passion more purpose Tony Robbins's classic *Awaken the Giant Within* lit the path for millions who dared to claim that more. Yet the original work is a sweeping 500 page journey. This carefully crafted summary distills its core ideas into a vivid readable companion that you can absorb in a single sitting and revisit whenever you need a surge of clarity or courage. In these pages you will rediscover the life changing principles that made Robbins a global icon: decisions that shape destiny, beliefs that create or destroy values that steer every choice and daily strategies for mastering emotions, finances, health, relationships and contribution. Each chapter has been rewritten in warm conversational prose that feels like a personal coaching session free of jargon and padded theory. The result is an inspiring roadmap you can apply immediately whether you are launching a new venture, rebuilding after a setback or simply ready to rise from good enough to extraordinary. Use this summary to spark big dreams, design empowering rituals and most of all to act. Keep it on your nightstand, your desk or your phone. Dip in for a two minute mindset reset or read it cover to cover for a full body jolt of motivation. The giant within you is waiting. Turn the page and wake him up.

[The \\$100,000 dream and how to make it come true](#) Norvell, 2023-05-29

In this book Norvell reveals an amazing new formula for achieving all things that you desire. From his years of studying and guiding people to a better way of life, Norvell has evolved this formula which can lead you to the achievement of your 100 000 dream. What is this amazing power? It is called Psycho Imagery and with its help you can instantly focus on any amount of money in your Higher Mind and then project this mental energy to the outer world of reality. Whether you have focused on 1 100 1000 or even 100 000 it will materialize faster than you could ever expect, says Norvell. And remember he continues: the first hundred thousand dollars is the most important thing to concentrate on. After that has been attained you can make a million as easily as you made that first hundred thousand dollars.

HOW PSYCHO IMAGERY WAS DISCOVERED

For over 25 years Norvell studied the lives of ten thousand successful people who have achieved fame and fortune. From this study he evolved a scientific formula which he calls Psycho Imagery. And Norvell claims it can help you achieve your 100 000 dream with effortless ease without having to wait for years to accomplish it. With this mind projector principle you can release mental images of money, cars, houses, jewels and other things of value and they will automatically come into being in the world of matter.
