A Long Road Home By Request 2s:

The Long Road Home Koba Sharikov, 2015-11-06 Koba Sharikov is a truly dauntless man who has achieved many things in spite of the difficulties he has faced and has made the impossible become possible Abandoned at birth to an orphanage in the midst of World War II Sharikov's story reveals the true diversity of human life from larceny to love loss and boatbuilding His is a life lived to its full potential where education both formal and informal became a passport to adventure I had a dream to live a life with no poetry unwritten no song unsung and no painting left unpainted so that at the end I could claim that all has been said and done These pages scratch the surface of a life lived with vigour and enthusiasm and take the reader on a vivid and inspiring journey Follow Sharikov's transformation from the small boy who took sanctuary amid the roots of a tree near his orphanage to the man who moved on to provide similar roots to orphaned African children His life's story is truly a testimony to his motto more is in me *The Long Road Home* Vernon E. Davis, 2000 Contains a history of the United States role in shaping prisoner of war policy during the Vietnam War Reveals the difficult often emotional and vexing nature of a problem that engaged the attention of the highest officials of the United States government Examines frictions and disagreements between the State and Defense Departments and within Defense itself as a sometimes conflicted organization struggled to cope with an imposing array of policy issues **The Long Road Home** United States. Congress. Commission on Security and Cooperation in Europe, 1999 *The Darkness Vs. Fox, 2018-05-23 Tells the story of a young couple in love during World War II and the difficulties they faced both at war and on the home front We Are Going to Be Lucky tells the story of a first generation Jewish American couple separated by war captured in their own words Lenny and Diana Miller were married just one year before America entered World War II Deeply committed to social justice and bonded by love both vowed to write to

one another daily after Lenny enlisted in 1943. As Lenny made his way through basic training in Mississippi to the beaches of Normandy and eventually to the Battle of the Bulge, Diana struggled financially, giving up her job as a machinist to become a mother. Their contributions to the war effort, Lenny's crucial missions as an Army scout and Diana's work in the Brooklyn Navy Yard, are the backdrop to their daily correspondence, including insightful discussions of democracy, politics, and economic hardship. Faced with grueling conditions overseas, Lenny managed to preserve every letter his wife sent, mailing them back to her for safekeeping. The couple's extraordinary letters, preserved in their entirety, reveal and reflect the excruciating personal sacrifices endured by both soldiers at war and their young families back home. After decades of gathering dust, their words have been carefully transcribed and thoughtfully edited and annotated by Elizabeth L. Fox, Lenny and Diana's daughter. This beautiful book reveals both the quotidian lives on the military and home front, as well as big political issues of the day, like the death of Mussolini and the fight against fascism. Throughout it all, the reader gets glimpses of American society through a first-generation Jewish American perspective, as they comment on the mundane details of daily finances, as well as looming issues like racial politics in the wartime United States. The result is a pure joy and a window into a lost world. David Shneer, author of *Through Soviet Jewish Eyes: Photography, War, and the Holocaust*. At the heart of this fascinating and educational tale about a soldier and his wife during wartime is a wonderful love story. Lenny and Diana become relatable almost immediately. Their excitement at their experiences, the eagerness with which they anticipate their few reunions, the battles he is in, the pregnancy and birth of their daughter, draws readers in and allows them to live through the era as ordinary people experienced it, day in and day out. Richard Aquila, author of *Home Front Soldier: The Story of a GI and His Italian American Family During World War II*. This is a truly remarkable story, contextualized just enough by the editor to provide the reader with a sufficient understanding of the history of the times without taking away the daily realities of a young couple making their way through letters and the occasional souvenir till their final reunion. It pulls you in in such a way that you will not want to put the book down until the finish. Melissa Suzanne Fisher, author of *Wall Street Women*. The correspondence of Lenny and Diana is a compelling account of the war through the eyes of an American soldier in Europe and his wife who stayed in the United States. The drama centers on the birth of their first child in America and Lenny's increasingly dangerous war. Lenny was to go on to become an eminent scholar of John Milton, and these letters show the young scholar at work, struggling to obtain research materials while recovering from serious injuries sustained at the Battle of the Bulge. Gordon Campbell, University of Leicester. Is there any genre of writing more immediate and soul-bearing than the love letter? In *We Are Going to Be Lucky*, Elizabeth L. Fox allows us inside the lives of one New York couple as they endure the challenges of living apart through World War II. Lenny, from the battlefield, and Diana, at home in Brooklyn. From arduous training to the difficulties of factory work, from the hopefulness of pregnancy to a near-fatal injury and painful convalescence, this carefully edited collection of correspondence reveals the pain, sacrifice, and everyday struggles and magnanimity of the

What a strange fascinating and ultimately powerful account of one man's endurance of life as a POW during the American war in Vietnam. This book I believe will stand the test of time as one of the finest nonfiction narratives to emerge from the Vietnam War. Tim O'Brien, author of *The Things They Carried*, on April 6, 1967, twenty-year-old U.S. Navy Seaman Apprentice Doug Hegdahl fell off his ship, a guided missile cruiser, in the Gulf of Tonkin. Close to exhaustion after nearly four hours in the water, he was picked up by a small fishing boat and soon found himself in Hanoi, the notorious North Vietnamese POW camp. The prisoners called it the Hanoi Hilton. Under intense interrogation, Hegdahl pretended to be a country bumpkin who could barely read or write. His captors fell for the ruse, calling him "The Incredibly Stupid One." But Doug Hegdahl was far from stupid. Possessing a razor-sharp memory, during the next two years he memorized the names of 254 fellow prisoners, and senior officers ordered him to accept an early release. After coming home in August 1969, Hegdahl shocked his debriefers by rattling off the names of the men Hanoi had admitted holding, only a few dozen, although the U.S. military had reliable intel on scores of others. With Hegdahl's names, 63 missing servicemen were reclassified to Prisoners of War. But that's not all. In addition to divulging the names, Doug Hegdahl told the Pentagon about the systematic torturing of the American POWs in Hanoi and reported many other hitherto unknown details about life inside the Hanoi POW camps. The new information became an important factor in North Vietnam's fall 1969 decision to make life immeasurably easier for the 500-plus POWs held in Hanoi and assuaged the doubts and fears of dozens of POW families. In a vividly written book based on archival research, personal interviews, and his experiences in the Vietnam War, Marc Leepson, for the first time, tells the incredible tale of the youngest and lowest-ranking American POW captured in North Vietnam. Doug Hegdahl has never been properly recognized for his extraordinary efforts, and his story has never been fully told. It's a story of survival, his own and scores of POWs. As a U.S. Navy historian put it, the North Vietnamese made a bad mistake when they released Seaman Doug Hegdahl.

[Strawberry Days](#) David Neiwert, 2015-01-06

Strawberry Days tells the vivid and moving tale of the creation and destruction of a Japanese immigrant community. Before World War II, Bellevue, the now-booming edge city on the outskirts of Seattle, was a prosperous farm town renowned for its strawberries. Many of its farmers were recent Japanese immigrants who, despite being rejected by white society, were able to make a living cultivating the rich soil. Yet the lives they created for themselves through years of hard work vanished almost instantly after the bombing of Pearl Harbor. David Neiwert combines compelling story telling with first-hand interviews and newly uncovered documents to weave together the history of this community and the racist schemes that prevented the immigrants from reclaiming their land after

the war Ultimately Strawberry Days represents more than one community's story reminding us that bigotry's roots are deeply entwined in the very fiber of American society **Billboard**, 2006-10-21 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Disrupting Mobility** Gereon Meyer, Susan Shaheen, 2017-01-04 This book explores the opportunities and challenges of the sharing economy and innovative transportation technologies with regard to urban mobility Written by government experts social scientists technologists and city planners from North America Europe and Australia the papers in this book address the impacts of demographic societal and economic trends and the fundamental changes arising from the increasing automation and connectivity of vehicles smart communication technologies multimodal transit services and urban design The book is based on the Disrupting Mobility Summit held in Cambridge MA USA in November 2015 organized by the City Science Initiative at MIT Media Lab the Transportation Sustainability Research Center at the University of California at Berkeley the LSE Cities at the London School of Economics and Politics and the Innovation Center for Mobility and Societal Change in Berlin **Herbert H. Lehman** Duane Tananbaum, 2016-12-20 This new biography of Herbert Lehman the first in a half century fills the void left by historians and political scientists who have neglected one of the truly great liberal icons of the mid twentieth century Based on extensive research in archival sources Herbert H Lehman restores this four term Governor of New York US Senator national and international humanitarian and political reformer to his rightful place among the pantheon of liberal heroes of his era By focusing on Lehman's interactions with Al Smith Franklin Roosevelt Harry Truman Lyndon Johnson and John Kennedy Duane Tananbaum shows how Lehman succeeded politically despite his refusal to compromise with his conscience In his thirty five years of public service Herbert Lehman fought the Republicans in the State Legislature to provide economic security for New Yorkers during the Great Depression and he battled the bureaucrats in the Roosevelt and Truman administrations and the United Nations Relief and Rehabilitation Administration to feed the starving people in Europe and Asia during and after World War II His efforts on behalf of the welfare state civil rights legislation and immigration reform helped keep the liberal agenda alive until Congress and the nation were ready to enact it into law as part of Lyndon Johnson's Great Society in 1964 1965 **Field & Stream**, 1982-10 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **Celebrity in the Time of Covid** Christina S. Beck, 2022-07-25 This work describes the crucial role celebrities played in the emergence of two competing narratives about Covid 19 one a pro science narrative that advocated for preventive measures and the other a skeptical counter narrative that denied the disease's existence or downplayed its severity During the first postmodern pandemic a slew of interactions took place across a variety of platforms between

prominent figures and those who connected with them forming parasocial communities that framed perspectives on Covid 19. The author first describes how Covid 19 unfolded in the world of sports then goes on to explain how supportive behavior toward public officials fueled the two competing narratives emphasizing how celebrities themselves aided in the development of common perspectives. The text concludes with a description of how citizens initially regarded health care professionals as heroes but even the most powerful public appeals could not persuade some that Covid 19 posed a genuine threat. Exploring the polarity of publicly held beliefs, this book documents how celebrity advocacy had a lasting effect on people's health choices during a global pandemic.
