A History Of Jewish Philosophy In The Middle Ages:

A History of Jewish Philosophy in the Middle Ages Colette Sirat, 1990-11-30 Jewish medieval philosophy has formed the subject of much research over the past thirty years since the appearance of Gutmann's *Philosophies of Judaism* resulting in greater understanding and a new need for summation. This important work now available in paperback aims to supply that need and devotes ample discussion to the major figures of the period like Saadia Gaon, Maimonides, Abraham Ibn Ezra and Judah Halevi. It also gives much attention to the discussion and presentation of texts by lesser known authors clustering around the greater men and movements.

A History of Medieval Jewish Philosophy Isaac Husik, 2014-11-04 This is a history of Jewish philosophical thought over the Middle Ages and its influence on the modern age. From the preface: No excuse is needed for presenting to the English reader a History of Mediaeval Jewish Philosophy. The English language poor enough in books on Jewish history and literature can boast of scarcely anything at all in the domain of Jewish Philosophy. The Jewish Encyclopaedia has no article on Jewish Philosophy and neither has the eleventh edition of the Encyclopedia Britannica. Hastings Encyclopedia of Religion and Ethics will have a brief article on the subject from the conscientious and able pen of Dr Henry Malter but of books there is none. But while this is due to several causes chief among them perhaps being that English speaking people in general and Americans in particular are more interested in positive facts than in tentative speculations in concrete researches than in abstract theorizing there are ample signs that here too a change is coming and in many spheres we are called upon to examine our foundations with a view to making our superstructure deep and secure as well as broad and comprehensive. And this is nothing else than philosophy. Philosophical studies are happily on the increase in this country and more than one branch of literary endeavor is beginning to feel its influence. And with the increase of books and researches in the history of the Jews is coming an awakening to the fact that the philosophical and rationalistic movement among the Jews in the middle ages is well worth study influential as it was in forming Judaism as a religion and as a theological and ethical system. But it is not merely the English language that is still wanting in a general history of Mediaeval Jewish Philosophy. The German, French and Italian languages are no better off in this regard. For while it is true that outside of the Hebrew and Arabic sources German books and monographs are the sine qua non of the student who wishes to investigate the philosophical movement in mediaeval Jewry and the present writer owes very much to the researches of such men as Joel Guttman, Kaufmann and others it nevertheless remains true that there is as yet no complete history of the subject for the student or the general reader. The German writers have done thorough and distinguished work in expounding individual thinkers and problems they have gathered a complete and detailed bibliography of Jewish philosophical writings in print and in manuscript they have edited and translated and annotated the most important philosophical texts. France has also had an important share in these fundamental undertakings but for some reason neither the one nor the other has so far undertaken to present to the general student and non technical reader the results of their

researches What was omitted by the German French and English speaking writers was accomplished by a scholar who wrote in Hebrew Dr S Bernfeld has written in Hebrew under the title Daat Elohim The Knowledge of God a readable sketch of Jewish Religious philosophy from Biblical times down to Ahad Haam A German scholar now in America Dr David Neumark of Cincinnati has undertaken on a very large scale a History of Jewish Philosophy in the Middle Ages of which only a beginning has been made in the two volumes so far issued Jewish Philosophy in the Middle Ages T. M. Rudavsky, 2018-07-11 T M Rudavsky presents a new account of the development of Jewish philosophy from the tenth century to Spinoza in the seventeenth viewed as part of an ongoing dialogue with medieval Christian and Islamic thought Her aim is to provide a broad historical survey of major figures and schools within the medieval Jewish tradition focusing on the tensions between Judaism and rational thought This is reflected in particular philosophical controversies across a wide range of issues in metaphysics language cosmology and philosophical theology The book illuminates our understanding of medieval thought by offering a much richer view of the Jewish philosophical tradition informed by the considerable recent research that has been done in this area *Jewish Philosophy in the Middle Ages* Raphael Jospe, 2009 Jewish Philosophy in the Middle Ages presents an overview of the formative period of medieval Jewish philosophy from its beginnings with Saadiah Gaon to its apex in Maimonides when Jews living in Islamic countries and writing in Arabic were the first to develop a conscious and continuous tradition of philosophy The book includes a dictionary of selected philosophic terms and discusses the Greek and Arabic schools of thought that influenced the Jewish thinkers and to which they responded The discussion covers the nature of Jewish philosophy Saadiah Gaon and the Kalam Jewish Neo Platonism Bahya ibn Paqudah Abraham ibn Ezra s philosophical Bible exegesis Judah Ha Levi s critique of philosophy Abraham ibn Daud and the transition to Aristotelianism Maimonides and the controversy over Maimonides and philosophy **A History of Mediaeval Jewish Philosophy** Issac Husik, 2014-03 This Is A New Release Of The Original 1918 Edition **History of Jewish Philosophy** Daniel Frank, Oliver Leaman, 2005-10-20 Jewish philosophy is often presented as an addendum to Jewish religion rather than as a rich and varied tradition in its own right but the History of Jewish Philosophy explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought The links between Jewish philosophy and its wider cultural context are stressed building up a comprehensive and historically sensitive view of Jewish philosophy and its place in the development of philosophy as a whole Includes Detailed discussions of the most important Jewish philosophers and philosophical movements Descriptions of the social and cultural contexts in which Jewish philosophical thought developed throughout the centuries Contributions by 35 leading scholars in the field from Britain Canada Israel and the US Detailed and extensive bibliographies Medieval Jewish Philosophy Lavinia Cohn-Sherbok, Dan Cohn-Sherbok, 2014-03-05 Beginning with the earliest philosopher of the Middle Ages Saadiah ben Joseph al Fayyumi this work surveys the writings of such figures as Solomon ben Joseph ibn Gabirol Bahya ben Joseph ibn Pakuda Abraham ben

david Halevi ibn Daud Judah Halevi Moses Maimonides Gersonides Hasdai Crescas Simon ben Zemah Duran Joseph Albo Isaac Arama and Isaac Abrabanel Throughout an attempt is made to place these thinkers in an historical context and describe their contributions to the history of Jewish medieval thought in simple and lucid terms The book is directed to students enrolled in Jewish studies courses as well as to those who seek an awareness and appreciation of the riches of medieval Jewish philosophical tradition *The Cambridge Companion to Medieval Jewish Philosophy* Daniel H. Frank, Oliver Leaman, 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism Influenced first by Islamic theological speculation and the great philosophers of classical antiquity and then in the late medieval period by Christian Scholasticism Jewish philosophers and scientists reflected on the nature of language about God the scope and limits of human understanding the eternity or createdness of the world prophecy and divine providence the possibility of human freedom and the relationship between divine and human law Though many viewed philosophy as a dangerous threat others incorporated it into their understanding of what it is to be a Jew This Companion presents all the major Jewish thinkers of the period the philosophical and non philosophical contexts of their thought and the interactions between Jewish and non Jewish philosophers It is a comprehensive introduction to a vital period of Jewish intellectual history *Medieval Jewish Philosophy and Its Literary Forms* Aaron W. Hughes, James T. Robinson, 2019-07-11 This well written accessible essay collection demonstrates a maturation in Jewish studies and medieval philosophy Choice Too often the study of philosophical texts is carried out in ways that do not pay significant attention to how the ideas contained within them are presented articulated and developed This was not always the case The contributors to this collected work consider Jewish philosophy in the medieval period when new genres and forms of written expression were flourishing in the wake of renewed interest in ancient philosophy Many medieval Jewish philosophers were highly accomplished poets for example and made conscious efforts to write in a poetic style This volume turns attention to the connections that medieval Jewish thinkers made between the literary the exegetical the philosophical and the mystical to shed light on the creativity and diversity of medieval thought As they broaden the scope of what counts as medieval Jewish philosophy the essays collected here consider questions about how an argument is formed how text is put into the service of philosophy and the social and intellectual environment in which philosophical texts were produced **A History of Mediaeval Jewish Philosophy** Isaac Husik, 1916 **A History of Medieval Philosophy** Frederick C. Copleston S.J., 1990-01-30 In this classic work Frederick C Copleston S J outlines the development of philosophical reflection in Christian Islamic and Jewish thought from the ancient world to the late medieval period A History of Medieval Philosophy is an invaluable general introduction that also includes longer treatments of such leading thinkers as Aquinas Scotus and Ockham **Medieval Jewish Philosophy** Lavinia Cohn-Sherbok, Dan Cohn-Sherbok, 2014-03-05 Beginning with the earliest philosopher of the Middle Ages Saadiah ben Joseph al Fayyumi this work surveys the writings of such figures as Solomon ben
