A Haiti Anthology Libete:

A Haiti Anthology Charles Arthur, 1999 A Companion to the Literatures of Colonial America Susan Castillo, Ivy Schweitzer, 2008-04-15 This broad introduction to Colonial American literatures brings out the comparative and transatlantic nature of the writing of this period and highlights the interactions between native non scribal groups and Europeans that helped to shape early American writing. It situates the writing of this period in its various historical and cultural contexts including colonialism imperialism diaspora and nation formation. Highlights interactions between native non scribal groups and Europeans during the early centuries of exploration. Covers a wide range of approaches to defining and reading early American writing. Looks at the development of regional spheres of influence in the seventeenth and eighteenth centuries. Serves as a vital adjunct to Castillo and Schweitzer's The Literatures of Colonial America. An Anthology Blackwell Publishing 2001

A Haitian Anthology, 1999 Magical Reels John King, 2000-09-17 On Latin American cinema **A Pepper-pot of Cultures** Gordon Collier, Ulrich Fleischmann, 2003 The terms creole and creolization have witnessed a number of significant semantic changes in the course of their history. Originating in the vocabulary associated with colonial expansion in the Americas it had been successively narrowed down to the field of black American culture or of particular linguistic phenomena. Recently creole has expanded again to cover the broad area of cultural contact and transformation characterizing the processes of globalization initiated by the colonial migrations of past centuries. The present volume is intended to illustrate these various stages either by historical and or theoretical discussion of the concept or through selected case studies. The authors are established scholars from the areas of literature linguistics and cultural studies they all share a lively and committed interest in the Caribbean area certainly not the only or even oldest realm in which processes of creolization have shaped human societies but one that offers by virtue of its history of colonialization and cross cultural contact its most pertinent example. The collection beyond its theoretical interest thus also constitutes an important survey of Caribbean studies in Europe and the Americas. As well as searching overview essays there are sociolinguistic contributions on the linguistic geography of criollo in Spanish America the Limonese creole speakers of Costa Rica creole language and identity in the Netherlands Antilles and the affinities between Papiamentu and Chinese in Curaçao. Ethnohistorical examinations of such topics as creole transgression in the Dominican Haitian borderland the Haitian Mandingo and African fundamentalism creolization and identity in West Central Jamaica Afro Nicaraguans and national identity and the Creole heritage of Haiti studies of religion and folk culture including voodoo and creolization in New York City the creolization of the Mami Wata water spirit and signifying processes in New World Anancy tales a group of essays focusing on the thought of Édouard Glissant Maryse Condé and the Creole writers and case studies of artistic expression including creole identities in Caribbean women's writing Port au Prince in the Haitian novel Cynthia McLeod and Astrid Roemer and Surinamese fiction Afro Cuban artistic expression and metacreolization in the fiction of Robert Antoni and Nalo Hopkinson *Look Away!* Jon

Geographies of the Haitian Diaspora

Regine O. Jackson, 2011-06-27 This book considers the full sweep of Haitian community invention and recreation in a multitude of national territories with an eye toward the place factors that shape the everyday lives of Haitian migrants Regine O Jackson brings together an interdisciplinary group of scholars to explore how Haitian communities differ across time and place as well as how migrants adjust to new economic political and racial realities The volume includes descriptive ethnographies of Haitians in 19th century Jamaica eastern Cuba Detroit the Dominican Republic Guadeloupe Paris and Boston and innovative scholarly work on non geographic sites of Haitian community building The most important question addressed here is not whether the places described represent typical or exceptional Haitian diasporic communities but how why and to what effect do Haitians in particular places use diaspora as a signifier By examining the diversity and sameness of the Haitian experience in diaspora Geographies of the Haitian Diaspora asks how we might situate community in view of increased scholarly attention to transnational processes
