Hägg, 2016-10-10 Inget utom upplagor och royaltynkomster är riktigt men det gäller litteratur storhet Men ska man vända ihop alla tänkbara kriterier på en författares betydelse är det ingen tvekan om att August Strindberg fortfarande är Sveriges ledande klassiker och rimligen kommer att vara det för vår verskålliga framtid Vi hittar galna idéer och dumma synpunkter hos Strindberg eller hans personer men i de mogna verken står aldrig en omjlig replik psykologisk orimlighet eller orealistisk reaktion Aldrig en falsk ton Hos Strindberg är denna kompromisslös psykologi en god del av förklaringen till hans bestående storhet Strindbergs sikter visar livet igenom Ofta motsäger de rentav varandra vid ett och samma tillfälle Men han bytte sannerligen inte opportunistiskt sikter i takt med tidsmodet Istället är hans idéer vända om de främsta som mest bisarra på ett i branschen ovanligt stött rotade i personliga upplevelser Jag hoppas att i denna bok kunna skildra både hans månskliga ofullkomlighet som han delar med de flesta av oss och den konstnärliga storhet som de flesta av oss inte delar med honom Göran Hägg Sanningen är alltid oförsämd har länge varit planerad att komma ut hösten 2016 och Göran Hägg lämnade in sitt slutgiltiga manus några veckor före sin plötsliga bortgång **National Theatre in Northern and Eastern Europe, 1746-1900** Laurence Senelick, 1991-01-25 Chronicles the emergence of a national feeling in the theatres of Northern and Eastern Europe from the mid eighteenth to the late nineteenth centuries **Handbook of Autobiography / Autofiction** Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e.g. the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers The International Strindberg Anna Westerståhl Stenport, 2012-11-30 The International Strindberg presents the latest research on the Swedish playwright August Strindberg and his relation to modern and contemporary literature and art

Strindberg's career spanned the late nineteenth and early twentieth century **Strindberg and Autobiography** Michael Robinson, 2013-05-31 This is a book about Strindberg and about autobiographical writing about how a particular writer projects himself in language the problems this entails the subterfuges it engenders about how he finds and loses himself there It therefore attempts to place this central aspect of Strindberg's project upon a more nuanced and substantial footing than the familiar tradition of biographical criticism in Strindberg studies normally permits and does not restrict itself only to those works singled out by Strindberg as explicitly autobiographical Nor I should perhaps add does it concern itself in any detailed way with the laborious examination of the relative accuracy of the life Strindberg attributed to himself whether for example the description of his early years in *The Son of a Servant* as a time of fear and hunger is in fact belied by the evident plenitude in the way of food and drink as chronicled in his father's household accounts In any case the myth a writer generates about his own experience is as significant a fact as any other and a writer like Strindberg merely accentuates the way in which all of us live our lives as fictions in terms of the available narrative and plot structures structures that incorporate those personal symbolic landscapes which as Strindberg well knew are in large part unconsciously fostered by the prevailing doxa or mythologies I am aware however that the approach employed here remains partial Notwithstanding his achievement in other fields all of which including his scientific preoccupations deserve to be taken seriously Strindberg's major achievement remains his drama A consummate creator as well as player of roles the mosaic work of character which he elaborated in his theatrical projections is an essential complement to the life traced in his prose works and deserves to be studied as such Moreover like Janine Chasseguet Smirgel in her analysis of Strindberg in *Pour une psychanalyse de l'art et de la créativité* Paris 1971 Je n'ai pas manqué toutefois d'être frappé par la pauvreté relative des thèmes des œuvres biographiques si on les compare la richesse des laborations dont ces mêmes thèmes sont l'objet dans l'œuvre dramatique Maybe the occasion to explore this elaborated wealth of drama will one day present itself
