**Thousand Cranes** Yasunari Kawabata, 2011-01-06 Kikuji has been invited to a tea ceremony by a mistress of his dead father. He is shocked to find there the mistress's rival and successor Mrs Ota and that the ceremony has been awkwardly arranged for him to meet his potential future bride. But he is most shocked to be drawn into a relationship with Mrs Ota a relationship that will bring only suffering and destruction to all of them. *Thousand Cranes* reflects the tea ceremony's poetic precision with understated lyrical style and beautiful prose. **Thousand Cranes**, 1959 *Thousand Cranes* 千羽鶴, 1959

**Reading Against Culture** David Pollack, 1992 *Snow Country, and Thousand Cranes* 雪国, 1969 With the brushstroke suggestiveness and astonishing grasp of motive that won him the Nobel Prize for Literature Yasunari Kawabata tells a story of wasted love set amid the desolate beauty of western Japan the snowiest region on earth. It is there at an isolated mountain hot spring that the wealthy sophisticate Shimamura meets the geisha Komako who gives herself to him without regrets knowing that their passion cannot last. Shimamura is a dilettante of the feelings Komako has staked her life on them. Their affair can have only one outcome. Yet in chronicling its doomed course one of Japan's greatest modern writers creates a novel dense in implication and exalting in its sadness. *Snow Country and Thousand Cranes* Yasunari Kawabata, 1972

*Thousand Cranes* Yasunari Kawabata, 1968 **Trauma, Dissociation and Re-enactment in Japanese Literature and Film** David Stahl, 2017-07-14 Critical approaches to and reception of Vengeance is Mine Intertextuality Vengeance is Mine Iwano's foundational trauma Sins of the father Sins of the son Sins of the fathers sins of the sons Conclusion Notes Bibliography Conclusion Bibliography Index *The Moon in the Water* Gwenn Boardman Petersen, 1992-05-01 *The Ideologies of Japanese Tea* Tim Cross, 2009-09-01 This provoking new study of the Japanese tea ceremony chanoyu examines the ideological foundation of its place in history and the broader context of Japanese cultural values where it has emerged as a so-called quintessential component of the culture. It was in fact Sen Soshitsu XI grandmaster of Urasenke today the most globally prominent tea school who argued in 1872 that tea should be viewed as the expression of the moral universe of the nation. A practising teamaster himself the author argues however that tea was many other things it was privilege politics power and the lever for passion and commitment in the theatre of war. Through a methodological framework rooted in current approaches he demonstrates how the iconic images as supposedly timeless examples of Japanese tradition have been the subject of manipulation as ideological tools and speaks to presentations of cultural identity in Japanese society today.

**Kritisismo: Teorya at Paglalapat**, *The Strong and the Weak in Japanese Literature* Fuminobu Murakami, 2010-06-10 This book uses texts from classical to modern Japanese literature to examine concepts of respect for the strong as a notion of an evolutionary society and sympathy for the weak as a notion of a non violent and changeless egalitarian society The term strong refers not just to those with strength and power It also includes other ideal attributes such as beauty youth and goodness Similarly the term weak implies not only the weak and infirm but also the disadvantaged the indecent the unsophisticated and those generally shunned by society The former are associated not only with the power of life competition evolution progress development ability effectiveness efficiency individuality the future hope and romance but also with violence fighting bullying discrimination and sacrifice The latter in contrast invoke notions of peace egalitarianism anti discrimination and welfare as well as stagnation retreat retrogression degeneration and the decline of vital powers By using these two concepts Murakami skillfully weaves a narrative that is part literary criticism part social commentary As such the book will be of huge interest to not only scholars and students of Japanese literature but also those of Japanese society and culture

**Inflamed Invisible** David Toop, 2019-12-17 A rich collection of essays tracing the relationship between art and sound In the 1970s David Toop became preoccupied with the possibility that music was no longer bounded by formalities of audience the clapping the booing the short attention span the demand for instant gratification Considering sound and listening as foundational practices in themselves leads music into a thrilling new territory stretched time wilderness video monitors singing sculptures weather meditations vibration and the interior resonance of objects interspecies communications instructional texts silent actions and performance art Toop sought to document the originality and unfamiliarity of this work from his perspective as a practitioner and writer The challenge was to do so without being drawn back into the domain of music while still acknowledging the vitality and hybridity of twentieth century musics as they moved toward art galleries museums and site specificity Toop focused on practitioners whose stories are as compelling as the theoretical and abstract implications of their works Inflamed Invisible collects more than four decades of David Toop s essays reviews interviews and experimental texts drawing us into the company of artists and their concerns not forgetting the quieter unsung voices The volume is an offering an exploration of strata of sound that are the crossing points of sensory intellectual and philosophical preoccupations layers through which objects thoughts and air itself come alive as the inflamed invisible

*The 20th Century Go-N* Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual

*Shock and Naturalization in Contemporary Japanese Literature* Carl Cassegård, 2007-03-29 This study introduces the concepts of naturalization and naturalized modernity and uses them as tools for understanding the way modernity has been experienced and portrayed in Japanese literature since the end of the Second World War Special emphasis is given to four leading post war writers Kawabata Yasunari Abe Kobo Murakami Haruki and Murakami Ryu The author argues that notions of shock in modern city life in Japan as exemplified in the writings of Walter Benjamin and George Simmel while present in the work of older Japanese writers do not appear to hold true in much contemporary Japanese literature it is as if the shock impact of change has evolved as a naturalized or Japanized process The author focuses on the implications of this phenomenon both in the context of the theory of modernity and as an opportunity to reevaluate the works of his chosen writers

**Touching the Unreachable** Fusako Innami, 2025-09-30 Fusako Innami offers the first comprehensive study of touch and skinship relationality with the other through the skin in modern Japanese writing The concept of the unreachable that is the lack of characters' complete ability to touch what they try to reach for provides a critical intervention on the issue of intimacy Touch has been philosophically addressed in France but literature is an effective or possibly the most productive venue for exploring touch in Japan as literary texts depict what the characters may be concerned with but may not necessarily say out loud Such a moment of capturing the gap between the felt and the said the interaction between the body and language can be effectively analyzed by paying attention to layers of verbalization or indeed translation by characters' utterances authors' depictions and readers' interpretations Each of the writers discussed in this book starting with Nobel prize winner Kawabata Yasunari Tanizaki Jun'ichirō Yoshiyuki Junnosuke and Matsuura Rieko presents a particular obsession with objects or relationality to the other constructed via the desire for touch In *Touching the Unreachable* phenomenological and psychoanalytical approaches are cross culturally interrogated in engaging with literary touch to constantly challenge what may seem like the limit of transferability regarding concepts words and practices The book thereby not only bridges cultural gaps beyond geographic and linguistic constraints but also aims to decentralize a Eurocentric hegemony in its production and use of theories and brings Japanese cultural and literary analyses into further productive and stimulating intellectual dialogues Through close readings of the authors' treatment of touch Innami develops a theoretical framework with which to examine intersensorial bodies interacting with objects and the environment through touch

**Striking a Balance** Michael C. Brannigan, 2010-01-01 *Striking a Balance* offers a lucid thoughtful and thoroughly engaging review of the major ethical teachings in the dominant Asian traditions Michael C Brannigan applies his extensive background and scholarship to craft a concise yet comprehensive introduction to Asian ethics covering the long standing

traditions of Hinduism Buddhism Zen Buddhism Taoism and Confucianism      *The Ethics of Aesthetics in Japanese Cinema and Literature* Nina Cornyetz, 2006-11-22 This is an innovative scholarly and original study of the ethics of modern Japanese aesthetics from the 1930s through the Second World War and into the post war period Nina Cornyetz embarks on new and unprecedented readings of some of the most significant literary and film texts of the Japanese canon for instance works by Kawabata Yasunari Mishima Yukio Abe K b and Shinoda Masahiro all renowned for their texts aesthetic and philosophic brilliance Cornyetz uniquely opens up the field in a fresh and controversial way by showing how these authors and filmmakers concepts of beauty and relation to others were in fact deeply impacted by political and social factors Probing questions are asked such as How did Japanese fascism and imperialism ideologically politically and aesthetically impact on these literary cinematic giants How did the emperor as the nodal point for Japanese national identity affect their ethics What were the repercussions of the virtual collapse of the Marxist movement in the 1960s What are the similarities and differences between pre war wartime and post war ideals of beauty and those of fascist aesthetics in general This ground breaking work is truly interdisciplinary and will appeal to students and scholars of Japanese literature film gender culture history and even psychoanalytic theory
