15 minutes to achieve lifelong results and women are more likely to stick to an exercise plan if it's chopped down to those 15 minutes. The Women's Health Big Book of 15 Minute Workouts is both an introduction to the fundamentals of short workouts and a comprehensive collection of hundreds of the most effective ones. These workouts have been designed for every fitness goal from total body conditioning to targeting trouble spots with exercises like the 15 Minute Flat Belly without a Single Crunch Workout. Other highlights include an eating plan with delicious meals that take 15 minutes or less to prepare workouts for when you're stuck in traffic or traveling and can't make it to the gym, hundreds of tips from America's best trainers, nutritionists and exercise scientists. **Pamphlet - Women's Bureau** United States. Latter-day Saint Perspectives on Atonement Deidre Nicole Green, Eric D. Huntsman, 2024-01-02. New approaches to a central area of Latter-day Saint belief. The Church of Jesus Christ of Latter-day Saints and other Christians have always shared a fundamental belief in the connection between personal salvation and the suffering, death and resurrection of Jesus Christ. While having faith in and experiencing the atonement of Christ remains a core tenet for Latter-day Saints, some thinkers have in recent decades reconsidered traditional understandings of atonement. Deidre Nicole Green and Eric D. Huntsman edit a collection that brings together multiple and diverse approaches to thinking about Latter-day Saint views on this foundational area of theology. The essayists draw on and go beyond a wide range of perspectives: classical atonement theories and contemporary reformulations of atonement theory. The first section focuses on scriptural and historical foundations while the second concentrates on theological explorations. Together the contributors evaluate what is efficacious and ethical in the Latter-day Saint outlook and offer ways to

reconceive those views to provide a robust theological response to contemporary criticisms about atonement. Contributors: Nicholas J. Frederick, Fiona Givens, Deidre Nicole Green, Sharon J. Harris, J. B. Haws, Eric D. Huntsman, Benjamin Keogh, Ariel Bybee, Laughton Adam, S. Miller, Jenny Reeder, T. Benjamin Spackman and Joseph M. Spencer. Edinburgh's Unruly Women Claire McNulty, 2025-03-10 *Edinburgh's Unruly Women* examines experiences of church discipline across parish communities through Edinburgh and its environs The book argues that experiences of discipline were not universal varying according to any number of factors such as age gender marital status and social rank Adopting a case study approach the book illuminates the voices of ordinary women as they appeared before their local kirk session church court where they navigated the church court system to settle neighbourly disputes negotiate marriage contracts or free their husbands from allegations of adultery *Edinburgh's Unruly Women* argues that in the context of a deeply patriarchal society experiences of discipline could not have been universal but that in creating this strict culture of self monitoring the Church created opportunities for women to express power over one another and indeed over their male contemporaries By placing female parishioners at the heart of the book filled with individual case studies *Edinburgh's Unruly Women* appeals to students and scholars of early modern women religion and gender more broadly and to those with more specialist interest in both ecclesiastical discipline and the history of early modern Scotland in the localities

The XX Factor Alison Wolf, 2013-04-25 For most of history being female defined the limits of a woman's achievements But now women are successful careerists equal to men In Norway women legally must constitute a third of all boards in America women have gone from 3% of practising lawyers in 1970 to 40% today and over half of all law students These changes are revolutionary but not universal the sisterhood of working women is deeply divided Making enormous strides in the workplace are young educated full time professionals who have put children on hold But for a second group of women this is unattainable instead they work part time earn less are concentrated in heavily feminised occupations like

cleaning and gain income and self worth from having children young As these two groups move ever further apart shared gender no longer automatically creates interests in common with other women The XX Factor lifts the curtain on these social cultural and economic schisms
