Dialectical Anatomy of the Eucharist Donald

Wallenfang, 2017-05-16 For centuries Christian theology has understood the Eucharist in terms of metaphysics or in protest against it Today an opening has been made to imagine the sacrament through the method of phenomenology bringing about new theological life and meaning In *Dialectical Anatomy of the Eucharist* Donald Wallenfang conducts a sustained analysis of the Eucharist through the aperture of phenomenology yet concludes the study with poetic and metaphysical twists Engaging the work of Jean Luc Marion Paul Ricoeur and Emmanuel Levinas Wallenfang proposes pioneering ideas for contemporary sacramental theology that have vast implications for interfaith and interreligious dialogue By tapping into the various currents within the Judeo Christian tradition Jewish Catholic Orthodox and Protestant a radical argument is developed that leverages the tension among them all Several new frontiers are explored dialectical theology a fourth phenomenological reduction the phenomenology of human personhood the poetics of the Eucharist and a reinterpretation of the concept of gift as conversation On the whole Wallenfang advances recent debates surrounding the relationship between phenomenology and theology by claiming an uncanny way out of emerging dead ends in philosophical theology return to the fray [Faith and the Sacraments](#) Thomas G. Weinandy, 2022-10-11 In September of 2014 thirty new members were appointed for a five year term to the Vatican's International Theological Commission These theologians clerical and lay were chosen from twenty six different countries and from five continents The commission was charged with composing three documents of contemporary theological importance one of which was that of the relationship between faith and the sacraments This finished document was published with the approval of the Congregation for the Doctrine of the Faith and by Pope Francis in Spanish in early 2020 under the title *La Reciprocidad entre Fe y Sacramentos en la Economía Sacramental* A subsequent English translation was published thereafter under the title *The Reciprocity Between Faith and Sacraments in the Sacramental Economy* This present volume contains the text of the English translation There follows an introduction by a member of the ITC Thomas G. Weinandy OFM Cap and subsequently followed by six explanatory and interpretive commentaries on various chapters of the document Dr John Yocum considers the contemporary relevance of the topic Dr Christopher Ruddy examines the dialogical nature of the sacramental economy of salvation Dr Jennifer Holmes Martin discusses the relationship between faith and the

sacraments of initiation There are two commentaries for section four concerning faith and the sacrament of marriage Professor John Grabowski treats the strictly theological issues relating to faith and marriage Canonist Timothy Cavanaugh takes up the canonical issues regarding faith and its relationship to enacting a valid sacramental marriage Dr Daniel Keating rounds off the commentaries by surveying the conclusion of the document that is the present need for evangelization so as to enliven the faith of the faithful and the present relevance of the new ecclesial movements within the Church today These commentaries are aimed at aiding priests and seminarians as they address or prepare to address the pastoral and theological concerns they encounter or will encounter on a daily basis This volume could also be used in parish adult education groups as well wherein the laity could better understand the relationship between faith and the sacraments

The Splendor of the Church in Mary Theresa Marie Chau Nguyen, 2023-05-05 Henri de Lubac SJ 1896 1991 is one of the most renowned theologians of the twentieth century Numerous studies have been undertaken to examine his many contributions to theology but little attention has been paid to the specific topic of the relationship of the Blessed Virgin Mary and the Church in his writings This was a topic that gave rise to contentious discussion at the Second Vatican Council and although the Council fathers approved the integration of Marian doctrine into the Dogmatic Constitution on the Church this synthesis of Mariology and ecclesiology has been largely neglected in theology today The Splendor of the Church in Mary retrieves de Lubac's Marian ecclesiology and revives an understanding and appreciation of its enduring influence at the Vatican Council and beyond The first part examines de Lubac's pre conciliar works which evince a steady biblical and patristic ressourcement of Marian themes It also explores his writings on Teilhard de Chardin's Eternal Feminine Christian mysticism and Amida Buddhism and discovers in them the essential building blocks of his Marian thought The second part turns to the Second Vatican Council and post conciliar developments Rereading the debates and texts of Lumen Gentium through a Marian lens brings to light the extent of de Lubac's influence Meditation sur l'Eglise 1953 his principal work on Mary and the Church anticipated the structure and content of Lumen Gentium a decade before the Council De Lubac's writings provided a theological compass for the Council fathers and they continue to provide direction and orientation for ecclesiological discourse today The Splendor of the Church in Mary culminates in a constructive analysis of one of the most pressing pastoral and ecclesiological questions of our times the question of the relationship of the universal and particular churches Directly engaging the crucial debate between then Cardinal Ratzinger and Cardinal Kasper it proposes that de Lubac's Mariology effectively offers a new perspective and a refreshing path forward Attentive to the mystical identification of Mary and the Church de Lubac's ressourcement has the potential to re-enchant and advance contemporary theology in new and significant ways

For the Unity of All John Panteleimon Manoussakis, 2015-02-05 For the Unity of All offers significant and new contributions for the furthering of dialogue and the path to unity between East and West In this excellent example of ecumenical theology the author utilizes the resources of contemporary philosophy in an effort to shed some new light on

centuries old debates that perpetuate the division between the Christian churches **A Service of Love** Paul McPartlan, 2013-06-24 A crucial topic in Catholic Orthodox ecumenical dialogue is the nature and exercise of universal primacy in the church In 1995 Pope John Paul II expressed the hope that pastors and theologians of both churches might seek ways in which the papal ministry could accomplish a service of love recognised by all concerned Ut Unum Sint In this short and penetrating study Paul McPartlan a member of the international Roman Catholic Orthodox theological dialogue presents a proposal carefully argued both historically and theologically for a primacy exercising a service of love in a reconciled church West and East McPartlan builds on the substantial foundation already laid in the dialogue for an understanding of the church in terms of the Eucharist Eucharistic ecclesiology has been one of the most remarkable developments in the theological renewal of recent decades Drawing particularly on scriptural and patristic teaching it offers a highly promising framework for resolving this most sensitive and difficult of issues recognising the bishop of Rome as the focal point and servant of the Eucharistic communion among bishops Vatican II directed that those working for reconciliation between Catholics and Orthodox pay close attention to the relationships that pertained between the Eastern churches and the see of Rome before the split of 1054 McPartlan seeks to do just that notably incorporating the teaching of the council on the role of the papacy to craft a proposal that may commend itself to Catholics and to Orthodox *Worship and Church* Latkovich, Sallie, Phan, Peter C., 2019 These essays cover historical systematic spiritual and spiritual aspects as well as social justice issues in relation to liturgy *The Papacy and the Orthodox* Anthony Edward Siecienski, 2017 The Papacy and the Orthodox examines the centuries long debate over the primacy and authority of the Bishop of Rome especially in relation to the Christian East and offers a comprehensive history of the debate and its underlying theological issues Siecienski masterfully brings together all of the biblical patristic and historical material necessary to understand this longstanding debate This book is an invaluable resource as both Catholics and Orthodox continue to reexamine the sources and history of the debate **The Papacy: Revisiting the Debate Between Catholics and Orthodox** Erick Ybarra, 2022-11-22 The Lord Jesus Christ intended his kingdom present on earth the Church of God to be one holy catholic and apostolic Prior to the Protestant Reformation in the sixteenth century history tells of the most egregious division in the Church between the Latin West and Byzantine East in AD 1054 and following How can it be that Catholics and Orthodox share a thousand years of ecclesial life together in one faith sacramental order and hierarchical government only to have that bond of communion broken Historians and theologians throughout the years have spilled much ink in recounting the causes and effects of this dreadful and heart wrenching division and among the many debates that exist between Catholics and Orthodox none are as vital to the task of reconciliation as the subject of the papacy In *The Papacy Revisiting the Debate* between Catholics and Orthodox Erick Ybarra examines sources from the first millennium with a fresh look at how methodology and hermeneutics plays a role in the reading of the same texts In addition he conducts a detailed investigation into the most significant points

of history in order to show what was clearly accepted by both East and West in their years of ecclesiastical unity In light of this clear evidence the reader of The Papacy is free to decide whether contemporary Catholicism or Eastern Orthodoxy has maintained the heritage of the first millennium on the understanding of the Papal office

The Oxford Handbook of Catholic Theology Lewis Ayres, Medi Ann Volpe, Thomas L. Humphries (Jr.), 2019 This Handbook provides an introduction to all the major aspects of Catholic theology As well as covering basic topics of doctrine and moral theology the book considers some of Catholic theology s most important sources between 200 and 1870 and all the main movements and developments in Catholic theology since 1870

Unity in Christ Anthony Fisher, 2023-10-02 What does episcopal fraternity and communio look like This central question is explored through the erudition and experience of Archbishop Anthony Fisher Catholic Archbishop of Sydney Australia Unity in Christ based upon a series of addresses given to the United States Conference of Catholic Bishops USCCB at their Special Assembly in 2022 delves into the themes associated with episcopal unity By surveying the Christian tradition beginning with the scriptures and then through various periods Apostolic generation patristic scholastic Vatican II recent post Vatican II developments such as synodality a coherent picture of episcopal togetherness is presented What becomes clear is that unity among Christ s disciples and their successors is not simply an ideal but rather a constitutive element of their office They are called to love as Christ loved expressed above all through genuine friendship with one another The consequences of this fraternity and communio have implications in areas such as spirituality preaching and fraternal correction among others This second feature the implications of episcopal fraternity and communio are explored through Archbishop Fisher s twenty years of experience as a bishop of the Catholic Church By providing concrete examples of lived episcopal fraternity and communio Fisher offers a glimpse into both the challenges and fruits of living out Christ s call that they might all be one Jn 17 21

Analogia Andrew Louth, Sotiris Mitralaxis, Dimitris Salapatas, Edward A. Siecienski, Thomas O'Loughlin, George E. Demacopoulos, Manuel Sumares, Adam A.J. DeVille, Jonathan Goodall, 2022-03-04 The beginning of the Roman Catholic Orthodox Theological dialogue during the 20th century raised to some high hopes for an imminent canonical unity between the two Denominations and this though premature is not of course to be blamed it is impossible for any contemporary Christian theologian not to suffer from the division within this very womb of the ontological unification of all things which is the Church of Christ precisely because this division gives to many the impression of a fragmentation of the Church s very being and subsequently weakens her witness

It is the Spirit Who Gives Life Radu Bordeianu, 2022-04-22 Who is the Holy Spirit What is the Holy Spirit The answers to these questions were so obvious in the first centuries of Christian history that the New Testament and the earliest Christian writers did not feel the need to deliberately address the identity of the Spirit The more stringent question was this what does the Spirit do in the Hebrew Scriptures in the life of Jesus in the community of disciples in the Church and in the world These same questions however did not have the same obvious answers to subsequent generations Writing in the fourth century Gregory of Nazianzus observed a slow progress of better understanding the identity and mission of the Holy Spirit throughout the centuries his opponents still referred to the Spirit as a strange unscriptural and interpolated God Or 31 One would expect that today centuries later pneumatology would be exponentially further developed than in the patristic era And yet contemporary theology only rarely asks who the Spirit is and what the Spirit does That is where the present volume attempts to bring a contribution by addressing early Pneumatologies reflected in the Scriptures and the age of the martyrs historical developments in patristic literature and spiritual writings and contemporary pneumatological themes as they relate to ecumenism ecology science ecclesiology and missions The present volume gathers essays authored by eleven world renowned theologians Each contribution originated as a public lecture addressed to theologians and an educated general audience followed by a private colloquium in which the lecturers conferred with scholars who are experts in the field Thus the present volume offers a multifaceted approach to Pneumatology in an ecumenical spirit

Understanding the Diaconate W. Shawn McKnight, 2018-07-13 What is a deacon More than fifty years since the restoration of the permanent diaconate by the Second Vatican Council the office of deacon is still in need of greater specificity about its purpose and place within the mission and organizational structure of the Church While the Church is more than a social reality the Church nonetheless has a social reality Our understanding of the diaconate therefore benefits from a theological discussion of the divine element of the Church and a sociological examination of the human element Understanding the Diaconate adds the resources of sociology and anthropology to the theological sources of scripture liturgy patristic era texts theologians and magisterial teachings to

conclude that the deacon can be understood as social intermediary and symbol of *communitas* who serves the participation of the laity in the life and mission of the Church This research proposes the deacon as a servant of the bond of communion within the Church facilitating the relationship between the bishop priest and his people and between the People of God and the individual in need Thus authentic diaconal ministry includes a vast array of many concrete contexts of pastoral importance where one does more than simply serve at Mass

The Pope Gerhard Cardinal Muller, Gerhard Ludwig Müller, 2021-10-22 This book offers an introduction to the theological and historical aspects of the papacy an office and institution that is unique in this world Throughout its history up to our present time the Petrine ministry is both fascinating and challenging to people both inside and outside the Catholic Church Gerhard Cardinal Müller speaks from a particular and personal viewpoint including his experience of working closely with the pope every day as Prefect of the Congregation for the Doctrine of the Faith He addresses in particular those dimensions of the papal office which are crucial for understanding more deeply the pope as a visible principle of the church's unity 500 years after the Protestant reformation the book offers insights into the ecumenical controversies about the papacy throughout the centuries in their historical context The book also exposes prejudices and clichés and points to the authentic foundation of the Petrine ministry

Signs of the Presence Sergii Sannikov, 2025-09-30 The Baptist movement is often interpreted through the lens of rationalism because of its declared anti sacramentalism particularly within the Eastern European context Yet the reality is that many churches engage with the mystery of divine presence and have done so since the origins of the movement In this study Dr Sergii Sannikov explores sacramentalism focusing on the theology of baptism the eucharist and the laying on of hands in the Eastern European Baptist tradition Analyzing the seven most common Baptist views on baptism Sannikov demonstrates a robust baptismal theology as a divine human encounter He traces the eucharist's historical roots and examines its different cultural and theological understandings to help readers see the fullness of the Lord's supper while avoiding mistaken understandings of its ordinances Sannikov goes on to examine various aspects within Baptist church life such as the laying on of hands ordination imposition of the sick and blessing marriages and children in addition to preaching and worship Filled with rich scholarship and practical application this book highlights that church activity is much more than bare symbolism it is the very real presence of Christ in the life of the church inviting every believer to experience divine encounter

Preaching to Latinos Michael Kueber, Michael I. Kueber, 2022-11-08 There is a wide and growing gap in the Catholic Church in the United States between the clergy who are mostly of European descent and the large percentages of Catholics who identify as Latinos While the US Church has made a concerted effort to build Hispanic ministries many clergy and lay ministers are still ill equipped to understand the cultural background of their parishioners especially the large numbers who are foreign born Because of this disconnect the Church risks missing the Hispanic Moment in the US Church in which the faith and traditions of these newest waves of US immigration could not just exist in parallel to English language congregations but enrich and enliven the faith of

the whole community while passing on the faith to subsequent generations Learning Spanish while helpful is not enough There are intercultural competencies that can only be developed through practice but it also helps already busy clergy to have a concise guide In addition to knowing the scholarly literature on cross cultural preaching and Hispanic culture Father Michael Kueber has twenty years of experience serving first generation Hispanic immigrants and their second generation children In *Preaching to Latinos* Kueber provides the readers with best practices for preaching to and leading their churches As a member of an ecumenical community he is able to speak to members of all Christian denominations
