**Christian Theology, Volume One** Thomas N. Finger, 2020-03-09 Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my Theology of Hope in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger's theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him Jurgen Moltmann Professor of Theology University of Tubingen While many systematic theological texts are shaped by academic discussion of ancient thought and or modern philosophies Finger centers on the kerygma of the biblical text that the last things or eschatological events expected at history's climax had already occurred through Jesus life death and resurrection though they were not yet fully realized To present eschatology as a living hope that always has motivated and still motivates Christians and Christian communities in all things Finger does not follow the discipline's traditional order where eschatology appears last but places it first Volume II will culminate with the doctrine of God which usually comes first This is hardly to minimize God's importance but to maximize it as the Christian faith's most profound mystery Volume I begins with eschatology to present it as a dynamic boundless atmosphere in which theological reflection unfolds While this dynamism envelops Christian life and mission it is not merely subjective It is hope for the transformation of all creation It is not only celebrative for it also struggles against the gruesome evils that seek to dominate all things From this vantage point eschatology in Volume I seeks to articulate the significance of the resurrection the last judgment heaven and hell the return of Christ and the millenium's coming These reflections lead to revelation beginning from the final revelation of Jesus Christ 1 Peter 1:3-13 Revelation's dimensions are treated as personal as historical extending forwards from Genesis and as propositional or its way of

conveying its contents These point theological reflection to revelations center Jesus Christ chiefly to his saving work in his life death and resurrection Here the strengths and weaknesses of the traditional substitutionary and moral influence theories are examined But when placed within their revelational or historical sequence Jesus conflict with the powers of evil stands out These prove to be gigantic systemic forces which have always ordered but also imprisoned humankind such as the Roman Empire Yet their horror and power stretch beyond any social or psychological explanation In Jesus life and death these powers appear to conquer him But through his resurrection Jesus conquers them This drama is best articulated by the Christus Victor approach in which Jesus with his Father and Spirit defeats these powers but does not totally destroy them This is why their eschatological reign is already present but evil is not yet destroyed until the end **The English**

**Catalogue of Books: v. [1]. 1835-1863** Sampson Low, James Douglas Stewart, 1891 *The Christian Tradition* Jaroslav Pelikan, 1985-12-15 Explores the iconography dogma and liturgy of Greek Slavic and Syriac forms of Christianity *The Christian Tradition* Jaroslav Pelikan, 1991-10-04 Explores the iconography dogma and liturgy of Greek Slavic and Syriac forms of Christianity The English Catalogue of Books Sampson Low, 1898 Volumes for 1898 1968 include a directory of publishers **The Trinitarian Theology of Dr. Samuel Clarke (1675-1729)** Thomas C. Pfizenmaier, 2022-07-04 This volume deals with the trinitarian debate in early eighteenth century England Samuel Clarke s trinitarian thought represents a reappraisal of that doctrine in the light of early modern philosophy and close Patristic study This work utilizes current studies on the fourth century debate recent evaluations of Latitudinarianism and previously unpublished theological manuscripts of Sir Isaac Newton s to shed light on Clarke s treatment of this central Christian doctrine The conclusion calls for a reclassification of Clarke s thought by historians of doctrine The volume is organized in three parts The first examines Clarke s intellectual milieu the second treats his use of sources and the third evaluates his role in the Trinitarian controversy Students of Latitudinarianism the doctrine of the Trinity and Isaac Newton s thought will all profit from this discussion In addition those interested in the relationship between science and religion will benefit The Doctrine of the Holy Spirit Yacob Godebo, 2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit s presence therefore is an original theological input from God

just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha **The Lion, the Dove, & the Lamb, Revised Edition A.**

Bryden Black,2018-12-14 How might the formal Christian doctrine of the Trinity make a real concrete difference in the lives of individuals and in the life of the church This book proposes there are two parts to answering this important but elusive question In the first place how on earth did the Early Church actually reach its conclusions about this understanding of God and why What s the real point behind their endeavors How might we apprehend what is otherwise sheer mystification or even nonsense in some people s minds Arising out of the answers to such questions we can secondly construct an appropriately simple model of the Trinity By means of this model we can understand with sufficient justice the ways the triune God has come among us in our human history ways that are still ongoing today For the proposed model allows us to begin to appreciate the true mystery of the Christian Faith while also making a practical difference to the lives of Christian discipleship in prayer worship and mission *The Book Buyer* ,1867 A review and record of current literature **The Lion,**

**Augustine of Hippo and Martin Luther on Original Sin and Justification of the Sinner** Jairzinho Lopes Pereira,2013-12-11 The book is divided into two parts The first part deals with the development of Augustine stheology of Original Sin and Justification Here the emphasis is placed on the defining moments ofthis development process These moments are the second half of 390s period during which theChurch Father wrote two of his key works De diversis quaestionibus ad Simplicianum 396 397 and Confessiones 397 400 and the last twelve years of his literary career with emphasis on theworks he produced in the heat of the long and bitter confrontation with Julian of Aeclanum In the second part Pereira deals with Luther s doctrines of Original Sin and Justification of the sinner The main source of analysis is Luther s Lectures on Romans 1515 1516 There is an intrinsicrelation between the two parts of the work The author demonstrates how Augustine came tobreak with the patristic soteriology and anthropological theology and adopted the radicalism ofgrace with which he faced the theologians associated with the fifth century Pelagianism especiallyJulian of Aeclanum In the second part Pereira argues that it was precisely that radicalism of grace thatmade of Augustine Luther s favourite theologian The same radicalism of grace was adopted byLuther in his opposition to the recentiores doctores the Nominalist theologians especially GabrielBiel Without overlooking the crucial role played by the Pauline corpus one can accurately say thatAugustine s anti Pelagian thesis were at the core of the young Luther s soteriological andanthropological claims essential to understand what the Lutheran insurgency was all about andwere the driving force behind Luther s cry for reformation at least as far as the doctrine of salvationwas concerned When it comes to the doctrine of salvation Augustine found in Luther a prominent reader and a faithful follower To understand this fact it would suffice a careful analysis of Luther s doctrine of justification by faith alone since it contains a strong and genuine Augustinian tonality

**Systematic Theology, Volume 1, Fourth Edition** James Leo Garrett Jr.,2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the

biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary
