How Safe Is Our Investment Paul Okoye,2014-10-15 Adam Smith once said It is not from the benevolence of the butcher the brewer or the baker that we expect our dinner but from their regard to their own interest Consciously or unconsciously Adam Smith revealed the unseen fingers that drive every human activity A critical analysis of the causes and effects of the current economic and financial crisis extols how devastating self interest can be to investment and its environment Because of the interconnectedness of the global economic and financial system there is no longer a separate economy How Safe Is Our Investment takes a global view of the causes of the failure of investment and its implication from an economic political social and legal viewpoint The worlds debt has continued to rise without prospect for repayment and in the wrong application of Keynes theory world leaders have continued to increase the world debt Unfortunately because of the lack of will and moral decadence of the leaders and the present generation succeeding generations will have to inherit the burden of debt they knew nothing about unless we take action now to reverse this trend This book explains how to turn this around

Foundations of Airport Economics and Finance Hans-Arthur Vogel,2019-03-22 Foundations of Airport

Economics and Finance analyzes the impact key economic indicators play on an airport's financial performance. As rapidly changing dynamics including liberalization, commercialization, and globalization are changing the nature of airports worldwide, this book presents the significant challenges facing current and future airports. Airports are evolving from quasi-monopolies to commercial companies operating in a global environment with ever-increasing passenger and cargo volumes and escalating security costs that put a greater strain on airport systems. This book highlights the critical changes that airports are experiencing, providing a basic understanding of both the economic and financial aspects of the air transport industry.
