Reading Like a Girl Sara K. Day, 2013-07 By examining the novels of critically and commercially successful authors such as Sarah Dessen *Someone Like You* Stephenie Meyer the *Twilight* series and Laurie R. King *Anderson Speak* *Reading Like a Girl* Narrative Intimacy in Contemporary American Young Adult Literature explores the use of narrative intimacy as a means of reflecting and reinforcing larger often contradictory cultural expectations regarding adolescent women interpersonal relationships and intimacy *Reading Like a Girl* explains the construction of narrator reader relationships in recent American novels written about adolescent women and marketed to adolescent women Sara K Day explains though that such levels of imagined friendship lead to contradictory cultural expectations for the young women so deeply obsessed with reading these novels Day coins the term narrative intimacy to refer to the implicit relationship between narrator and reader that depends on an imaginary disclosure and trust between the story's narrator and the reader Through critical examination the inherent contradictions between this enclosed imagined

relationship and the real expectations for adolescent women's relations prove to be problematic. In many novels for young women, adolescent female narrators construct conceptions of the adolescent woman reader constructions that allow the narrator to understand the reader as a confidant, a safe and appropriate location for disclosure. At the same time, such novels offer frequent warnings against the sort of unfettered confession the narrators perform. Friendships are marked as potential sites of betrayal and rejection. Romantic relationships are presented as inherently threatening to physical and emotional health. And so the narrator turns to the reader for an ally who cannot judge. The reader in turn may come to depend upon narrative intimacy in order to vicariously explore her own understanding of human expression and bonds.
