The Watch Tower By Elizabeth Harrower:

Elizabeth Harrower Susan Wyndham, 2025-10-01 At last I read her books reminding myself to breathe wondering if her characters could extricate themselves from her finely spun web of psychological torment I seized my chance to interview Elizabeth Harrower again Elizabeth Harrower wrote some of the most intense original and highly regarded novels of the twentieth century Then she abruptly stopped writing in the 1970s and became one of the most puzzling mysteries of Australian literature Why didn't she continue Harrower gave evasive answers to friends and interviewers and only since her death in 2020 has a deeper search been possible In this definitive biography renowned journalist and writer Susan Wyndham grapples with the elusive Harrower She immerses us in the author's tumultuous family her complex friendships with Patrick White Christina Stead Kylie Tennant and Shirley Hazzard and her timeless probing of the human spirit in five remarkable novels Drawing on time spent with Harrower revealing analysis of her fiction and new research Wyndham unmask a literary legend Elizabeth Harrower The woman in the watch tower is the first and perhaps final word on one of Australia's most brilliant and bedevelling writers Like Harrower's Wyndham's prose is meticulously observed emotionally attuned and full of grace insight and vision It's a fantastic achievement Dominic Amerena This is an extraordinary biography of one of the finest and most important Australian writers Elizabeth Harrower In a braiding so skilled you can't see it Susan Wyndham takes us from Harrower's life into her work and her friendships and then back into her work and life This is a deceptively simple beautifully detailed psychologically acute portrait worthy of its subject Anna Funder This is a wonderful book It gives us the complexities of Harrower's life and of her fascinating character so naive and at the same time so intelligent her prickly diffidence coupled with a kind of gormless passion And it sets her compellingly into the decades when modern Australian literature was coming into being An indispensable contribution to Australian writing Brigitta Olubas This much awaited biography peels back the layers on Australian literary legend Elizabeth Harrower who died in 2020 after decades as an enigmatic figure Melanie Kembrey SMH The Age A sympathetic and illuminating exploration of the life and work of one of post war Australia's most significant writers Books Publishing **Elizabeth Harrower** Nicholas Birns, Megan Nash, Ivor Indyk, Michelle de Kretser, Fiona McFarlane, Elizabeth Webby, Brigid Rooney, Julian Murphet, Kate Livett, 2017-09-28 Elizabeth Harrower Critical Essays is the first sustained study of this acclaimed Australian author It brings together two celebrated novelists and ten noted critics of Australian literature to consider the legacy and continuing importance of this major literary figure The essays examine all of Harrower's published fiction from her first short story to the long delayed publication of In Certain Circles in 2014 Together they provide a wide ranging introduction to the extraordinary imaginative and intellectual project of her work They explore her engagement with twentieth century history and post war society with modernism and modernity and with the personal impacts of mass media technology and industry They demonstrate her grasp of the ethical and philosophical challenges confronting her readers and characters in late modernity as seen from a number of distinctive

vantage points including the harbourside mansions and commercial centres of post war Sydney the suburbs of industrial Newcastle and the bed sitters of expatriate London in the 1960s Together they offer new insights into an Australian writer at the crossroads of modernism and postmodernism inviting readers to read and re engage with Harrower s work in a new light

Contemporary Australian Literature Nicholas Birns,2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia s distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In Contemporary Australian Literature A World Not Yet Dead Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella **The**

Joan London Lit Hub Elizabeth Harrower s thrilling 1966 novel The Watch Tower comes rampaging back from decades of disgraceful neglect a wartime Sydney story of two abandoned sisters and the arrival in their lives of Felix one of literature s most ferociously realised nasty pieces of work Helen Garner Australian A superb psychological novel that will creep into your bones Michelle de Kretser The Monthly I read The Watch Tower with a mixture of fascination and horror It was impossible to put down Her acute psychological assessments are made from gestures language and glances and she is brilliant on power isolation and class Ramona Koval Australian To create a monster as continually credible comic and nauseating as Felix is a feat of a very high order But to control that creation as Miss Harrower does so that Clare remains the centre of interest is an achievement even more rare The Watch Tower is a triumph of art over virtuosity a dense profoundly moral novel of our time

Suburban Space, the Novel and Australian Modernity Brigid Rooney, 2018-11-15 Suburban Space the Novel and Australian Modernity investigates the interaction between suburbs and suburbia in a century long series of Australian novels It puts the often trenchantly anti suburban rhetoric of fiction in dialogue with its evocative and imaginative rendering of suburban place and time Suburban Space the Novel and Australian Modernity rethinks existing cultural debates about suburbia in Australia and elsewhere by putting novelistic representations of suburbs suburban interiors homes streets forms and lives over time in dialogue with the often negative idea of suburbia in fiction as an amnesic and conformist cultural wasteland Suburban space the novel and Australian modernity shows in other words how Australian novels dramatize the collision between the sensory terrain of the remembered suburb and the cultural critique of suburbia It is through such contradictions that novels create resonant mental maps of place and time Australian novels are a prism through which suburbs as sites of everyday colonization defined by successive waves of urban development are able to be glimpsed sidelong Australian Literary Studies ,1991 Looking for Elizabeth Helen Trinca, 2025-07-15 The full story of an Australian literary enigma Why did Elizabeth Harrower one of Australia's most important postwar authors stop writing at the height of her powers After publishing four books that earned the admiration of Patrick White Shirley Hazzard and Christina Stead Harrower published no more novels She faded from the literary landscape until being rediscovered decades later to international acclaim In Looking for Elizabeth Helen Trinca unravels this mystery Exploring the personal and artistic forces that shaped Harrower's writing she draws a sensitive portrait of a wounded divorced child and the legacy of abandonment she carried throughout her life She probes the contradictions of a woman who wielded extraordinary insight into others lives but guarded her own fiercely And she vividly brings to life the literary circles of this fascinating era in Australian culture Based on interviews with Harrower and full access to her archive Looking for Elizabeth is the first full biography of this significant figure in Australian letters A masterful deep dive into the enigmatic life of a writer who stunned and then stopped This is a monumental addition to Australian literary biography that's destined to become a classic Nikki Gemmell A biography that is every bit as beguiling and complex as its towering subject Exacting exhaustive and utterly essential The more I read the more compelled I felt to cut out a picture of Elizabeth Harrower and stick it above my writing desk Trent Dalton

A wry and powerful novel of family entanglements Sydney Morning Herald **Tourmaline** Randolph Stow, 2015-08-26 There is no stretch of land on earth more ancient than this. And so it is blunt and red and barren littered with the fragments of broken mountains flat waterless. *Tourmaline* in outback Western Australia is dying its mines lie abandoned and drought has taken hold. When the enigmatic diviner Michael Random emerges from the desert desperate townspeople see him as a messiah. Random begins to spread the word of God and to promise them water that most precious resource. Both a complex spiritual parable and an enduring apocalyptic vision *Tourmaline* is Randolph Stow's most controversial novel. Julian Randolph Mick Stow was born in Geraldton Western Australia in 1935. He attended local schools before boarding at Guildford Grammar in Perth where the renowned author Kenneth Mackenzie had been a student. While at university he sent his poems to a British publisher. The resulting collection *Act One* won the Australian Literature Society's Gold Medal in 1957 as did the prolific young writer's third novel *To the Islands* the following year. *To the Islands* also won the 1958 Miles Franklin Literary Award. Stow reworked the novel for a second edition almost twenty-five years later but never allowed its two predecessors to be republished. He worked briefly as an anthropologist's assistant in New Guinea an experience that subsequently informed *Visitants* one of three masterful late novels then fell seriously ill and returned to Australia. In the 1960s he lectured at universities in Australia and England and lived in America on a Harkness fellowship. He published his second collection of verse *Outrider* the novel *Tourmaline* on which critical opinion was divided and his most popular fiction *The Merry Go Round in the Sea* and *Midnite*. For years afterwards Stow produced mainly poetry libretti and reviews. In 1969 he settled permanently in England first in Suffolk then in Essex where he moved in 1981. He received the 1979 Patrick White Award. Randolph Stow died in 2010 aged seventy-four. A private man a prodigiously gifted yet intermittently silent author he has been hailed as the least visible figure of that great twentieth century triumvirate of Australian novelists whose other

members are Patrick White and Christina Stead Praise for Tourmaline Intense and extraordinary Spectator Brilliantly evocative disturbing Meanjin A member of the Australian literary triumvirate that included Patrick White and Christina Stead Stow was an original and this is an unsung 1963 classic with which to reckon Favourite Fiction and Non Fiction of 2016 Irish Times
