**English-speaking Peoples** Winston Churchill (Sir), 1956 *A History of the English-Speaking Peoples: One Volume Abridged Edition* Sir Winston S. Churchill, 2021-08-26 This history will endure not only because Sir Winston has written it but also because of its own inherent virtues its narrative power its fine judgment of war and politics of soldiers and statesmen and even more because it reflects a tradition of what Englishmen in the hey day of their empire thought and felt about their country's past The Daily Telegraph Spanning Caesar's invasion of Britain to the birth of the twentieth century A History of the English Speaking Peoples stands as one of Winston S Churchill's most magnificent literary works Begun during Churchill's wilderness years when he was out of government first published in 1956 after his leadership through the darkest days of World War II had cemented his place in history and completed when Churchill was in his 80s it remains to this day a compelling and vivid history This one volume abridged edition of Churchill's major work makes accessible to readers the full sweep of his magisterial chronicle of the history of Britain It combines Churchill's intriguing closely observed biographical profiles of a succession of leaders including Alfred the Great Henry Plantagenet Henry V Richard III Charles I William Pitt and Queen Victoria with the key events and developments that were to shape the course of history Restored to this edition is the abridged version of the American history from the individual volumes covering the War of American Independence and the American Civil War each introduced by the editor *Churchill on the Far East in the Second World War C.*

Wilson, 2014-08-05 Cat Wilson brings together two strands of historical scholarship Churchill's work as a historian and the history of WWII in the Far East Examining Churchill's portrayal of the British Empire's war against Japan as set down in his memoirs it ascertains whether he mythologised wartime Anglo American relations to present a special relationship *In the Words of Our Founders*, Tullius, 2019-05-24 The overtly obvious and seemingly malicious maligning of our Founders by many Americans within our systems of education government and media is being performed with a greater intensity at the passing of each year This constant incessant and relentless barrage of misinformation and falsehoods about their beliefs character and intentions is not only blatantly unjust on its face it is being done to achieve a larger goal What might that goal be

Perhaps to transform the country from its original foundational structures to one of power and control for the benefit of the favored few How might this be achieved It can only be accomplished by destroying its original identity of which many mechanisms must be effectively applied e g dumb down and divide the citizenry make alteration of its true history and legitimacy and make chaos of its laws Indeed rid it of its groundwork in natural law and rights rid it of the republican federal arrangement rid it of the ringing of the bells of freedom and liberty due its people If these be achieved and the house divided it surely will no longer stand and might more easily be enslaved The work you hold in your hand is the first of a three volume series designed to inform you of whom our Founders actually were how they formed their beliefs how they fought with tyranny how they understood the vices due humanity and its relationship to corruptive government and how they implemented a system of limited authority to both promote liberty and check coercion and autocracy through both limited and separation of powers The relevance and gravity to fully understanding these facts even against the backdrop of difficulties with institutional slavery and illegal confiscatory actions of property is crucial for the survival of both our national and individual identities They intentionally structured our form of government to promote our God given and inalienable rights due us to protect of our labor private property and wealth against those within the ruling classes of the church state strongholds The time has fully arrived to allow our Founders to speak for themselves You should however hold no pre conceived biases one way or the other hold no fantastical favors for or against these men and women whom we identify as Founders nor hold anything but truth as your guide since it is quite possible that your historical frame of reference will be severely shaken It is best you simply strap in Tullius
