A Theology For The Social Gospel Library Of Theological Ethics:

A Theology for the Social Gospel Walter Rauschenbusch, 1997-01-01 A Theology for the Social Gospel is undoubtedly Walter Rauschenbusch's most enduring work. It is here that Rauschenbusch, the father of the social gospel in the United States, articulates the theological roots of social activism that surged forth from mainline Protestant churches in the early part of the twentieth century. Skillfully examining the great theological issues of the Christian faith—sin, evil, salvation, and the kingdom of God—Rauschenbusch offers a powerful justification for the church to fully engage society. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field.

Twentieth-century Shapers of Baptist Social Ethics Larry L. McSwain, William Loyd Allen, 2008 Twentieth Century Shapers of Baptist Social Ethics provides an overview of the major historical framework within which Baptists emerged with significant contributions to Christian social thought and action in the twentieth century. This book provides a summary of the life, principal ideas, writings, and most significant contributions of nineteen Baptists since 1900.

Womanist Theological Ethics Katie Geneva Cannon, Emilie Maureen Townes, Angela D. Sims, 2011-01-01 Writing across theological disciplines, nine African American women scholars reflect on what it means to live as responsible doers of justice. With some classic essays and some contributions published here for the first time, each chapter in this new volume in the Library of Theological Ethics series presents analytical strategies for understanding the story of womanist scholarship in the service of the black community. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field.

[An Interpretation of Christian Ethics](#) Reinhold Niebuhr, 2012-12-04 This 1935 book answered some of the theological questions raised by Moral Man and Immoral Society (1932) and articulated for the first time Niebuhr's theological position on many issues.

The Structure of Christian Ethics Joseph Sittler, 1998-01-01 Originally published in 1958, The Structure of Christian Ethics is Joseph Sittler's lucid interpretation of a truly Christological approach to moral behavior. Recognizing the need for the church to engage society, Sittler contends that Christian ethics is not situational as suggested by his contemporary Joseph Fletcher, but rather conformation with Christ. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field.

Christian Ethics and Political Economy in North America Peter Travis Kroeker, 1995 In this religious and moral critique of liberalism Travis Kroeker analyses how religious ethical discourse is changed when it is translated into the economic policy discourse of North American liberalism Focusing on influential representatives of contemporary *Globalization and the Mission of the Church* Neil J. Ormerod, Shane Clifton, 2011-10-27 Various social political economic and cultural commentators are presently arguing that human history is reaching a decisive stage in its development a stage marked by increased interconnection between peoples the compression of space and time a sharing of ideas at unprecedented levels global trade and finance and so on The shorthand word used to encompass these phenomena is globalization Some embrace it others reject it while still others dispute its existence But with the abundance of literature and debate that it generates the topic cannot be ignored From its inception in the missionary mandate of Jesus Matthew 28 Christianity has had a global dimension to its mission Christianity is not a spectator to globalization but one of its agents one of the forces at work which have extended interconnection between peoples shared ideas and promoted social political and cultural links The purpose of the present work is not to provide a complete response to the question of the mission of the church in a globalizing world but to establish a framework within which answers may be sought Grounded in the writings of Bernard Lonergan and Robert Doran it develops a theology of history and addresses the church's response to the impact of globalization on vital social cultural personal and religious values The project brings together the perspectives of Catholicism and Pentecostalism the former providing a depth of wisdom and tradition the latter drawing on the insight of a newly emerging movement that has taken root in every continent with remarkable energy and enthusiasm
