*Little Giant Book Of Optical Illusions* Keith Kay,1997-06-01 A collection of hundreds of optical illusions including classic examples from various sources and new drawings **Milton, Spenser and The Chronicles of Narnia** Elizabeth Baird Hardy,2014-11-21 In 1950 Clive Staples Lewis published the first in a series of children s stories that became The Chronicles of Narnia The now vastly popular Chronicles are a widely known testament to the religious and moral principles that Lewis embraced in his later life What many readers and viewers do not know about the Chronicles is that a close reading of the seven book series reveals the strikingly effective influences of literary sources as diverse as George MacDonald s fantastic fiction and the courtly love poetry of the High Middle Ages Arguably the two most influential sources for the series are Edmund Spenser s The Faerie Queen and John Milton s Paradise Lost Lewis was so personally intrigued by these two particular pieces of literature that he became renowned for his scholarly studies of both Milton and Spenser This book examines the important ways in which Lewis so clearly echoes The Faerie Queen and Paradise Lost and how the elements of each work together to convey similar meanings Most specifically the chapters focus on the telling interweavings that can be seen in the depiction of evil female characters fantastic and symbolic landscapes and settings and the spiritual concepts so personally important to C S Lewis *Nature in the New World* Antonello Gerbi,2010-06-20 Translated by Jeremy Moyle In Nature in the New World translated into English in 1985 Antonello Gerbi examines the fascinating reports of the first Europeans to see the Americas These accounts provided the basis for the images of strange and new flora fauna and human creatures that filled European imaginations Initial chapters are devoted to the writings of Columbus Vespucci Cortes Verrazzano and others The second portion of the book concerns the Historia general y natural de las Indias of Gonzalo Fernandez de Oviedo a work commissioned by Charles V of Spain in 1532 but not published in its entirety until the 1850s Antonello Gerbi contends that Oviedo a Spanish administrator who lived in Santo Domingo has been unjustly neglected as a historian Gerbi shows that Oviedo was a major authority on the culture history and conquest of the New World **Buffon's Natural History of Man, the Globe, and of Quadrupeds** Georges Louis Leclerc comte de Buffon,1858 The books cover what was known of the natural sciences at the time including what would now be called material science physics chemistry
