A History Of The World In 10 1 2 Chapters:

A History of the World in 10 1/2 Chapters Julian Barnes, 2010-02-23 Beginning with an unlikely stowaway's account of life on board Noah's Ark *A History of the World in 10 1/2 Chapters* presents a surprising subversive fictional history of earth told from several kaleidoscopic perspectives Noah disembarks from his ark but he and his Voyage are not forgotten they are revisited in on other centuries and other climes by a Victorian spinster mourning her father by an American astronaut on an obsessive personal mission We journey to the Titanic to the Amazon to the raft of the Medusa and to an ecclesiastical court in medieval France where a bizarre case is about to begin This is no ordinary history but something stranger a challenge and a delight for the reader's imagination Ambitious yet accessible witty and playfully serious this is the work of a brilliant novelist

addresses a series of crucial questions concerning the writing of theology fiction and the role of the religious imagination in literary criticism Topics covered include aesthetics technology identity eschatology and the Bible The result is an ambitious book that maps out new directions for thought and makes clear the exciting possibilities of sacred worlds **A History of the world in 10 1/2 Chapters. Mit Materialien.** Julian Barnes,1995-12 Ethics in Culture Astrid Erll,Herbert Grabes,Ansgar Nünning,2008-08-27 Alongside the recent cultural turn in the humanities there has been a noticeable return to ethical considerations With regard to literature as well as other media this has rekindled awareness of a tension antagonism or even disparity between ethics and aesthetics This volume of articles takes a more systematic and cross disciplinary approach to the widely mooted ethical turn in literature and other media than has been pursued so far It brings together a wide range of critical perspectives from literary studies media and cultural memory studies and philosophy tracing the complex and sometimes conflicting relationship between ethics and aesthetics in theoretical contexts and individual case studies as diverse as colonial architecture nineteenth century literary histories and postmodern writing and art *Weaving a view of the world* Katharina Blarer,1994 Death Shelly Kagan,2012-04-24 There is one thing we can be sure of we are all going to die But once we accept that fact the questions begin In this thought provoking book philosophy professor Shelly Kagan examines the myriad questions that arise when we confront the meaning of mortality Do we have reason to believe in the existence of immortal souls Should we accept an account according to which people are just material objects nothing more Can we make sense of the idea of surviving the death of one's body If I won't exist after I die can death truly be bad for me Would immortality be desirable Is fear of death appropriate Is suicide ever justified How should I live in the face of death Written in an informal and conversational style this stimulating and provocative book challenges many widely held views about death as it invites the reader to take a fresh look at one of the central features of the human condition the fact that we will die **History Meets Fiction** Beverley C. Southgate,2014-09-11 Is history factual or just another form of fiction Are there distinct boundaries between the two or just extensive borderlands How do novelists represent historians and history The relationship between history and fiction has always been contentious and sometimes turbulent not least because the two have traditionally been seen as mutually exclusive opposites However new hybrid forms of writing from historical fiction to docudramas to fictionalised biographies have led to the blurring of boundaries and given rise to the claim that history itself is just another form of fiction In his thought provoking new book Beverley Southgate untangles this knotty relationship setting his discussion in a broad historical and philosophical context Throughout Southgate invokes a variety of writers to illuminate his arguments from Dickens and Proust through Virginia Woolf and Daphne du Maurier to such contemporary novelists as Tim O'Brien Penelope Lively and Graham Swift Anyone interested in the many meeting points between history and fiction will find this an engaging accessible and stimulating read World and Time , *Does our Life have a Meaning if History doesn't? A History of the World in 10 1 2 Chapters by Julian Barnes is neither easy to understand nor to classify. Both problems, comprehensibility and classification, emerge from the same root. The book's complex structure: The 10 1 2 chapters seem to be autonomous episodes rather than parts of the same novel. Therefore, some critics have argued that it was rather a gathering of prose pieces, some fiction, others rather like essays, and no homogeneous piece of prose. On the other hand, they have also discovered elements which do connect the chapters. Therefore, one could conclude that if A History does not fit into established patterns of the genre novel, it must be a post-modern novel as the linking elements make it more than just a collection of prose pieces. The other main problem, comprehensibility, is tightly connected with the issues structure and categorisation. Given that readers have discovered connecting elements and found that they add common meaning to the single chapters, they might still have unanswered questions. Does such a complicated structure imply a certain meaning that is beyond the content of the single stories and their common motifs? Many post-modern books do not provide explanations, but A History of the World in 10 1 2 Chapters does. The half chapter called Parenthesis is the key to the novel. It contains clear, unambiguous statements about three major issues: history, love, and truth. Although it does not explain the novel, it philosophises about its main topics and thus implies the significance of the book's literary patterns. I have chosen to examine Parenthesis because it contains essential thoughts which make the book more accessible and are above all interesting in their own right. Consequently, I will consider the contents of the chapters as well as their linking elements only in regard to Parenthesis. This also holds true for literary aspects such as genre transgression and the established concept of historical novel, which will be part of the argument but are not the object of this paper. Nevertheless, it is indispensable to introduce the whole novel, that is, every chapter, in order to get an impression of the diversity as well as of common underlying issues which are then reflected in Parenthesis.
