What It Is Like to Go to War Karl Marlantes, 2011-08-30 A precisely crafted and bracingly honest memoir of war and its aftershocks from the New York Times bestselling author of *Matterhorn* *The Atlantic* In 1968 at the age of twenty three Karl Marlantes was dropped into the highland jungle of Vietnam an inexperienced lieutenant in command of forty Marines who would live or die by his decisions In his thirteen month tour he saw intense combat killing the enemy and watching friends die Marlantes survived but like many of his brothers in arms he has spent the last forty years dealing with his experiences In *What It Is Like to Go to War* Marlantes takes a candid look at these experiences and critically examines how we might better prepare young soldiers for war In the past warriors were prepared for battle by ritual religion and literature which also helped bring them home While contemplating ancient works from Homer to the *Mahabharata* Marlantes writes of the daily contradictions modern warriors are subject to of being haunted by the face of a young North Vietnamese soldier he killed at close quarters and of how he finally found a way to make peace with his past Through it all he demonstrates just how poorly prepared our nineteen year old warriors are for the psychological and spiritual aspects of the journey In this memoir the New York Times bestselling author of *Matterhorn* offers a well crafted and forcefully argued work that contains

fresh and important insights into what it's like to be in a war and what it does to the human psyche *The Washington Post*

CAL Fire Training Captain Daniel Cunningham: **FEATURES** The most up-to-date benefits of yoga for first responders. More than 50 beautifully illustrated postures with instructions and specific applications related to the physical duties of a firefighter. Simple, easy-to-do mindfulness techniques you can do anywhere. **Caesar and the Lamb, Second Edition** George Kalantzis, 2025-05-30

Through the available patristic writings, *Caesar and the Lamb* focuses on the attitudes of the earliest Christians on war and military service. Kalantzis provides the reader with many new translations of pre-Constantinian texts and tells the story of the struggle of the earliest church to bear witness to the nations that enveloped them as they transformed the dominant narratives of citizenship, loyalty, freedom, power, and control. Kalantzis examines writings on war and military service in the first three centuries of the Christian church in an organized manner, but the ways the communities of Christ at the margins of power and society thought of themselves and the state are not presented here through the lens of antiquarian curiosity. At the heart of *Caesar and the Lamb* is a desire to understand the world in which Christianity arose and to ask questions of the past that may help us understand the early character of the Christian faith with the hope that such an enterprise will also help us evaluate its expression in our own time. **The Last and Greatest Battle** John Bateson, 2015 In *The Last and Greatest Battle*, the first book devoted exclusively to the problem of military suicides, John Bateson brings this neglected crisis into the spotlight.

In Defence of War Nigel Biggar, 2013-09-12 Against the domination of moral deliberation by rights talk, *In Defence of War* asserts that belligerency can be morally justified even while it is tragic and morally flawed. Recovering the early Christian tradition of just war thinking, Nigel Biggar argues in favour of aggressive war in punishment of grave injustice.

Cold Iron Stina Leicht, 2015-07-14 Fraternal twins Nels and Suvi move beyond their royal heritage and into military and magical dominion in this flintlock epic fantasy debut from a two-time Campbell Award finalist. Prince Nels is the scholarly

runt of the ancient Kainen royal family of Eledore disregarded as flawed by the king and many others Only Suvi his fraternal twin sister supports him When Nels is ambushed by an Acrasian scouting party he does the forbidden for a member of the ruling family He picks up a fallen sword and defends himself Disowned and dismissed to the military Nels establishes himself as a leader as Eledore begins to shatter under the attack of the Acrasians who the Kainen had previously dismissed as barbarians But Nels knows differently and with the aid of Suvi who has allied with pirates he mounts a military offensive with sword canon and what little magic is left in the world

Into Helmand with the Walking Dead Miles Vining, Kevin Schranz, 2020-08-31 Two marines share their experiences of serving in Afghanistan and dealing with the shock of returning home to civil society The Marines of First Battalion Ninth Marines earned their macabre moniker The Walking Dead in the Vietnam War Into Helmand with the Walking Dead follows the experiences of two Marine infantrymen from 1990 fighting in Afghanistan Following the 11 September attacks in 2001 Operation Enduring Freedom catalyzed the longest war in United States history The lives of thousands of Afghans Americans and many others were forever altered due to the ensuing war The book is a brutally honest portrayal of life and death in the Marine infantry both at war in Afghanistan and upon returning to the home front where issues of reintegration and suicide become a reality This is the tale of the young Americans who became infantrymen and conducted America's foreign policy in its most ruthless and straightforward manner But war in and of itself is only playing a small part The culture and environment from which they reentered civil society would leave them uncertain and confused as to the cataclysm they had just left This book is a testimony to their experience and the legacy of war on their generation

Kerr, 2022-03-28 2022 Bronze Living Now Book Award 2022 Foreword INDIES Book of the Year Award Trauma can feel like a labyrinth twisting on itself like a maze of despair without end or exit This seems particularly true in today's chaotic world of pandemics climate change social conflict and systemic violence Increasingly the conditions of the larger world aggravate if not cause the traumas in our individual lives However as Laura K Kerr explores in this wide ranging collection of essays not only can we heal from trauma but we can use it as an opportunity for growth and transformation changing ourselves and the world for the better Drawing from her experiences as researcher trauma survivor and psychotherapist she examines various causes of trauma details how to understand and treat trauma's effects and explores the role society plays in activating traumatic defenses Despite the weightiness of the topic Dr Kerr brings hope for lasting positive change As Dr Kerr shows the key lies in removing rigid divides like those between wounded and healer self and society When they are integrated healing becomes transformative and enduring not only for ourselves but for the increasingly traumatized world in which we live

From Achilles to Superman Joseph J. McInerney, 2025-07-25 Decades of surveys show us that the American public has lost faith in its leaders We don't really need survey data to know this is true Just peruse your favorite source of media and you will see a distrust in leaders from all sides of the political spectrum It may be the only thing

that our divided country agrees about Even the leadership education experts have lost faith in the clients they are supposed to educate After spending billions of dollars per year on leadership education those educators observe that leaders have never been less respected or more distrusted than they are today How can we escape our leadership predicament We can start with a basic insight that trust or distrust in a leader is often based on the ethics of that leader Yet many people including our leaders struggle to articulate what ethics is even about much less how it relates to leadership This book fills that gap by describing how our story of ethics has developed over the last 2 500 years and how understanding that story will help leaders regain the trust of a public that wants and needs their leaders to be worthy of trust **Proportionality in**
