Encyclopedia Of Occult Scienses Vol. IV Cartomancy (Taroc Reading) and Oniromansy (Keys to the Dreams) Poinso, Maffeo,2015-10-07 Speak of Cartomancy in a company I will not say favourably but merely sincere and without prejudice First of all of ten persons eight will confess that they have consulted secretly card readers and six at least will tell you that they have been surprised at the correctness of what was foretold them Would it be possible to attempt if not a doctrine at least an explanation I believe myself that a good cartomancer begins by guessing fairly correctly the state of mind of her clients Being a physiognomist she guesses from their appearance their voice their looks by questioning them skilfully without their being able to see the drift of her questions which seem so alien to their cares by drawing attention for instance to the meaning of some of the cards which she tosses so carelessly on the table she guesses their secret desires she reads them and makes deductions as to their past Something then takes place in the cartomancer combined of intuition perhaps clairvoyance suggestion which has the result that the client subsequently lets his thoughts travel in the direction of what has been foretold and unconsciously works towards its fulfilment whether the prophecy was of good to come or alas of ill luck We touch here upon Magic of which I shall speak presently where the power of the word so often has such powerful results In the result therefore it is not so much the meaning of the cards or of the leaves of the Taroc which is of importance as the state of mind created in the client with respect to the explanations given and which might be different arbitrary and it is this state of mind which induces him to translate into reality the events foretold by the cartomancer And it may even be asked whether the cartomancer that is to say the intermediary between the client and the future is necessary for the purpose of the former discovering the latter What is known as a result made alone in the home creates a similar state of mind of autosuggestion if we believe the words of Desbarolles If you attach faith to a sign of any kind when you question this sign in your own way it will answer you and it will answer you correctly if your faith is strong

**God is a Great Philosopher** Deepak Gupta,2024-01-31 God is the best

storyteller and the best part is it's non-fiction. Is everything really random or is there some pattern followed by some energy? Do you believe magic happens? Do you believe there is some energy that is running this world? We feel we are our own answers. Trust me, I will make you believe in the magic in your life. Definitely. If you try to find the logic, all the universal truths will fail. God's logic is very simple. You are your answer to everything. As the entire world is seeking the truth we would like revealing the secrets of our universe where we feel like we can genuinely control your destinies too. Indeed, you read it right, we can control our destiny. We all can control our destiny, but sometimes because that's the web that's the philosophy of God. We are conscious human beings and we work with logic. We definitely know what we are really doing. God is a great philosopher, being quite a theoretical yet real practical concept because just like we can't prove the existence of God, we can't prove some of the advanced concepts until we experience it, but we can tell you one significant thing: this book will open your soul forever, and after reading this, you will never be the same as you are right now. It takes a lot of involvement of your heart to understand the philosophy of God. The roots of our hearts are spread everywhere in our soul. With love, we make arduous things easy. With a mind, we are consumed in little time.

fingers rattling the leaded windows Inside Count Vlad a creature of both immense power and profound solitude sat bathed in the flickering light of a vast fireplace The flames danced in a macabre ballet casting long distorted shadows that writhed across the intricately carved oak paneling He was a study in contrasts a man of breathtaking beauty his pale skin stretched taut over sharp cheekbones his eyes the color of a stormy night cobalt blue to obsidian black yet his features held the harsh angles of a predator etched by centuries of darkness and a life lived far beyond the boundaries of mortality He sighed a sound like the rustling of dry leaves in the autumn wind He turned from the window his eyes falling upon a single perfect white orchid sitting in a crystal vase on his desk The delicate flower with its exquisite petals and intoxicating fragrance was a stark contrast to the grim reality of his life It was a gift a rare and precious thing one he'd sent to Leanne only hours before The thought of her a flicker of warmth in his otherwise desolate existence brought a faint smile to his lips Leanne was an anomaly a woman who somehow saw beyond the darkness that cloaked him who saw the heart of a man hidden beneath layers of cynicism and power She was his refuge his only true connection to the world of mortals Their bond was not a love story in the traditional sense rather an intricate dance between two souls seeking solace in a world consumed by shadows A quiet comfort in the darkness a fragile understanding that bloomed in the most unlikely of places And tonight he found himself anticipating her next visit her soft presence a glimmer of hope in the overwhelming solitude of his immortal existence Her past was not a gentle tapestry woven with threads of joy and comfort It was a harsh unforgiving landscape scarred by loss and etched with the marks of trauma Alexander then a mere lieutenant in Vlad's army was a figure sculpted from the very essence of the Carpathians themselves strong silent and impossibly lethal His eyes the color of an erupting volcano crimson red held a chilling intensity that spoke of countless battles fought and won his movements as fluid and deadly as a panther's But even in the midst of carnage a different kind of beauty bloomed It was in the quiet moments between battles amidst the ravaged landscape that Alexander met Leanna He had found her in town of Vlad's garden within his castle walls They started eating lunch together whenever they could Stolen moments during the day where Vlad could not touch them He did not know the extent of Vlad's obsession with Leanne or their lost connection Leanna with her hair the color of spun moonlight and eyes that held the wisdom of ages was the antithesis of the brutal world that surrounded them Her laughter a tinkling bell in the shadowed forests was a balm to Alexander's wounded soul a counterpoint to the constant symphony of violence that echoed through the Carpathians Vlad's rage was a physical thing a tangible heat that radiated from him as he tore through the opulent chambers of Blackwood Castle He'd spent weeks months even away leading his brutal campaign across the ravaged northern territories his mind constantly returning to the vision of Leanne her laughter echoing faintly in the clang of steel and the screams of his enemies He'd entrusted her safety to Alexander his most loyal or so he'd thought knight a man bound to him by oaths of fealty older than the kingdom itself Who will Leanne choose to have a life with
