Hungary in World War II Deborah S. Cornelius, 2019-08-08 A historian examines why Hungary allied with the Nazis and the devastating consequences for the country The full story of Hungary s participation in World War II is part of a fascinating tale of rise and fall of hopes dashed and dreams in tatters Using previously untapped sources and interviews she conducted for this book Deborah S Cornelius provides a clear account of Hungary s attempt to regain the glory of the Hungarian Kingdom by joining forces with Nazi Germany a decision that today seems doomed to fail from the start For scholars and history buffs alike Hungary in World War II is a riveting read After the First World War the new country of Hungary lost more than 70 percent of its territory and saw its population reduced by nearly the same percentage But in the early years of World War II Hungary enjoyed boom times and the dream of restoring the Hungarian Kingdom began to rise again As the war engulfed Europe Hungary was drawn into an alliance with Nazi Germany When the Germans appeared to give Hungary much

of its pre World War I territory Hungarians began to delude themselves into believing they had won their long sought objective Instead the final year of the world war brought widespread destruction and a genocidal war against Hungarian Jews Caught between two warring behemoths the country became a battleground for German and Soviet forces and in the wake of the war Hungary suffered further devastation under Soviet occupation and forty five years of communist rule This is the story of a tumultuous time and a little known chapter in the sweeping history of World War II **Hitler's war in the East, 1941-1945** Rolf-Dieter Müller,2009 **Magyarország a második világháborúban** Péter Sipos,István Ravasz,1997

devastated by the economic transition from Communism to open markets since 1989 Poverty lack of education as well as widespread anti Roma discrimination and inadequate legal protection have left the Roma facing intense hardship since the collapse of welfare states However this book is not just a catalogue of the challenges that the Roma face it is also a celebration of Roma cultures and of the acceptance of difference something that is more important than ever in our multicultural societies
