Williams,2012-12-06 End Sh saka is probably the most widely translated of all Japanese authors In this first major study of End s works Mark Williams moves the discussion on from the well worn depictions of End as the Japanese Graham Greene and places him in his own political and cultural context The ^ANovel and the Globalization of Culture Michael Valdez Moses,1995-05-25 Bringing together canonical European authors with authors from the Third World this book analyzes the emergence of the modern global novel and the way it mirrors the underlying process of cultural globalization Through detailed readings of Stendhal Hardy Conrad Achebe and Vargas Llosa this study reveals how the spread of Western modernity materially and culturally has been shadowed by the destruction of traditional societies These novels focus on the individual tragedies of those who represent pre modern ways of life in the process offering a corrective to Hegel s abstruse philosophy of history From rural Victorian England to the Malay Archipelago and from the Igbo heartland in Africa to the backlands of Brazil a global narrative unfolds one where the forces of modernization clash with the defenders of traditional society Moses contributes to the ongoing debate on Alexandre Koj ve and the end of history while at the same time moving beyond sterile oppositions canonical versus non canonical works formal literary criticism versus political historical critique With its new conceptualization of modernity and globalization this book will interest the literary scholar cultural critic social scientist and political theorist **Evangelical Zen, Second Edition** Paul Louis Metzger,2024-11-07 Evangelical Zen is part Augustine s Confessions and part Robert Pirsig s Zen and the Art of Motorcycle Maintenance Here Paul Louis Metzger an Evangelical Christian theologian reflects on his spiritual journey an inner pilgrimage of sorts that weaves through a physical forty day journey with his family to Japan The experiences of that journey the beauties of Japan its culture and its religion become for him a lens on a deeper quest here he is searching for and he believes finding a global humanity in conversation with the late Zen Buddhist priest Kyogen Carlson his Buddhist friend This second edition includes a new foreword by esteemed missionary statesman and scholar Thomas John Hastings a new introduction and new concluding essay by the author and an afterword by the acclaimed Buddhist author Sallie Jiko Tisdale Like a House on Fire Steve Scott,2002-12-17 In the wake of Western culture s postmodern shift is it possible to express ultimate truth or declare absolutes of value In this engaging collection of essays Steve Scott explores the possibilities for renewal of culture and the individual Steve Scott is the director of CANA Christian Artists Networking Association www.canagroup.org an international arts organization He can be contacted at info@canacroup.org *Ordinary Christology* Ann

Christie,2016-05-13 Ordinary Christology is defined as the account of who Jesus was is and what he did does that is given by Christian believers who have received no formal theological education In this fascinating study Ann Christie analyses and offers a theological appraisal of the main christologies and soteriologies operating in a sample of ordinary churchgoers Christie highlights the formal characteristics of ordinary Christology and raises questions about how we should respond to the beliefs about Jesus held by ordinary churchgoers Empirical findings have important pastoral theological and missiological implications and raise important questions about the importance or otherwise of right belief for being Christian This book presents a model for how the study of ordinary theology can be conducted with the in depth theological analysis and critique which it both requires and deserves

The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer,2011-11-15 Featuring choice selections from the core anthologies The Columbia Anthology of Modern Japanese Literature From Restoration to Occupation 1868 1945 and The Columbia Anthology of Modern Japanese Literature From 1945 to the Present this collection offers a concise yet remarkably rich introduction to the fiction poetry drama and essays of Japan s modern encounter with the West Spanning a period of exceptional invention and transition this volume is not only a critical companion to courses on Japanese literary and intellectual development but also an essential reference for scholarship on Japanese history culture and interactions with the East and West The first half covers the three major styles of literary expression that informed Japanese writing and performance in the late nineteenth and early twentieth centuries classical Japanese fiction and drama Chinese poetry and Western literary representation and cultural critique Their juxtaposition brilliantly captures the social intellectual and political challenges shaping Japan during this period particularly the rise of nationalism the complex interaction between traditional and modern forces and the encroachment of Western ideas and writing The second half conveys the changes that have transformed Japan since the end of the Pacific War such as the heady transition from poverty to prosperity the friction between conflicting ideologies and political beliefs and the growing

influence of popular culture on the country's artistic and intellectual traditions Featuring sensitive translations of works by Nagai Kafu Natsume Soseki Oe Kenzaburo Kawabata Yasunari Mishima Yukio and many others this anthology relates an essential portrait of Japan's dynamic modernization Fiction in French - Fiction in Soviet British Library, 2013-02-07 No detailed description available for Fiction in French Fiction in Soviet *Newsletter*, 1993 **Fire of Mercy, Heart of the Word, Vol. 4** Erasmo Leiva-Merikakis, 2021-05-20 To the unstudied eye St Matthew's gospel can seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is In his fourth and final volume of meditations on Matthew chapters 26-28 Erasmo Leiva continues to show Matthew's prose to be not terse so much as economical astoundingly so given its depth The lay reader can derive great profit from reading this Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent but rich with meaning Leiva's work is scholarly but eminently approachable by the lay reader The tone is very much of taste and see how good the Lord is and an invitation of friend come up higher The goal of the book is to help the reader experience the heat of the divine heart and the light of the divine Word and aims at prayer as the final result of a fruitful encounter with the Word of God Leiva comments on the Greek text demonstrating nuances in the text that defy translation He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus Points of Interest Long awaited final volume in a widely beloved and deeply rich series of scripture study and meditation Scholarly but eminently approachable by the lay reader Theological reflection that vivifies doctrine by seeking its roots in the words and actions of Jesus Aims at prayer as the final result of a fruitful encounter with the Word of God **The New York Times Guide to the Arts of the 20th Century: 1900-1929**, 2002 Reviews news articles interviews and essays capturing 100 years of art architecture literature music dance theater film and television **The East**, 1997 **Images of Redemption** Patrick Sherry, 2003-05-01 After discussing the arts of redemption and their rivals and introducing soteriology the theology of salvation Patrick Sherry argues that the Christian Drama of Redemption has three Acts The next five chapters discuss the three Acts namely salvation history our present human life and the life to come In each case Sherry explains how art and literature can lead to an understanding of what is at stake here His main concern is with the present life hence three of those chapters deal with that phase of redemption one of them specifically with novels of redemption The last substantial chapter of the book takes up the general issue of how art and literature contribute to religious understanding Sherry argues that they may be primary expressions of religious belief as well as illustrations and that as such they may criticise or complement theology or in turn be open to criticism themselves from that quarter Finally he summarises the main theme and briefly discusses some of the particular problems of assessing the arts of redemption The book's most distinctive feature is the way in which it uses art and literature as a means of religious and theological understanding It is not a survey of the arts of redemption though it uses a wide

variety of examples including ancient Greek drama Flemish and Italian painting religious music and 19th 20th century novels These examples are used as a tool for understanding what is one of the most difficult areas of theology *Acts of Faith and Imagination* Brent Little, Mark Bosco, SJ, 2023-08-04 *Acts of Faith and Imagination* wagers that fiction written by Catholic authors assists readers to reflect critically on the question what is faith To speak of a person's faith life is to speak of change and development As a narrative form literature can illustrate the dynamics of faith which remains in flux over the course of one's life Because human beings must possess faith in something whether religious or not it inevitably has a narrative structure faith ebbs and flows flourishes and decays develops and stagnates Through an exploration of more than a dozen Catholic authors novels and short stories Brent Little argues that Catholic fiction encourages the reader to reflect upon their faith holistically that is the way faith informs one's affections and how a person conceives and interacts with the world as embodied beings Amidst the diverse stories of modern and contemporary fiction a consistent pattern emerges Catholic fiction portrays faith at its most fundamental often unconscious level as an act of the imagination Faith is the way one imagines themselves others and creation A person's primary faith conditions how they live in the world regardless of the level of conscious reflection and regardless of whether this is a religious faith *Acts of Faith and Imagination* investigates the creative depth and vitality of the Catholic literary imagination by bringing late modern Catholic authors into dialogue with more contemporary ones Readers will then consider well known works such as those by Graham Greene Flannery O'Connor and Muriel Spark in the fresh light of contemporary stories by Toni Morrison Alice McDermott Uwem Akpan and several others
