**A Labor of Love** Glenn V. Sherwood,1990      **A Labor of Love** Glenn V. Sherwood,1997 VINNIE REAM was a government postal worker and a teenage art prodigy who studied at the U S Capitol during the Civil War She was able to model Abraham Lincoln prior to his assassination in 1865 In 1866 Congress wanted a statue of Lincoln and voted to give the young woman a chance to make the work Vinnie became the first woman and the youngest artist to receive a U S Government commission for a statue Her tragic true to life marble figure of Lincoln in the U S Capitol rotunda was unveiled in 1871 The work and its artist generated a storm of controversy Vinnie Ream overcame a campaign of slander and courageously completed the statue despite many obstacles This book is the true story of that dramatic struggle It is an attempt to document the life and work of a famous but forgotten American woman sculptor The information it contains came from hundreds of sources and is the end result of many years of study The book shows the known art of Vinnie Ream in pictures and presents an inventory of her work for the first time One purpose of this is to challenge the assumption that she was only an artist of secondary importance It is our hope that her true role in art history can be better determined by this detailed survey Another purpose of this volume is to tell an accurate version of Vinnie Ream s life story It attempts to transcend both the Cinderella and notorious elements written in the past by giving more original and more balanced information Uncut speeches debates news stories and letters have been included where possible to let the characters speak for themselves It is our hope that this book will stimulate more in depth study of neglected artists and help to hoist them out of the abyss of historical obscurity      *Vinnie and Abraham* Dawn FitzGerald,2009-02-01 The true story of Vinnie Ream s courage and persistence in the service of art and in the service of a friend      [The Selected Papers of Elizabeth Cady Stanton and Susan B. Anthony](#) Elizabeth Cady Stanton,1997 The second volume in the six volume series documenting the accomplishments of the two most famous American suffragists Featured in Ken Burns s new documentary Not for Ourselves Alone The Story of Elizabeth Cady Stanton and Susan B Anthony      **Columbia College** Paulina Ann Batterson,2001 Columbia College formerly known as Christian College was founded in 1851 in the small frontier town of Columbia Missouri Touted as the first women s college west of the Mississippi River Columbia College emerged as virtually a sister college to the University of Missouri sharing leadership faculty and curriculum Covering each of the school s presidential administrations Columbia College examines all aspects of the college academic administrative financial athletic and student life Particular emphasis is placed on the role various individuals played over the years Although created through the zealous efforts of progressive leaders of the Christian Church Disciples of Christ the college was bound by its charter to be nondenominational an issue that sometimes led to passionate sectarian quarrels within the fledgling institution Despite pre Civil War political differences denominational rivalries and personality clashes the college struggled to survive Through 150 years of continuity and change Columbia College has tenaciously upheld its liberal arts tradition as a teaching centered

institution seeking innovative ways to broaden educational horizons and meet the needs of new generations From the sheltered environment of Christian Female College Columbia College has evolved into a modern coeducational institution with twenty four military and civilian extended campuses across the United States and in Puerto Rico and a thriving evening campus that specializes in adult education Columbia College will be of great interest to Columbia College alumni as well as to anyone with an interest in liberal arts and adult education Those wishing to preserve the endangered tradition of the small private college will find the Columbia College experience not only an inspiration but also a lesson in creativity loyalty and dedication

**The Women In Lincoln's Life** Donald Winkler,2001-10-01 The tumultuous experiences Abraham Lincoln had with the women in his life have long been known but here the stories have been brought together and filled out with newly discovered accounts in a fresh new way that shows their effect on Lincoln's personality ambition and spirit The death of his mother when he was nine years old gave him a feeling of abandonment The discovery that his mother's ancestry and reputation were scandalous and that he may have been illegitimate The unexpected death of his beloved sister Sarah The untimely death of Ann Rutledge probably the only woman with whom Lincoln shared a deep wonderful love His sudden and unexpected marriage to Mary Todd a marriage that was Lincoln's greatest tragedy Not overlooked are the positive impacts of women on Lincoln and he on them especially his stepmother the first person to treat him with respect This in depth book reveals the effect that women had on Abraham Lincoln's life and career

*Emancipating Lincoln* Harold Holzer,2012-02-27 The Emancipation Proclamation is responsible both for Lincoln's being hailed as the Great Emancipator and for his being pilloried by those who consider his once radical effort at emancipation insufficient Holzer examines the impact of Lincoln's announcement at the moment of its creation and then as its meaning has changed over time

**Haunted by the Civil War** Shirley Samuels,2025-10-28 How the legacy of the Civil War as presented by writers poets and artists of the time has shaped American visions of democracy In *Haunted by the Civil War* Shirley Samuels explores the work of Walt Whitman Emily Dickinson Herman Melville Frederick Douglass Charlotte Perkins Gilman and others to investigate the long cultural shadow

of America's cataclysmic sundering Juxtaposing these texts with images ranging from paintings by Winslow Homer to newspaper and magazine illustrations of political controversies Samuels argues that the Civil War still haunts our attitudes toward democracy The recent toppling of Confederate monuments the continuing protests over racial and sexual discrimination immigration and Indigenous land rights each of these forms part of the war's legacy Examining the fraught deliberations about an ideal American democracy in the early republic Samuels turns to the language of sensation in the poetry of Melville Dickinson and Whitman alongside Lincoln's relation to the poetic and visual culture of his time She considers the haunted afterlives of war in the work of Louisa May Alcott and Harriet Beecher Stowe as well as in popular nineteenth century inspirational fiction And she investigates the literature of men at sea and on rivers enabling both connection and escape as seen in Melville and Mark Twain while examining women's wartime work and experience in writings by Gilman and Frances Harper Why does the Civil War still haunt us To find the answer Samuels identifies not only the ghosts that cannot rest but also the cultural practices that name them *Edmund G. Ross* Richard A. Ruddy, 2013-11 Ross was a significant abolitionist journalist Union officer and eventually territorial governor of New Mexico This first full scale biography of Ross reveals his importance in the history of the United States Provided by publisher **Pathfinder** Tom Chaffin, 2014-04-07 John C Frmont's expeditions between 1838 and 1854 captured the public's imagination inspired Americans to accept their nation's destiny as a vast continental empire and earned him his enduring sobriquet The Pathfinder This biography demonstrates Frmont's vital importance to the history of American empire and his role in shattering long held myths about the ecology and habitability of the American West Famous Wisconsin Artists and Architects Hannah Heidi Levy, 2004 This book profiles well known artists and architects as well as lesser known off beat characters **Ambitious Honor** James E. Mueller, 2020-11-19 George Armstrong Custer one of the most familiar figures of nineteenth century American history is known almost exclusively as a soldier his brilliant military career culminating in catastrophe at Little Bighorn But Custer author James E Mueller suggests had the soul of an artist not of a soldier Ambitious Honor elaborates this radically new perspective arguing that an artistic passion for creativity and recognition drove Custer to success and ultimately to the failure that has overshadowed his notable achievements Custer's ambition is well known and played itself out on the battlefield and in his persistent quest for recognition What Ambitious Honor provides is the context for understanding how Custer's theatrical personality took shape and thrived beginning with his training at a teaching college before he entered West Point Teaching Mueller notes requires creativity and performance both of which fascinated and served Custer throughout his life in his military leadership his politics and even his attention getting self designed uniforms But Custer's artistic personality emerges most clearly in his writing career where he displayed a talent for what we now call literary journalism Ambitious Honor offers a close look at Custer's work as a best selling author right up to the time of his death when he was writing another book and planning a speaking tour after the 1876 campaign against the Sioux and

Cheyenne Custer's fate at Little Bighorn was so dramatic that it sealed his place in the national story and obscured Mueller contends the more interesting facets of his true nature. Ambitious Honor shows us Custer anew as an artist thrust into the military because of the times in which he lived. This nuanced portrait for the first time delineates his sense of image whether as creator or consumer forever alters Custer's own image in our view.

**Lincoln's America** Joseph R. Fornieri, Sara Vaughn Gabbard, 2008-11-07 To fully understand and appreciate Abraham Lincoln's legacy it is important to examine the society that influenced the life, character and leadership of the man who would become the Great Emancipator. Editors Joseph R. Fornieri and Sara Vaughn Gabbard have done just that in *Lincoln's America 1809-1865*, a collection of original essays by ten eminent historians that place Lincoln within his nineteenth-century cultural context. Among the topics explored in *Lincoln's America* are religion, education, middle-class family life, the antislavery movement, politics and law. Of particular interest are the transition of American intellectual and philosophical thought from the Enlightenment to Romanticism and the influence of this evolution on Lincoln's own ideas. By examining aspects of Lincoln's life, his personal piety in comparison with the beliefs of his contemporaries, his success in self-schooling when frontier youths had limited opportunities for a formal education, his marriage and home life in Springfield and his legal career in light of broader cultural contexts such as the development of democracy, the growth of visual arts, the question of slaves as property and French visitor Alexis de Tocqueville's observations on America, the contributors delve into the mythical Lincoln of folklore and discover a developing political mind and a changing nation. As *Lincoln's America* shows, the sociopolitical culture of nineteenth-century America was instrumental in shaping Lincoln's character and leadership. The essays in this volume paint a vivid picture of a young nation and its sixteenth president, arguably its greatest leader.

*A Sisterhood of Sculptors* Melissa Dabakis, 2020-05-01 This project is made possible through support from the Terra Foundation for American Art. When Elizabeth Cady Stanton penned the Declaration of Sentiments for the first women's rights convention held in Seneca Falls, New York, in 1848, she unleashed a powerful force in American society. In *A Sisterhood of Sculptors*, Melissa Dabakis outlines the conditions under which a group of American women artists adopted this egalitarian view of society and negotiated the gendered terrain of artistic production at home and abroad. Between 1850 and 1876, a community of talented women sought creative refuge in Rome and developed successful professional careers as sculptors. Some of these women have become well known in art-historical circles: Harriet Hosmer, Edmonia Lewis, Anne Whitney and Vinnie Ream. The reputations of others have remained until now buried in the historical record: Emma Stebbins, Margaret Foley, Sarah Fisher Ames and Louisa Lander. At midcentury, they were among the first women artists to attain professional stature in the American art world while achieving international fame in Rome, London and other cosmopolitan European cities. In their invention of modern womanhood, they served as models for a younger generation of women who adopted artistic careers in unprecedented numbers in the years following the Civil War. At its core, *A Sisterhood of Sculptors* is concerned with the gendered nature of creativity and expatriation. Taking guidance from feminist

theory cultural geography and expatriate and postcolonial studies Dabakis provides a detailed investigation of the historical phenomenon of women's artistic lives in Rome in the mid nineteenth century As an interdisciplinary examination of femininity and creativity it provides models for viewing and interpreting nineteenth century sculpture and for analyzing the gendered status of the artistic profession      **Forthcoming Books** Rose Arny,1996-10      **The Unfinished Exhibition**

Susanna Gold,2016-12-08 The Unfinished Exhibition the first comprehensive examination of American art at the Centennial explains the critical role of visual culture in negotiating memories of the nation's past that conflicted with the optimism that Exhibition officials promoted Supporting novel iconographical interpretations with myriad primary source material author Susanna W Gold demonstrates how the art galleries and the audiences who visited them addressed the lingering traumas of battle the uneasy re unification of North and South and the persisting racial tensions in the post Emancipation era
