A Little Of Misericords Little S:

Medieval Obscenities Nicola McDonald, 2014 Obscenity is central to an understanding of medieval culture and it is here examined in a number of different media Obscenity is if nothing else controversial Its definition consumption and regulation fire debate about the very meaning of art and culture law politics and ideology And it is often erroneously assumed to be synonymous with modernity Medieval Obscenities examines the complex and contentious role of the obscene what is offensive indecent or morally repugnant in medieval culture from late antiquity through to the end of the Middle Ages in western Europe Its approach is multidisciplinary its methodologies divergent and it seeks to formulate questions and stimulate debate The essays examine topics as diverse as Norse defecation taboos the Anglo Saxon sexual idiom sheela na gigs impotence in the church courts bare ecclesiastical bottoms rude sounds and dirty words as well as the modern reception and representation of the medieval obscene They demonstrate not only the vitality of medieval obscenity but its centrality to our understanding of the Middle Ages and ourselves Contributors MICHAEL CAMILLE GLENN DAVIS EMMA DILLON SIMON GAUNT JEREMY GOLDBERG EAMONN KELLY CAROLYNE LARRINGTON NICOLA McDONALD ALASTAIR MINNIS DANUTA SHANZER **Medieval Archaeology, Art and Architecture at Chester** Alan Thacker, 2024-11-01 This volume is a compilation of papers presented in British Archaeological Association's annual conference in 1992 It focuses on the long tradition of archaeological and historical enquiry which has provided a framework for understanding Chester's development from the Roman period The Auchinleck Manuscript Susanna Fein, 2016 Fresh examinations of the manuscript which is one of the chief compendiums of literature in the Middle English period **Women and the Book** British Library, 1997-01-01 Concentrating on the pictorial evidence these papers raise many complex and varied themes related to women's creation use and patronage of books and the representation of women in them *English Medieval Misericords* Paul Hardwick, 2011 Misericord carvings present a fascinating corpus of medieval art which in turn complements our knowledge of life and belief in the late middle ages Subjects range from the sacred to the profane and from the fantastic to the everyday seemingly giving equal weight to the scatological and the spiritual alike Focusing specifically on England though with cognisance of broader European contexts this volume offers an analysis of misericords in relation to other cultural artefacts of the period Through a series of themed case studies the book places misericords firmly within the doctrinal and devotional milieu in which they were created and sited arguing that even the apparently coarse images to be found beneath choir stalls are intimately linked to the devotional life of the medieval English Church The analysis is complemented by a gazetteer of the most notable instances Dr Paul Hardwick is Professor in English Leeds Trinity University College English Gothic Misericord Carvings Betsy Chunko-Dominguez, 2017-03-06 English Gothic Misericord Carvings History from the Bottom Up by Betsy Chunko Dominguez is the first book to move beyond textual dependence and traditional iconographic analysis when examining misericords It likewise builds the most thorough discussion to date of the relationship

between the misericord s several potential audiences including patron craftsman occupant of the seat and modern viewer Beyond the bounds of misericord studies there are implications here for study of the relationship between center and margin in late medieval art and indeed what constitutes center and margin as conceptual realms Ultimately this book attempts both to re integrate the study of misericords into the study of Gothic art in general and to re center them in relation to our understanding of late medieval culture *The Misericords of Norwich Cathedral* Martial Rose,1994 **A Catalogue of Misericords in Great Britain** G. L. Remnant,1969 This is a long awaited reissue of Remnant s classic study of misericords medieval church carvings in the United Kingdom First published in 1969 A Catalogue of Misericords in Great Britain provides a complete listing of misericords from parish churches throughout the UK The book also features an informative chapter on the iconography of misericords from M D Anderson Lady Trenchard Cox well known for a number of authoritative books on medieval carving and mythology The 48 illustrations cover both some of the better known misericords throughout the country and a number of carvings of outstanding interest from smaller churches **The Secret Middle Ages** Malcolm Jones,2025-04-03 The Middle Ages are known as a god fearing time a time of hard work and of squalid living conditions for the majority of the population or as a time of opulence that graced only the courts and halls of the reigning monarch In *The Secret Middle Ages* Malcolm Jones presents a completely fresh view of the medieval world that will blow all stereotypes out of the water Using a wealth of little known and recently discovered artefacts and drawing particularly on humbler artworks Jones paints a compelling picture of the visual environment of the great mass of ordinary people between 1200 and 1550 The picture that emerges is of a civilisation that is both like and unlike our own one that teems with the richness of life and its contradictions We find beliefs and traditions rendered memorable by the vivid creative imagination and strong visual culture of the Middle Ages Love hatred crime and punishment proverbs heaven on earth husband beating all feature in the jewellery tableware illustrations carvings and textiles of the period A major reassessment of the high medieval period this revised and updated edition of *The Secret Middle Ages* is essential reading for anyone curious about their ancestors As Jones writes gems and precious metals may dazzle the eye but a pewter brooch tawdry as it may appear has the power to reveal far more of the real medieval world Northamptonshire Nikolaus Pevsner,Bridget Cherry,2002-01-01 Some of England s grandest country houses are to be found in this prosperous rural midland county with its excellent local building stone from the limestone belt The Elizabethan Renaissance Kirby Hall the late seventeenth century French inspired Boughton Hawksmoor s stately Baroque Easton Neston and the interiors of Althorp provide a fascinating survey of changing taste through the centuries The great houses are complemented by smaller buildings of great character supreme among them Sir Thomas Tresham s eccentric and ingenious Triangular Lodge at Rushton Of no less interest in this county of spires and squires are the fine village churches from Early Saxon Brixworth to the noble early Gothic buildings which so inspired the Victorians **Lincolnshire** Nikolaus Pevsner,John Harris,Nicholas Antram,1989-01-01 Lincolnshire is incredibly rich in medieval

churches from Saxon times onwards many of them still little known Lincoln Cathedral is justly famous and second only to Durham in the grandeur of its setting The prosperous years from the Middle Ages though to the eighteenth century have left a splendid legacy in the great town churches of Boston and Louth in the innumerable village churches of the south of the county the delightful manor houses such as Tennyson s Somersby and the Georgian town houses and coaching inns of Boston and Grantham of Lincoln and Louth and above all of Stamford Monuments to industry include the vast maltings at Sleaford the soaring dock tower of Grimsby and an abundance of windmills Arts and Sciences Charles Knight,1866 The English Cyclopdia ,1871 *Country Life* ,1976 *Transforming Talk* Susan E. Phillips,2011-04-01 In recent decades scholars have shown an increasing interest in gossip s social psychological and literary functions The first book length study of medieval gossip *Transforming Talk* shifts the current debate and argues that gossip functions primarily as a transformative discourse influencing not only social interactions but also literary and religious practices Known as jangling in Middle English gossip was believed to corrupt parishioners disturb the peace and cause civil and spiritual unrest But gossip was also a productive cultural force it reconfigured pastoral practice catalyzed narrative experimentation and restructured social and familial relationships *Transforming Talk* will appeal to a diverse audience including scholars interested in late medieval culture religion and society Chaucer and women in the Middle Ages **The Green Man in Medieval England** Stephen Miller,2022-05-13 This beautifully illustrated landmark book with more than five dozen specially commissioned original colour photographs compellingly connects the Green Man phenomenon in medieval England to a specific Christian meaning and understanding rather than a mysterious and undefined pagan one The meaning and significance attached to such Green Man depictions would have been apparent to almost all churchgoing medieval folk from the patrons who commissioned them and the stonemasons and woodcarvers who created them to the monks clergy and worshipping community well versed in biblical stories and associated Christian lore and legend that helped to flesh out and illuminate Scripture stories and legends long since forgotten by the majority today The visual narrative contained in the art and craft of medieval churches brought such stories to life in a meaningful way for everyone the literate and illiterate alike Drawing on a wealth of extant examples the book connects Green Man iconography with the Christian legends and hagiographies of Adam the Garden of Eden the Quest of Seth and the various legends of the cross contained in such medieval writings as Jacobus Voragine s *The Golden Legend* and Honorius of Autun s *Imago mundi* The author has visited a large sample of medieval cathedrals and parish churches throughout the length and breadth of England in his search of such illustrative evidence and offers a selection of those findings and conclusions here *The Architecture of Southern England* John Julius Norwich,1985 The Gentleman's Magazine ,1891 *Gentleman's Magazine and Historical Review* ,1891 The Gentleman s magazine section is a digest of selections from the weekly press the Trader s monthly intelligencer section consists of news foreign and domestic vital statistics a register of the month s new publications and a calendar of forthcoming trade fairs Wood Carvings in English
