### Description :

*How should pro-democratic forces safeguard representative government from anti-democratic forces? By granting rights of participation to groups that do not share democratic values, democracies may endanger the very rights they have granted but denying these rights may also undermine democratic values. Alexander Kirshner offers a set of principles for determining when one may*

# A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism

**Eric W. Cheng**

## **A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism:**

**A Theory of Militant Democracy** Alexander S. Kirshner, 2014-01-07 How should pro democratic forces safeguard representative government from anti democratic forces By granting rights of participation to groups that do not share democratic values democracies may endanger the very rights they have granted but denying these rights may also undermine democratic values Alexander Kirshner offers a set of principles for determining when one may reasonably refuse rights of participation and he defends this theory through real world examples ranging from the far right British Nationalist Party to Turkey s Islamist Welfare Party to America s Democratic Party during Reconstruction

**A Theory of Militant Democracy** Alexander S. Kirshner, 2014-01-07 How should pro democratic forces safeguard representative government from anti democratic forces By granting rights of participation to groups that do not share democratic values democracies may endanger the very rights they have granted but denying these rights may also undermine democratic values Alexander Kirshner offers a set of principles for determining when one may reasonably refuse rights of participation and he defends this theory through real world examples ranging from the far right British Nationalist Party to Turkey s Islamist Welfare Party to America s Democratic Party during Reconstruction

**Democracy Despite Itself** Benjamin A. Schupmann, 2024 Democracy is in decline largely because of the legal actions of anti democratic actors working within the system Incorporating the work of John Rawls and Carl Schmitt Democracy despite Itself argues that tactics of militant democracy including constitutional entrenchment offer protection against the dissolution of liberal democracy

**The Insurgent's Dilemma** David H. Ucko, 2022-06-01 Despite attracting headlines and hype insurgents rarely win Even when they claim territory and threaten governmental writ they typically face a military backlash too powerful to withstand States struggle with addressing the political roots of such movements and their military efforts mostly just mow the grass yet for the insurgent the grass is nonetheless mowed and the armed project must start over This is the insurgent s dilemma the difficulty of asserting oneself of violently challenging authority and of establishing sustainable power In the face of this dilemma some insurgents are learning new ways to ply their trade With subversion spin and disinformation claiming centre stage insurgency is being reinvented to exploit the vulnerabilities of our times and gain new strategic salience for tomorrow As the most promising approaches are refined and repurposed what we think of as counterinsurgency will also need to change The Insurgent s Dilemma explores three particularly adaptive strategies and their implications for response These emerging strategies target the state where it is weak and sap its power sometimes without it noticing There are options for response but fresh thinking is urgently needed about society legitimacy and political violence itself

**Populist Parties and Democratic Resilience** Ben Crum, Alvaro Oleart, 2023-02-02 Populist Parties and Democratic Resilience focuses on populist parties as the main agents of populism and examines when these parties turn anti democratic and when they remain loyal to the democratic system Following the Brexit referendum the election of Donald Trump and the rise of populist parties around the globe many

observers suggested that democracy was in serious trouble Nevertheless while some democratic systems have been seized by populists most of them have proven resilient In this volume the authors identify the conditions under which populist parties become inimical to political and societal pluralism They offer in depth analyses of the trajectory of populist parties in eleven European Union countries Austria Belgium Czech Republic France Germany Hungary Italy The Netherlands Poland Romania and Spain The book shows that reflecting the diversity of national contexts there are multiple pathways whereby populist parties power can remain contained and subject to democratic checks and balances Moreover populist parties can at times voluntarily at other times by force of external conditions come to adhere to the democratic rules of the game On this basis the volume outlines different ways in which European democracies can successfully accommodate populist parties through strategies that carefully navigate between the extremes of uncritical acceptance and outright ostracization Drawing on the literature on democratic theory and comparative politics this book directly contributes to the public debate on the state of democracy in Europe It will be of interest to researchers of comparative politics European politics party politics democracy and populism

*Carl Schmitt's State and Constitutional Theory* Benjamin A. Schupmann, 2017 Can a constitutional democracy commit suicide Can an illiberal antidemocratic party legitimately obtain power through democratic elections and amend liberalism and democracy out of the constitution entirely In Weimar Germany these theoretical questions were both practically and existentially relevant By 1932 the Nazi and Communist parties combined held a majority of seats in parliament Neither accepted the legitimacy of liberal democracy Their only reason for participating democratically was to amend the constitution out of existence This book analyses Carl Schmitt's state and constitutional theory and shows how it was conceived in response to the Weimar crisis Right wing and left wing political extremists recognized that a path to legal revolution lay in the Weimar constitution's combination of democratic procedures total neutrality toward political goals and positive law Schmitt's writings sought to address the unique problems posed by mass democracy Schmitt's thought anticipated constrained or militant democracy a type of constitution that guards against subversive expressions of popular sovereignty and whose mechanisms include the entrenchment of basic constitutional commitments and party bans Schmitt's state and constitutional theory remains important the problems he identified continue to exist within liberal democratic states Schmitt offers democrats today a novel way to understand the legitimacy of liberal democracy and the limits of constitutional change

**Politicizing Political Liberalism** Gabriele Badano, Alasia Nuti, 2024-07-12 How should broadly liberal democratic societies stop illiberal and antidemocratic views from gaining influence while honouring liberal democratic values This question has become particularly pressing after the recent successes of right wing populist leaders and parties across Europe in the US and beyond This book develops a normative account of liberal democratic self defence that denounces the failures of real world societies without excusing those supporting illiberal and antidemocratic political actors This account is innovative in focusing not only on the role of the state but also on the duties of nonstate actors including

citizens partisans and municipalities Consequently it also addresses cases where the central government has at least been partly captured by illiberal and antidemocratic agents Gabriele Badano and Alasia Nuti s approach builds on John Rawls s treatment of political liberalism and his awareness of the need to contain unreasonable views that is views denying that society should treat every person as free and equal through a mutually acceptable system of social cooperation where pluralism is to be expected The authors offer original solutions to vexed problems within political liberalism by putting forward a new account of the relation between ideal and non ideal theory explaining why it is justifiable to exclude unreasonable persons from the constituency of public reason and showing that the strictures of public reason do not apply to those suffering from severe injustice In doing so the book further politicizes political liberalism and turns it into a framework that can insightfully respond to the challenges of real politics

**Fragile Democracies** Samuel Issacharoff, 2015-06-17 This book examines how constitutional courts can support weak democratic states in the wake of societal division and authoritarian regimes

The Oxford Handbook of American Election Law Eugene D Mazo, 2024-11 Election law plays a critical role in regulating the political arena at a time when Americans are witnessing unprecedented levels of polarization The Oxford Handbook of American Election Law provides a comprehensive overview of the field a survey of core themes and summaries of the most pressing debates Bringing together 47 leading scholars of election law the Handbook offers readers a clearly written guide to aid navigation through this complex area tackling controversial issues and situating them within the field s ongoing scholarly dialogue Unparalleled in the breadth and depth of its coverage The Oxford Handbook of American Election Law is an invaluable resource for scholars students policymakers and practitioners

On Extremism and Democracy in Europe Cas Mudde, 2016-03-17 On Extremism and Democracy in Europe is a collection of short and accessible essays on the far right populism Euroscepticism and liberal democracy by one of the leading academic and public voices today It includes both sober fact based analysis of the often sensationalized rise of the far right in Europe as well as passionate defence of the fundamental values of liberal democracy Sometimes counter intuitive and always thought provoking Mudde argues that the true challenge to liberal democracy comes from the political elites at the centre of the political systems rather than from the political challengers at the political margins Pushing to go beyond the simplistic opposition of extremism and democracy which is much clearer in theory than in practice he accentuates the internal dangers of liberal democracy without ignoring the external threats This book is essential reading for anyone interested in European politics extremism and or current affairs more generally

**The Oxford Handbook of Norwegian Politics** , 2025-09-15 The Oxford Handbook of Norwegian Politics provides a comprehensive examination of Norway s political institutions politics public policy making and international relations As the introductory chapter highlights Norway has traditionally been characterized as a stable homogeneous corporatist and consensus oriented democracy At the same time it is well established that many of the country s distinctive features have been challenged and have perhaps declined in recent decades Norway

has evolved in the face of rapid economic growth significant government access to massive oil revenues deindustrialization public sector expansion increasing cultural pluralism and economic inequality as well as growing party system fragmentation and the decline of the once dominant social democratic party This Handbook gives readers an updated account of major political developments and what characterizes Norway's politics compared to other countries in Scandinavia and beyond The diverse set of authors selected for their in depth knowledge and extensive expertise offer valuable insights into the different aspects of Norwegian politics Each chapter offers foundational knowledge about the present Norwegian system while presenting state of the art overviews of key issues and findings drawn from the most relevant research in the respective fields The authors also provide original analyses of more specialized topics or trace historical developments and overarching trends With over seventy contributors and written in an accessible manner this Handbook is an indispensable resource for understanding Norwegian politics

**Compromises in Democracy** Sandrine Baume,Stéphanie Novak,2020-05-26 This book provides an interdisciplinary examination of the relationship between compromise and democracy Compromises have played a significant role in our representative democracies and yet the nature of the relationship between compromise and democracy has generally raised tricky theoretical questions and generated ambiguous evaluations This book focuses on the relationship between compromise and liberal democracies from both a cultural and institutional perspective and addresses new and lesser explored aspects of the relationship It explores a variety of topics including compromise and incommensurable values antagonist paradigms compromise and majority decisions compromise and publicity compromise and post conflict societies compromise and anti system political parties and compromise and the understanding of political representation Compromises in Democracy offers an original perspective on the topic by assembling contributions from the fields of philosophy sociology political theory political science and history of ideas

**Civil Democracy Protection** Uwe Backes,Thomas Lindenberger,2023-12-20 Civil Democracy Protection is an overview of attempts by organisations to oppose groups that are perceived to threaten democracy The book traces the history of civil democracy protection actors from the establishment of democratic constitutional states up to the present day and develops a set of systematic and comparative approaches The central question it explores is What significance do civil actors have for the establishment and consolidation of democratic constitutional states especially in relation to the protection of democracy by state institutions The volume includes contributions from historians and social scientists who combine idiographic approaches that focus on the specifics of individual cases with nomothetic approaches that aim to provide generalisable insights incorporating historical experiences from various European countries and the USA in the 20th and early 21st century This book will be of interest to scholars of democracy protection civil society consolidation of democracy and anti extremism The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution CC BY 4.0

International license **Militant Democracy - Political Science, Law and Philosophy** Afshin Ellian,Bastiaan

Rijkema,2018-11-15 This volume offers an up to date overview of the much debated issue of how a democracy may defend itself against those who want to subvert it The justifications effectiveness and legal implications of militant democracy are discussed by addressing questions as How can militant democracy measures such as party bans be justified Why is it that some democracies ban antidemocratic parties Does militant democracy succeed in combatting right wing extremism And is militant democracy evolving into an internationalized legal and political concept Bringing together experts and perspectives from political science law and philosophy this volume advances our understanding of the current threats to democracy a political system once thought almost invincible It is especially timely in the light of the rise of illiberal democracy in the EU the increasingly authoritarian rule in Turkey the steady shift to autocracy in Russia and the remarkable election of Trump in the US

**Hanging Together** Eric W. Cheng,2022-07-21 Difference and disagreement can be valuable yet they can also spiral out of control and damage liberal democracy Advancing a metaphor of citizenship that the author terms role based constitutional fellowship this book offers a solution to this challenge Cheng argues that a series of divisions of labor among citizens differently situated can help cultivate the foundational trust required to harness the benefits of disagreement and difference while preventing them from overheating and in turn from leaving liberal democracy vulnerable to the growing influence of autocratic political forces The book recognizes however that it is not always appropriate to attempt to cultivate trust and acknowledges the important role that some forms of confrontation might play in identifying and rectifying undue social hierarchies such as racial ethnic hierarchies Hanging Together thereby works to pave a middle way between deliberative and realist conceptions of democracy

**Organizing Against Democracy** Antonis A. Ellinas,2020-01-30 Using novel data the book develops a new theory on how European far right parties establish roots in local societies

The Political Thought of the Civil War Alan Levine,Thomas W. Merrill,James R. Stoner, Jr.,2019-08-08 Why does the Civil War still speak to us so powerfully If we listen to the most thoughtful forceful and passionate voices of that day we find that many of the questions at the heart of that conflict are also central to the very idea of America and that many of them remain unresolved in our own time The Political Thought of the Civil War offers us the opportunity to pursue these questions from a new critical perspective as leading scholars of American political science history and literature engage in some of the crucial debates of the Civil War era and in the process illuminate more clearly the foundation and fault lines of the American regime The essays in this volume use practical dilemmas of the Civil War to reveal and probe fundamental questions about the status of slavery and race in the American founding the tension between moralism and constitutionalism and the problem of creating and sustaining a multiracial society on the basis of the original principles of the American regime Adopting a deliberative approach the authors revisit the words and deeds of the most important political actors of era from William Lloyd Garrison John C Calhoun and Abraham Lincoln to Alexander Stephens and Frederick Douglass with reference to the American Founders and the architects of Reconstruction The essays in this volume consider the difficult choices each of

these figures made the specific problems they were responding to and the consequences of those choices As this book exposes and explores the theoretical principles at play within their historical context it also offers vivid reminders of how the great controversies surrounding the Civil War continue to shape American political life to this day

**Divine Democracy** Miguel E. Vatter, 2021 Liberal democracies assume neutrality toward the religious beliefs of its citizens the legal system is supposed to determine guilt or innocence without religious prejudice First coined by Carl Schmitt political theology questions these widely held assumptions It describes how political and legal concepts were derived from theological ones dissolving the connection between the public sphere and secularism In this intellectual history Miguel Vatter reconstructs how and why the discourse of political theology was adopted and repurposed by anti Schmittian thinkers to bolster the legitimacy of liberal democratic government Ultimately he shows to what extent contemporary democracy rests on theological assumptions Book jacket

**Deliberative Democracy for Diabolical Times** André Bächtiger, John S. Dryzek, 2024-04-04 Democracy today faces deep and complex challenges especially when it comes to political communication and the quality of public discourse Dishonest and manipulative communication amplified by unscrupulous politicians and media pervades these diabolical times enabling right wing populism extremism truth denial and authoritarianism to flourish To tackle these issues we need to encourage meaningful deliberative communication creating spaces for reflective and constructive dialogue repairing unhealthy public spheres while preserving healthier ones and building discursive bridges across deep divides Citizens who see through elite manipulations should be at the core of this response especially if bad elite behavior is to be effectively constrained Democratic activists and leaders diverse interpersonal networks resilient public spheres deliberative innovations and clever communication strategies all have vital roles to play in both defending and renewing democracy Healthy discursive infrastructures can make democracies work again

Legitimate Opposition Alexander S. Kirshner, 2022-09-20 The first theory of legitimate opposition in fifty years In political systems defined by legitimate opposition those who hold power allow their rivals to peacefully challenge and displace them and those who have lost power do not seek to sabotage the winners Legitimate opposition came under assault at the American capitol on January 6 2021 and is menaced by populists and autocrats across the globe Alexander Kirshner provides the first sustained theory of legitimate opposition since the Cold War On the orthodox view democracy is lost when legitimate opposition is subverted But efforts to reconcile opposition with democracy fail to identify the value of the frequently imperfect unfair and inequalitarian real world practice Marshaling a revisionist reconstruction of opposition s history Kirshner s book provides a new account of opposition s value fit for the twenty first century and shows why given the difficult conditions of political life legitimate opposition is an achievement worth defending

## **A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism** Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. ### **A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to

locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism is one of the best book in our library for free trial. We provide copy of A Theory Of

Militant Democracy The Ethics Of Combatting Political Extremism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism. Where to download A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism online for free? Are you looking for A Theory Of Militant Democracy The Ethics Of Combatting Political Extremism PDF? This is definitely going to save you time and cash in something you should think about.
