an egalitarian polity What emerges is the blueprint for a society that would stand in stark contrast to the surrounding cultures of the ancient Near East Egypt Mesopotamia Ugarit and the Hittite Empire in which the hierarchical structure of the polity was centered on the figure of the king and his retinue Berman shows that an egalitarian ideal is articulated in comprehensive fashion in the Pentateuch and is expressed in its theology politics economics use of technologies of communication and in its narrative literature Throughout he invokes parallels from the modern period as heuristic devices to illuminate ancient developments Thus for example the constitutional principles in the Book of Deuteronomy are examined in the light of those espoused by Montesquieu and the rise of the novel in 18th century England serves to illuminate the advent of new modes of storytelling in biblical narrative International Review of Biblical Studies, Volume 54 (2007-2008) Bernhard Lang,2009-04-30 Formerly known by its subtitle *Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete* the *International Review of Biblical Studies* has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered Roman Berytus Linda Jones Hall,2004-06 A comprehensive history of Roman Berytus from its founding as a Roman military colony in the reign of Augustus to its development as one of only three centers for the study of law in the rule of Justinian Mighty Baal Stephen C. Russell, Esther J. Hamori,2020-07-13 Mighty Baal Essays in Honor of Mark S Smith is the first edited collection devoted to the study of the ancient Near Eastern god Baal Although the Bible depicts Baal as powerless the combined archaeological iconographic and literary evidence makes it clear that Baal was worshipped throughout the Levant as a god whose powers rivalled any deity Mighty Baal brings together eleven essays written by scholars working in North America Europe and Israel Essays in part one focus on the main collection of Ugaritic tablets describing Baal s exploits the Baal Cycle Essays in part two treat Baal s relationships to other deities Together the essays offer a rich portrait of Baal and his cult from

God's Court and Courtiers in the Book of the Watchers Philip Francis Esler, 2017-11-06 First Enoch is an ancient Judean work that inaugurated the genre of apocalypse Chapters 1-36 tell the story of the descent of angels called Watchers from heaven to earth to marry human women before the time of the flood the chaos that ensued and God's response They also relate the journeying of the righteous scribe Enoch through the cosmos guided by angels Heaven including the place and those who dwell there God the angels and Enoch plays a central role in the narrative But how should heaven be understood Existing scholarship which presupposes Judaism as the appropriate framework views the Enochic heaven as reflecting the temple in Jerusalem with God's house replicating its architecture and the angels and Enoch functioning like priests Yet recent research shows the Judeans constituted an ethnic group and this view encourages a fresh examination of 1 Enoch 1-36 The actual model for heaven proves to be a king in his court surrounded by his courtiers The major textual features are explicable in this perspective whereas the temple and priests model is unconvincing The author was a member of a nontemple scribal group in Judea that possessed distinctive astronomical knowledge promoted Enoch as its exemplar and was involved in the wider sociopolitical world of their time

Syria-Palestine in The Late Bronze Age Emanuel Pfoh, 2016-02-22 Syria Palestine in the Late Bronze Age presents an explicitly anthropological perspective on politics and social relationships An anthropological reading of the textual and epigraphic remains of the time allows us to see how power was constructed and political subordination was practised and expressed Syria Palestine in the Late Bronze Age identifies a particular political ontology native to ancient Syro-Palestinian societies which informs and constitutes their social worlds This political ontology based on patronage relationships provides a way of understanding the political culture and the social dynamics of ancient Levantine peoples It also illuminates the historical processes taking place in the region processes based on patrimonial social structures and articulated through patron-client bonds

Petitioning and Power Relations in Pre-Modern Eurasia

David Zaret, 2025-08-05 Petitioning was the main route by which the agency of subjects engaged the authority of rulers Most studies explore it as a practice for sending requests to central and local representatives of state power in empires kingdoms and city states Yet the practice occurs in other fields of power for example in medieval papal governance seigneurial regimes and other types of lordship e.g. queenship Petition and response was the inverse twin to command and obey and just as inherent and indispensable for managing pre-modern power relations Requests by petitioners were endlessly diverse Petitions were the universal request form for subjects who sought assistance with every conceivable problem or opportunity In addition to resolving conflicts with other subjects or officials there were requests for appointments promotions to higher positions or social ranks exemptions pardons privileges pensions salary increases charitable relief and more Some petitioners

were docile and ingenuous others were ingenious even predatory petitioners whose initiatives reveal high levels of agency This is the first truly comparative analysis of pre modern petitioning across Eurasia Across a wide range of historical case studies and cutting against the grain of the dominant one dimensional social science perspective on pre modern power relations David Zaret shows petitioning in pre modern Eurasia to have been a dynamic tool of state and not as is often assumed merely an instrument of protest or imitation of religious prayer Comparative study shows the practice to have been remarkably uniform and one whose ubiquity and prominence are astounding for its diverse socio cultural contexts there are Sumerian Akkadian and Aramaic petitions in ancient Mesopotamia demotic petitions in Egypt when Pharaohs ruled then Greek ones after imposition of Ptolemaic rule Other contexts for the practice include Zoroastrian Persia Hellenic and Roman cultures of benefaction Christianity Islam Daoism Confucianism and the syncretic mix of Shinto and Buddhism in Japan In so doing Zaret bridges literatures of two fields and makes important contributions to both historical research on petitioning which is often confined to case studies and theories of power relations arguably the most heavily plowed field in social theory to offer revisionist perspectives on the fluid nature of power and politics in the pre modern world *International Review of Biblical Studies / Internationale Zeitschriftensschau Fur Bibelwissenschaft Und Grenzgebiete* Bernhard Lang, 2009-02-15 Formerly known by its subtitle *Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete* the *International Review of Biblical Studies* has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered **Creation Stories of the Middle East** Ewa Wasilewska, 2000 This comprehensive study explores the region s forgotten narratives myths and traditions Drawing on stories from Ancient Mesopotamia Egypt Anatolia Syria Palestine and Persia Wasilewska shows how these narratives of creation destruction and rebirth reach to the very roots of the Biblical and Quranic Genesis **The Early History of God** Mark S. Smith, 2002-08-03 Foreword by Patrick D Miller In this remarkable acclaimed history of the development of monotheism Mark S Smith explains how Israel s religion evolved from a cult of Yahweh as a primary deity among many to a fully defined monotheistic faith with Yahweh as sole god Repudiating the traditional view that Israel was fundamentally different in culture and religion from its Canaanite neighbors this provocative book argues that Israelite religion developed at least in part from the religion of Canaan Drawing on epigraphic and archaeological sources Smith cogently demonstrates that Israelite religion was not an outright rejection of

foreign pagan gods but rather was the result of the progressive establishment of a distinctly separate Israelite identity This thoroughly revised second edition of *The Early History of God* includes a substantial new preface by the author and a foreword by Patrick D Miller
