The Three-Body Problem Cixin Liu, 2015-03-12 Read the award winning critically acclaimed multi million copy selling science fiction phenomenon now a major Netflix Original Series from the creators of Game of Thrones 1967 Ye Wenjie witnesses Red Guards beat her father to death during China's Cultural Revolution This singular event will shape not only the rest of her life but also the future of mankind Four decades later Beijing police ask nanotech engineer Wang Miao to infiltrate a secretive cabal of scientists after a spate of inexplicable suicides Wang's investigation will lead him to a mysterious online game and immerse him in a virtual world ruled by the intractable and unpredictable interaction of its three suns This is the Three Body Problem and it is the key to everything the key to the scientists' deaths the key to a conspiracy that spans light years and the key to the extinction level threat humanity now faces Praise for The Three Body Problem Your next favourite sci fi novel Wired Immense Barack Obama Unique George R R Martin SF in the grand style Guardian Mind altering and immersive Daily Mail Winner of the Hugo and Galaxy Awards for Best Novel **The Three-Body Problem Trilogy** Cixin Liu, 2017-11-02 An omnibus edition of books 1-3 in China's apocalyptic space opera trilogy comprising The Three Body Problem The Dark Forest and Death's End This series will soon become a Netflix series so get in on the ground floor while you still can Esquire Imagine a universe patrolled by numberless and nameless predators Imagine what might happen to any civilisation unwise enough to broadcast its location This is Cixin Liu's THREE BODY PROBLEM TRILOGY Weaving a complex web of stratagem subterfuge philosophy and physics across light years of space and 18.9 million years of time this tale of humanity's struggle to reach the stars is a visionary masterwork of unprecedented scale and momentum Available now in a single volume including 1 THE THREE BODY PROBLEM 2 THE DARK FOREST 3 DEATH'S END Read the award winning critically acclaimed multi million selling phenomenon soon to be a Netflix Original Series from the creators of Game of Thrones Reviews for Cixin Liu A milestone New York Times Immense Barack Obama Unique George R R Martin SF in the grand style Guardian Mind altering and immersive Daily Mail *Chinese and Western Literary Influence in Liu Cixin's Three Body Trilogy* Will Peyton, 2021-07-30 Chinese and Western Literary Influence in Liu Cixin's Three Body Trilogy examines Liu Cixin's acclaimed trilogy a Chinese science fiction epic whose translation is exceedingly popular in the Western world Will Peyton argues that the ingenuity of Liu's writing is found in its conscious engagement with translated Western fiction rather than as one might expect in Chinese language science fiction of the past The book illustrates how contemporary Chinese fiction since the economic opening of China in the late 1980s is deeply and complexly influenced by various strains in Western literary and intellectual thought an area that scholars of Chinese literature have tended to neglect Providing a lucid and succinct close reading and textual analysis of Three Body trilogy the book also makes reference to broader ideas and themes in modern Chinese and Western intellectual history **Death's End** Cixin Liu, 2016-09-20 Read the award winning critically acclaimed multi million copy selling science fiction phenomenon now a Netflix Original Series from the

creators of Game of Thrones Half a century after the Domsday Battle the uneasy balance of Dark Forest Deterrence keeps the Trisolaran invaders at bay Earth enjoys unprecedented prosperity due to the infusion of Trisolaran knowledge and with human science advancing and the Trisolarans adopting Earth culture it seems that the two civilizations can co exist peacefully as equals without the terrible threat of mutually assured annihilation But peace has made humanity complacent Cheng Xin an aerospace engineer from the 21st century awakens from hibernation in this new age She brings knowledge of a long forgotten program dating from the start of the Trisolar Crisis and her presence may upset the delicate balance between two worlds Will humanity reach for the stars or die in its cradle Praise for The Three Body Problem Your next favourite sci fi novel Wired Immense Barack Obama Unique George R R Martin SF in the grand style Guardian Mind altering and immersive Daily Mail Winner of the Hugo and Galaxy Awards for Best Novel Prophets of Computing Dick van Lente,2022-12-14 When electronic digital computers first appeared after World War II they appeared as a revolutionary force Business management the world of work administrative life the nation state and soon enough everyday life were expected to change dramatically with these machines use Ever since diverse prophecies of computing have continually emerged through to the present day As computing spread beyond the US and UK such prophecies emerged from strikingly different economic political and cultural conditions This volume explores how these expectations differed assesses unexpected commonalities and suggests ways to understand the divergences and convergences This book examines thirteen countries based on source material in ten different languages the effort of an international team of scholars In addition to analyses of debates political changes and popular speculations we also show a wide range of pictorial representations of the future with computers

Entanglements and Ambivalences Hongwei Bao,Daniel H. Mutibwa,2025-02-18 This book explores the media and cultural exchanges between Africa and China in the twenty first century against the backdrop of the rise of Africa and China in global geopolitics It situates these cultural encounters in historical and contemporary contexts and through the critical lens of the Global South It identifies a rising Global South consciousness despite lingering historical entanglements and emotional ambivalences that continue to characterise Africa China relations Bringing together scholars from various disciplines and from different parts of the world this book examines a wide range of cultural expressions such as arts literature translated works traditional and digital media artefacts and services and film festivals It also interrogates emerging cultural interactions experiences and practices engendered by the increasingly digitalised information and communication technology infrastructure underpinning Africa China connections and links In doing so the book contributes to a more nuanced understanding of Africa China relations today and the concept of the Global South **The Dark Forest** Cixin Liu,2015-08-11 Read the award winning critically acclaimed multi million copy selling science fiction phenomenon now a Netflix Original Series from the creators of Game of Thrones Imagine the universe as a forest patrolled by numberless and nameless predators In this forest stealth is survival any civilisation that reveals its location is prey Earth has Now the

predators are coming Crossing light years the Trisolarians will reach Earth in four centuries time But the sophons their extra dimensional agents and saboteurs are already here Only the individual human mind remains immune to their influence This is the motivation for the Wallfacer Project a last ditch defence that grants four individuals almost absolute power to design secret strategies hidden through deceit and misdirection from human and alien alike Three of the Wallfacers are influential statesmen and scientists but the fourth is a total unknown Luo Ji an unambitious Chinese astronomer is baffled by his new status All he knows is that he s the one Wallfacer that Trisolaris wants dead Praise for The Three Body Problem Your next favourite sci fi novel Wired Immense Barack Obama Unique George R R Martin SF in the grand style Guardian Mind altering and immersive Daily Mail Winner of the Hugo and Galaxy Awards for Best Novel In the Face of Adversity Thomas Nolden,2023-02-20 In the Face of Adversity explores the dynamics of translating texts that articulate particular notions of adverse circumstances The chapters illustrate how literary records of often painful experiences and dissenting voices are at risk of being stripped of their authenticity when not carefully handled by the translator how cultural moments in which the translation of a text that would have otherwise fallen into oblivion instead gave rise to a translator who enabled its preservation while ultimately coming into their own as an author as a result and how the difficulties the translator faces in intercultural or transnational constellations in which prejudice plays a role endangers projects meant to facilitate mutual understanding The authors address translation as a project of making available and preserving a corpus of texts that would otherwise be in danger of becoming censored misperceived or ignored They look at translation and adaptation as a project of curating textual models of personal communal or collective perseverance and they offer insights into the dynamics of cultural inclusion and exclusion through a series of theoretical frameworks as well as through a set of concrete case studies drawn from different cultural and historical contexts The collection also explores some of the venues that artists have pursued by transferring artistic expressions from one medium into another in order to preserve and disseminate important experiences in different cultural settings media and arts Global Science Fiction Gary Westfahl,2025-06-09 Science fiction represents a diverse community of writers and readers that spans the entire world This collection provides a global tour of the genre with essays about Latin American European African Arabic Indian Japanese and Chinese science fiction providing insights about how writers around the world have explored and reinvigorated the genre Essays by prominent critics from five continents inform about particular cultures and analyze representative texts by authors such as Tobias S Buckell Lourenco Mutarelli Stanislaw Lem Masande Ntshanga Tawfiq Al Hakim Anil Menon and Cixin Liu The contributing scholars examine how national experiences have shaped these narratives which often differ strikingly from Anglo American science fiction An introductory survey of foreign language science fiction in the United States endeavors to explain why so many of these texts have remained unknown to Anglophone readers An extensive bibliography lists numerous resources for further study of science fiction from various parts of the world **The Oxford Handbook of Modern Chinese Literatures** Carlos

Rojas, Andrea Bachner, 2016 With over forty original essays The Oxford Handbook of Modern Chinese Literatures offers an in depth engagement with the current analytical methodologies and critical practices that are shaping the field in the twenty first century Divided into three sections Structure Taxonomy and Methodology the volume carefully moves across approaches genres and forms to address a rich range topics that include popular culture in Late Qing China Zhang Guangyu s Journey to the West in Cartoons writings of Southeast Asian migrants in Taiwan the Chinese Anglophone Novel and depictions of HIV AIDS in Chu T ien wen s Notes of a Desolate Man

Clean Numerical Simulation Shijun Liao, 2023-10-25 This book describes the basic principles of Clean Numerical Simulation CNS proposed by the author in 2009 as well as several of its applications Unlike conventional algorithms CNS gives in a sufficiently long interval of time a convergent chaotic trajectory whose numerical noise is much lower than the true physical solution so that one can gain accurately Thus CNS provides for the first time an ability to check statistics stability of chaos leading to a completely new concept of ultra chaos which has both trajectory instability and statistics instability and thus is of a higher disorder Notably it is impossible to repeat experimental results of ultra chaos even in the statistical sense However the reproducibility of physical experiments forms a cornerstone for modern science Thus ultra chaos reveals an incompleteness of the modern science paradigm In addition it also reveals statistics stability as a precondition for use of conventional algorithms including direct numerical simulation DNS In Clean Numerical Simulation several conjectures and open problems are proposed including a modified fourth Clay millennium problem Indeed CNS opens the door for us to enter the clean numerical world of chaos and turbulence

The Bloomsbury Handbook of Modern Chinese Literature in Translation Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation

Editing the Soul Everett Hamner, 2017-10-02 Personal genome testing gene editing for life threatening diseases synthetic life once the

stuff of science fiction twentieth and twenty first century advancements blur the lines between scientific narrative and scientific fact This examination of bioengineering in popular and literary culture shows that the influence of science on science fiction is more reciprocal than we might expect Looking closely at the work of Margaret Atwood Richard Powers and other authors as well as at film comics and serial television such as Orphan Black Everett Hamner shows how the genome age is transforming both the most commercial and the most sophisticated stories we tell about the core of human personhood As sublime technologies garner public awareness beyond the genre fiction shelves they inspire new literary categories like slipstream and shape new definitions of the human the animal the natural and the artificial In turn what we learn of bioengineering via popular and literary culture prepares the way for its official adoption or restriction and for additional representations By imagining the connections between emergent gene testing and editing capacities and long standing conversations about freedom and determinism these stories help build a cultural zeitgeist with a sharper more balanced vision of predisposed agency A compelling exploration of the interrelationships among science popular culture and self Editing the Soul sheds vital light on what the genome age means to us and what s to come

Reclaiming Space James S. J. Schwartz, Linda Billings, Erika Nesvold, 2023 Reclaiming Space is an innovative study of space travel s history legitimacy and future The NewSpace movement that presently dominates spaceflight culture is characterized by distinctly Western free market capitalist values and associated with the space ambitions of the super wealthy This book exists to incubate illuminate and illustrate a more diverse and inclusive conversation about space exploration Reclaiming Space asks What would space exploration be like if we prioritized or even simply acknowledged the perspectives and value systems of individuals who are disabled aren t white aren t male or aren t characteristically Western in their values What can these perspectives teach us all about space exploration and its value or even its potential for harm that cannot be easily recognized or appreciated under the NewSpace status quo And what should we be doing differently when it comes to space exploration The twenty seven original essays in this volume provide much needed perspective on space exploration by offering counterpoints to mainstream thinking about space Essays address subjects such as the history and development of spaceflight culture both within and outside the United States the impact of science fiction and space art on how we conceptualize space diverse cultural narratives and responses to space and the ways space exploration might be leveraged in support of repairing injustices Reclaiming Space also considers what our responsibilities might be as a spacefaring species in the distant future Contributors include academics who research space exploration spaceflight culture space ethics and space policy as well as space artists and authors of award winning science and speculative fiction Written for space enthusiasts of all backgrounds Reclaiming Space is an engaging provocative volume of essays showcasing the perspectives of women persons of color and others who are typically left out of discussions of space exploration

Science Fiction and the Historical Novel Ian P. MacDonald, Kate Polak, 2024-09-16 If you woke to realize that you could rewrite your yesterday without knowing the kind of

tomorrow it would grant you would you do it Are the authors of our destiny working with an outline or spit balling confusing plotlines Since the past changes possible futures to what alighting butterfly should we pay the most heed This book explores the liminal space between speculative fiction and the historical novel Staged as a transnational multicultural conversation it takes up a call originally made by Fredric Jameson in *Archaeologies of the Future* wherein he describes that flashpoint between speculative and historical genres as the symptom of a mutation in our relationship to historical time itself Drawing together postcolonial feminist cultural Indigenous and cognitive approaches *Science Fiction and the Historical Novel* asks what the past can offer a future oriented world and how the future can be imagined in relation to a past that seeks narratives of inevitability rather than possibility Engaged with the idea of the past as a model for the future authors in this volume probe the extent to which historical scripts delimit possibilities and how authors engaged with the practice of alternative pasts rewrite potentialities in the present
