For years Douglas Stuart's Old Testament Exegesis has been one of the most popular ways to learn how to perform exegesis the science and art of interpreting biblical texts properly for understanding as well as proclamation Completely updated and substantially expanded this new edition includes scores of newer resources a new configuration of the format for the exegesis process and an entirely new section explaining where to find and how to use the latest electronic and online resources for doing biblical research Stuart provides guidance for full exegesis as well as for a quicker approach to provide information specifically tailored to the task of preaching A glossary of terms explains the sometimes bewildering language of biblical scholarship and a list of frequent errors guides the student in avoiding common mistakes No exegetical guide for the Old Testament has been more widely used in training ministers and students to be faithful careful interpreters of Scripture

Porter, 2022-02-07 This handbook provides a substantial theoretical and practical guide to the multi faceted discipline of exegesis of the New Testament After an introduction to exegesis and a bibliographic essay on the basic tools the volume has two major parts The first focuses on method and includes essays on the major approaches to exegesis including textual criticism language genre and backgrounds The second part applies exegetical method to the various literary units of the New Testament Most exegetical handbooks are either too short and brief thereby failing to cover the requisite current topics in sufficient depth or too technically difficult failing to provide a useful methodology This coordinated volume offers succinct and well informed essays with plenty of bibliography written by experts in their respective fields The handbook will serve well as a textbook as well as a reference book to the major tools and topics in the area This publication has also been published in paperback please click here for details

methodology as well as resources Illustrations     Interpreting the New Testament Text Darrell L. Bock,Buist M.

Fanning,2006-10-20 With the explosive increase in availability of English Bible translations the question can easily be asked Why bother with the hard work of biblical exegesis Computers can translate foreign languages and our English texts can take us very close to the original meanings so why exegete Answer because the deepest truths of the Bible are found through the

deepest study This book teaches the principles methods and fundamentals of exegeting the New Testament It also has

examples of textual exegesis that clearly and helpfully show the value of exegeting a text well Any serious student of

Scripture would benefit from utilizing this book in the study of the Bible     *Interpreting the Synoptic Gospels (Guides to*

Andrews,2023-07-16 **BIBLICAL EXEGESIS** Biblical Criticism on Trial seeks to firmly establish and defend a conservative

approach to biblical exegesis while meticulously exposing and critiquing the fallacies and biases prevalent in modern biblical

criticism The central thesis posits that liberal moderate biblical criticism incorporating literary criticism rhetorical criticism

narrative criticism form criticism tradition criticism redaction criticism structuralism poststructuralism canonical criticism

and historical criticism are fundamentally flawed and speculative It highlights that these methods often presented as

objective and scientific are indeed reflective of broader ideological systems such as secular humanism the Enlightenment and

German idealism which have significantly swayed Western academia and thought over the past four centuries The book

argues that these critical methodologies constitute an ongoing assault on the Bible reinforcing scholar biases and distancing

biblical interpretation from truth The ultimate goal is to equip readers with a clear understanding of conservative exegetical

principles and methods demonstrating how these approaches are grounded in an unswerving commitment to the authority

and inerrancy of Scripture thereby offering an antidote to the subjective and ideologically skewed practices of modern

biblical criticism It is also a warning Biblical criticism has opened the gates to a flood of pseudo scholarly works whose

influence has been to undermine people s confidence in the Bible     **Biblical Hermeneutics** Stanley E. Porter,Beth M.

Stovell,2012-04-25 This book presents proponents of five approaches to biblical hermeneutics and allows them to respond to

each other The five approaches are the historical critical grammatical Craig Blomberg redemptive historical Richard Gaffin
