term romantic relationship falling apart Emerging out of the depths of his own personal history Adam sees in a promising research topic suggested by an American World War II veteran the beginnings of something that might just save him professionally and perhaps even personally As these two men try to survive in early twenty first century New York history comes to life in ways neither of them could have foreseen Two very different paths Lamont s and Adam s lead to one greater story as The Street Sweeper in dealing with memory love guilt heroism the extremes of racism and unexpected kindness spans the twentieth century to the present and spans the globe from New York to Melbourne Chicago to Auschwitz Epic in scope this is a remarkable feat of storytelling Literature and Human Rights Ian Ward, 2015-03-10 The idea of human rights is not new But the importance of taking rights seriously has never been more urgent The eighteen essays which comprise Literature and Human Rights are written as a contribution to this vital debate Each moreover is written in the spirit of interdisciplinarity reaching across the myriad constitutive disciplines of law literature and the humanities in order to present an array of alternative perspectives on the nature and meaning of human rights in the modern world The taking of human rights seriously it will be suggested depends just as much on taking seriously the idea of the human as it does the idea of rights The Literary Review ,2012 Contemporary Australian Literature Nicholas Birns, 2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia s distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In Contemporary Australian Literature A World Not Yet Dead Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella Wolta.
