Shay, 2018-09-04 Prominent atheists claim the Bible is a racist text Yet Dr Martin Luther King Jr read it daily Then again so did many ardent segregationists Some atheists claim religion serves to oppress the masses Yet the classic text of the French Revolution What is the Third Estate was written by a priest On the other hand the revolutionaries ended up banning religion What do we make of religion s confusing role in history And what of religion s relationship to science Some scientists claim that we have no free will Others argue that advances in neurobiology and physics disprove determinism As for whispering to the universe an absurd habit say the skeptics Yet prayer is a transformative practice for millions This book explores the most common atheist critiques of the Bible and religion incorporating Jewish Christian and Muslim voices The result is a fresh modern re evaluation of religion and of atheism Scott A Shay is a Co Founder and Chairman of Signature Bank and a longstanding Jewish community activist Shay started a Hebrew school an adult educational program and chaired several Jewish educational programs He is the author of Getting our Groove Back How to Energize American Jewry and has been thinking about religion reason and modernity since wondering why his parents sent him to Hebrew school A History of European Literature Walter Cohen, 2017 Walter Cohen argues that the history of European literature and each of its standard periods can be illuminated by comparative consideration of the different literary languages within Europe and by the ties of European literature to world literature World literature is marked by recurrent systematic features outcomes of the way that language and literature are at once the products of major change and its agents Cohen tracks these features from ancient times to the present distinguishing five main overlapping stages Within that framework he shows that European literature s ongoing internal and external relationships are most visible at the level of form rather than of thematic statement or mimetic representation European literature emerges from world literature before the birth of Europe during antiquity whose Classical languages are the heirs to the complex heritage of Afro Eurasia This legacy is later transmitted by Latin to

the various vernaculars. The uniqueness of the process lies in the gradual displacement of the learned language by the vernacular long dominated by Romance literatures That development subsequently informs the second crucial differentiating dimension of European literature the multicontinental expansion of its languages and characteristic genres especially the novel beginning in the Renaissance This expansion ultimately results in the reintegration of European literature into world literature and thus in the creation of today's global literary system. The distinctiveness of European literature is to be found in these interrelated trajectories Myths and Symbols in Pagan Europe Hilda Roderick Ellis Davidson, 1988 of Witchcraft Jeffrey B. Pavlac, 2017-04-17 Since it first aired in 2011 Game of Thrones galloped up the ratings to become the most watched show in HBO s history It is no secret that creator George R R Martin was inspired by late 15th century Europe when writing A Song of Ice and Fire the sprawling saga on which the show is based Aside from the fantastical elements Game of Thrones really does mirror historic events and bloody battles of medieval times but how closely Game of Thrones versus History Written in Blood is a collection of thought provoking essays by medieval historians who explore how the enormously popular HBO series and fantasy literature of George R R Martin are both informed by and differ significantly from real historical figures events beliefs and practices of the medieval world From a variety of perspectives the authors delve into Martin s plots characterizations and settings offering insights into whether his creations are historical possibilities or pure flights of fantasy Topics include the Wars of the Roses barbarian colonizers sieges and the nature of medieval warfare women and agency slavery celibate societies in Westeros myths and legends of medieval Europe and many more While life was certainly not a game during the Middle Ages Game of Thrones versus History Written in Blood reveals how a surprising number of otherworldly elements of George R R Martin's fantasy are rooted deeply in the all too real world of medieval Europe Find suggested readings recommended links and more from editor Brian Pavlac at gameofthronesversushistory com The **Convert Kings** N. J. Higham, 1997 The story of the conversion of the English to Christianity traditionally begins with

Augustine's arrival in 597 This text offers a critical re evaluation of the process of conversion which assesses what the act really meant to new converts who was responsible for it and why particular figures both accepted conversion for themselves and threw their influence behind the spread of Christianity The conversion has often been seen as something which missionaries did to the English The book restores responsibility to the English and in particular King Aethelbert Edwin Oswald and Oswin and it is their religious policies that form the focus of this text **Handbook of Contemporary Paganism** Murphy Pizza, James R. Lewis, 2009 Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape The members of the movement are simultaneously growing unifying and maintaining its characteristic diversity of traditions identities and rituals The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions praxis theologies and communities As Contemporary Paganism continues to grow and mature new angles of inquiry about it have emerged and are explored in this collection This examination and study of contemporary Paganism contributes new ways to observe and examine other religions where innovations paradoxes and inconsistencies can be more accurately documented and explained

The Archaeology of Late Antique 'Paganism', 2011-06-22 There is no agreement over how to name the pagan cults of late antiquity Clearly they were more diverse than this Christian label suggests but also exhibited tendencies towards monotheism and internal changes which makes it difficult to describe them as traditional cults This volume which includes two extensive bibliographic essays considers the decline of urban temples alongside the varying evolution of other focii of cult practice and identity The papers reveal great regional diversity in the development of late antique paganism and suggest that the time has come to abandon a single compelling narrative of the end of the temples based on legal sources and literary accounts Although temple destructions are attested in some regions the end of paganism was both gradual and untraumatic with more co existence with Christianity than one might have expected Contributors are Javier Arce B atrice Caseau Georgios Deligiannakis Koen Demarsin Jitse H F Dijkstra Demetrios Eliopoulos James Gerrard Penelope J Goodman David Gwynn Luke Lavan Michael Mulryan Helen G Saradi Eberhard W Sauer Gareth Sears Peter Talloen Peter Van Nuffelen and Lies Vercauteren The Centrality of Christ in Contemporary Missions Mike Barnett, Michael Pocock, 2005-09-15 Is Jesus really the only way What is unique about Christ and missions How can a new understanding of Jesus Christ bridge the gap between modern positivism and post modern relativism Can we learn from the model of Jesus how to be more effective mission workers This volume Number 12 of the annual Evangelical Missiological Society series offers answers to these questions and more as it discusses the clear and relevant communication of the centrality of Jesus Christ Northern Myths, Modern Identities Simon Halink, 2019-05-15 This anthology of essays Northern Myths Modern Identities explores the various ways in which ancient mythologies have been cultivated in the cultural construction of ethnic national and supra national identities from 1800 to the present How were Old Norse Finno Ugric and Frisian myths employed as rhetorical

devices in national narratives And how did and do these new interpretations convey a sense of northernness This volume approaches these issues from an interdisciplinary and international perspective and brings together case studies from Scandinavia the Baltic region Friesland Britain the United States and even Japan Thus it provides a unique insight into the reception history and uses of northern myths in the present and their role in the creation of modern identities Contributors are Tim van Gerven Gylfi Gunnlaugsson Simon Halink Sumarli i R sleifsson Otto S Knottnerus Joep Leerssen Daisy Neijmann Han Nijdam Robert A Saunders Katja Schulz Tom Shippey Carline Tromp and Kendra Willson
