Tis Frank McCourt 2 By Frank McCourt:

The Theatre of Sean O'Casey James Moran, 2013-12-04 This Critical Companion to the work of one of Ireland's most famous and controversial playwrights Sean O'Casey is the first major study of the playwright's work to consider his oeuvre and the archival material that has appeared during the last decade. Published ahead of the centenary of the 1916 Easter Rising in Ireland with which O'Casey's most famous plays are associated, it provides a clear and detailed study of the work in context and performance. James Moran shows that O'Casey not only remains the most performed playwright at Ireland's national theatre but that the playwright was also one of the most controversial and divisive literary figures whose work caused riots and who alienated many of his supporters. Since the start of the Troubles in the North of Ireland, his work has been associated with Irish historical revisionism and has become the subject of debate about Irish nationalism and revolutionary history. Moran's admirably clear study considers the writer's plays, autobiographical writings and essays, paying special attention to the Dublin trilogy *The Shadow of a Gunman*, *Juno and the Paycock* and *The Plough and the Stars*. It considers the work produced in exile during the war and the late plays *The Companion*. Also features a number of interviews and essays by other leading scholars and practitioners including Garry Hynes, Victor Merriman and Paul Murphy, which provide further critical perspectives on the work.

the boat He gets a job at the Biltmore Hotel where he immediately encounters the vivid hierarchies of this classless country and then is drafted into the army and is sent to Germany to train dogs and type reports It is Frank s incomparable voice his uncanny humor and his astonishing ear for dialogue that renders these experiences spellbinding When Frank returns to America in 1953 he works on the docks always resisting what everyone tells him that men and women who have dreamed and toiled for years to get to America should stick to their own kind once they arrive Somehow Frank knows that he should be getting an education and though he left school at fourteen he talks his way into New York University There he falls in love with the quintessential Yankee long legged and blonde and tries to live his dream But it is not until he starts to teach and to write that Frank finds his place in the world The same vulnerable but invincible spirit that captured the hearts of readers in Angela s Ashes comes of age As Malcolm Jones said in his Newsweek review of Angela s Ashes It is only the best storyteller who can so beguile his readers that he leaves them wanting more when he is done and McCourt proves himself one of the very best Frank McCourt s Tis is one of the most eagerly awaited books of our time and it is a masterpiece

Rethinking Diasporas Kevin Howard,Aoileann Ní Éigeartaigh,2008-12-18 Central to the aim of both this book is to rethink the concept of diaspora as it is used both academically and popularly at the beginning of the twenty first century It seeks to interrogate the notion of diaspora in an interdisciplinary way and to explore the contradictions inherent in contemporary notions of place and identity It presents explorations of both traditional diasporas such as the Irish community in the United States and in Great Britain as well as recently established diasporas being formed through new patterns of migration and resettlement Traditional conceptions of diaspora focused on forced exile from the homeland and the adoption of conscious strategies of integration upon arrival in the new land In the past it was assumed that migrants would rapidly assimilate into their receiving societies Alternatively migrant workers were regarded by themselves and their host societies as sojourners they were not expected to integrate precisely because their alien presence was perceived to be temporary Two poles then framed the traditional interpretation of migration and settlement On the one hand migrants assimilated rapidly on the other migrants were temporarily in the host land Yet the realisation both that the melting pot is a myth and that migrant workers do not in the main go home has forced an increasing acceptance of ethnic diversity This combined with ongoing improvements in travel and communications technologies facilitates today s migrants in maintaining links with their home countries The increased visibility of transnational ethnic communities and a resurgence in labour migration in the twenty first century have stimulated academic interest in both contemporary diasporas and in recovering the hidden narratives of earlier global migrations The renewed interest in the formation and narrative of diasporas is evident across a range of disciplines Moreover the meaningful exploration of any aspect of the humanities and social sciences requires an inter disciplinary approach Thus is the aim of this volume Contributors approach the issue of diaspora from a variety of academic backgrounds sociology politics history literature and the visual arts Concomitantly data sources are diverse with contributors drawing on official

government publications literary sources and personal memoirs paintings and photographs popular culture and personal interviews This diversity of data sources indicates the multifarious approaches to the exploration diaspora More importantly it highlights the critical role played by unofficial and often hidden narratives in representing the experiences of those who find themselves through a variety of political social and economic factors displaced This edited collection is a timely and precocious answer to a gap in the literature of identities and nationhood It is a response to the new challenges and opportunities facing diasporic communities and what is more sets out key pointers for rethinking diaspora in the twenty first century At a time when western states are facing the need to re evaluate traditional responses to ethnic difference arising from migration in the mid twentieth century this book posits an important perspective on the multiculturalism debate Contrary to previous political and scholarly assumptions this book shows that the children and grandchildren of immigrants can continue to have an ambiguous relationship to the state in which they were born in part because of the very nature of diaspora The enduringly complex and sometimes volatile insider outsider relationship is explored in these chapters through analysis of various narratives in textual spoken and visual forms Analysis of such hidden narratives reveals that the meaning and pertinence of membership of a diasporic community is defined as much by the context of the host country as by the discourses of the homeland Across their various sources and case studies the authors demonstrate the power of the juncture between dominant national discourses of the host state and the identity of its immigrants Each author notes how different the diasporic community in question would be not to mention the impact on its relationship to the host state and the homeland if some of narratives hidden over time were to be reclaimed As one author puts it flux in elements of identity formation in postmodern society represents a chance to engage in dialogue with our own diversity In constructing a coherent volume from such a diverse range of cases and disciplines the editors successfully demonstrate the wide validity of their case for rethinking diasporas Nonetheless the specific origins of this book a conference held in a border town in Ireland are it may be argued uniquely significant For the current process of change in Irish national identity is inseparable from central features of diaspora formation that the authors highlight including economic pressures Moreover just as the town of Dundalk has historically felt the effects of its proximity to Northern Ireland so the imagined borders of diaspora explored in this book are shown to be all the more powerful for the fact that their delineation is contested Katy Hayward Institute for British Irish Studies UCD

Irish-American Autobiography James Silas Rogers, 2017-01-27 This lively survey of the ever changing Irish American experience contains many perceptive and sometimes surprising observations The Irish Times *Irish American Autobiography* explores the evolution of Irishness in America through memoirs that describe define and redefine what it means to be Irish From athletes and entertainers to saloon keepers community activists and Catholic priests Irish Americans of all stripes share their thoughts and perceptions on their ever evolving ethnic identity Poet and Irish studies specialist James Silas Rogers begins his evocative analysis with celebrity memoirs by athletes like boxer John L Sullivan and ballplayer

Connie Mack written when the Irish were eager to put their raffish origins behind them Later he traces the many tensions registered by lesser known Irish Americans who've told their life stories South Boston step dancers set themselves against the larger culture framing their identity as outsiders looking in Even the classic 1950s sitcom *The Honeymooners* speaks to the poignant sense of exclusion felt by its creator Jackie Gleason Rogers also examines the changing role of Catholicism as a cultural touchstone for Irish Americans and examines the painful diffidence of priest autobiographers Irish American Autobiography becomes in the end a story of a continued search for connection documenting an ethnic fade that never quite happened

New Approaches to Rhetoric Patricia A. Sullivan, Steven R. Goldzwig, 2004 *New Approaches to Rhetoric* provides fresh perspectives on the study of rhetoric and its ability to affect change in today's society Although traditional approaches e.g. neo-Aristotelian to the study of rhetoric have utility for the twenty-first century communication in a complex mass-mediated postmodern age calls for new critical approaches The contributors of this volume including James Darsey Kathryn M. Olson and G. Thomas Goodnight George Cheney Dana Cloud and Barry Brummett explore possibilities for bridging rhetorical studies of the past with rhetorical studies of the future The original essays invite students to join rhetorical theorists and critics in an ongoing dialogue concerning what it means to study communication in a postmodern world Divided into three Parts *New Approaches to Rhetoric* challenges and expands the definitions, approaches and assumptions governing rhetorical scholarship Part I *Rhetoric's Ethics and Values* addresses in different ways a central question for the study of rhetoric today How and under what conditions will moral arguments be articulated in the 21st century Part II *Rhetoric Institutions and Contexts* features real-life case studies showing students the function of rhetoric in today's world Part III *Rhetoric's Cultures and Ideologies* encourages students to examine ideological approaches to criticism and issues associated with class, race and gender Features of this volume Original never before published pieces by leading rhetorical theorists and critics including James Darsey Kathryn Olson and G. Thomas Goodnight George Cheney Dana Cloud and Marouf Hasian and John M. Murphy and Thomas R. Burkholder among others Each part opens with a brief introduction to frame discussion for students Topics and case studies will appeal to students and scholars e.g. film *Disney* political keynote addresses autobiography labor union discourse Barry Brummett's Conclusion speculates on what the collection suggests about rhetoric in the 21st century and offers ideas to guide students as they contemplate the future of rhetorical studies *New Approaches to Rhetoric* is ideal for upper-level undergraduate and graduate courses in Rhetoric and in Political Communication in departments of Communication English and Political Science This book is suitable for use as either a primary or supplemental course text and will be invaluable as a general reference for scholars of rhetoric social movements and public sphere studies

The Situation Lila Glasoe Francese, 2020-05-05 *The Situation: A Radical Journey Thru Sisterhood* is an intimate portrayal of two sisters Carolyn and Lila whose lives are deeply intertwined over forty years The official FDNY response time to 9/11 was five seconds Five seconds That's how long it took for FDNY for NYPD for Port Authority EMS to

respond to an urgent need from the public Five seconds Hundreds died in an instant Thousands more poured in to continue to fight for their brothers and sisters The breathing problems started almost immediately and they were told they weren't sick they were crazy And then as the illnesses got worse and things became more apparent Well okay you're sick but it's not from the pile And then when the science became irrefutable Okay it's the pile but this is a New York issue I don't know if we have the money And I'm sorry if I sound angry and undiplomatic But I'm angry and you should be too and they're all angry as well and they have every justification to be that way Your indifference cost these men and women their most valuable commodity time It's the one thing they're running out of Jon Stewart's testimony before Congress Jon Stewart's testimony before Congress reminded America in scathing terms of their responsibility to 9/11 first responders but the effects of that day spread to nearby residents as well Carolyn Glasoe Bailey owned an art gallery in lower Manhattan and years later in Los Angeles she was diagnosed with brain cancer Her doctors told her it was mostly likely due to her proximity to Ground Zero When Jon Stewart took to CSPAN it moved Lila Glasoe Francese her sister to finally release the book she wrote about Carolyn's journey When Carolyn is diagnosed with glioblastoma brain cancer Lila is unaware of the complexity of the diagnosis and unprepared for the devastating path to come When she was told she had cancer Carolyn opted into treatment even knowing it might change her personality At that time Lila went to search for a book to help her understand what her sister was going through and what her family should expect She couldn't find anything to support her So she wrote the book she needed at the time to support others in their own journey The Situation takes readers on an emotional and intense journey that explores the lifelong bond between siblings and the aching loss of deep relationship Like When Breath Becomes Air by Paul Kalanithi and Being Mortal by Atul Gawande it deals intimately with the choices terminal patients face and the effect of those choices on those who love them CXC Let's Work with English Hazel Simmons-McDonald, Rod Ellis, 2002
