The Monsters Mary Shelley And The Curse Of Frankenstein By Dorothy Hoobler:

The Monsters Dorothy Hoobler, Thomas Hoobler, 2009-05-30 The authors of the award winning *In Darkness* share the remarkable true story of Frankenstein's origins and the curse on its creators

The Monsters Dorothy Hoobler, Thomas Hoobler, 2007-08-20 A superlative riveting history BookPage of Mary Shelley's creation of Frankenstein and the personal and poetic background behind the story One murky night in 1816 on the shores of Lake Geneva Lord Byron famed English poet challenged his friends to a contest to write a ghost story The assembled group included the poet Percy Bysshe Shelley his lover and future wife Mary Wollstonecraft Godwin Mary's stepsister Claire Claremont and Byron's physician John William Polidori The famous result was Mary Shelley's *Frankenstein* a work that has retained its hold on the popular imagination for almost two centuries Less well known was the curious Polidori's contribution the first vampire novel And the evening begat a curse too Within a few years of *Frankenstein*'s publication nearly all of those involved met untimely deaths Drawing upon letters rarely tapped archives and their own magisterial rereading of *Frankenstein* itself Dorothy and Thomas Hoobler have crafted a rip roaring tale of obsession and creation

Frankenstein's Monster Cathleen Small, 2015-12-15 When Mary Wollstonecraft Shelley published *Frankenstein* in 1818 little did she suspect the monster of her tale would turn into one of the world's most recognizable and classic horror creatures There have been other examples of the monster Shelley invented in different cultures however her monster and its story have had a lasting impact on pop culture today This book delves into the world of Shelley the manifestations of the monster in different cultures around the world and the effect of the monster on today's society

The ^AEdge of Evolution Ronald Edwards, 2016-02-17 The book presents a re-reading of H G Wells novel *The Island of Doctor Moreau* as a key to addressing the controversies of our own humanity It raises the issue without human exceptionalism where do ethics come from

Mary Shelley Biography: The Birth of Frankenstein, Rumors and More Chris Dicker, Mary Shelley crafted the legendary story of *Frankenstein* as a ghost story at first However the main theme of *Frankenstein* was seeded long before that She had this strong drive and interest for supernatural and alchemy Both of her parents were writers so there's no accident that she was also involved in that Mary Shelley is one of the first science fiction writers emerging at that time Most of her work was influenced and inspired from her friend husband and poet Percy Shelley Some of her other writings were inspired by Diodati circle More of that in the biography In this biography you'll also learn who Mary was as a person relationships family background childhood How she coped with tremendous loss in the family and how that influenced her work How Mary Shelley came up with *Frankenstein*'s story and why she published it anonymously at first What about the other editions and revisions of *Frankenstein* Mary Shelley was truly delighted that *Frankenstein* inspired others to create She attended performances plays and productions based on her story and frankly she was quite amused by that fact Back then it was possible to present a play of the book without the author's permission or entitlement This made *Frankenstein* such a success If you want to learn more about the *Frankenstein*
