The genre really took off following the explosion of furry fandom in the 21st century with talking animals featuring in everything from science fiction to fantasy to LGBTQ coming-out stories. In his lifetime, Fred Patten (1940-2018) was one of the founders of furry fandom and a scholar of anthropomorphic animal literature. He authored hundreds of book reviews that comprise a comprehensive critical survey of the genre. This selected compilation provides an overview from 1784 through the 2010s, covering such popular novels as *Watership Down* and *Redwall* along with forgotten gems like *The Stray Lamb* and *Where the Blue Begins* and science-fiction works like *Sundiver* and *Decision at Doona*.

30-Second Literature Ella Berthoud, 2020-03-03 Whether you're looking for a new author or genre to explore, *30 Second Literature* provides you with summaries of the major literary genres, styles, and histories. Part of the *30 Second* series, this introductory guide to literature is split into 7 chapters that cover The History of Literature from Sanskrit to Modernism, The Novel in all its glorious genres, Literary Prose (non-fiction from diaries to philosophies), Poetry from the sonnet to the haiku, Drama, interesting theatrical forms and genres, Literary Devices (the techniques authors use in their works), Literary Styles (the features and history of different styles of writing). Each topic is summarized in 300 words and contains a small bibliography for you to expand your bookworm horizons. You can also brush up on literary terms ahead of that book club meeting as each chapter features its own glossary. Interspersed throughout the book are profiles of key literary figures that have impacted one of our most beloved hobbies. Literature is not just any written work; it is work that has stood the test of time, that is most widely thought to be of lasting merit. Just how particular books are elevated to literary status reflects the values and judgements of society and mirrors the development of civilisation. This book is a broad overview of the multitude of voices used to describe our human experience. If you like this, you might also be interested in *30 Second Mythology*.
