Picasso and the Painting That Shocked the World Miles J. Unger, 2019-03-26 One of The Christian Science Monitor's Best Nonfiction Books of 2018 An engrossing read a historically and psychologically rich account of the young Picasso and his coterie in Barcelona and Paris The Washington Post and how he achieved his breakthrough and revolutionized modern art through his masterpiece Les Femmes d'Alger In 1900 eighteen year old Pablo Picasso journeyed from Barcelona to Paris the glittering capital of the art world For the next several years he endured poverty and neglect before emerging as the leader of a bohemian band of painters sculptors and poets Here he met his first true love and enjoyed his first taste of fame Decades later Picasso would look back on these years as the happiest of his long life Recognition came first from the avant garde then from daring collectors like Leo and Gertrude Stein In 1907 Picasso began the vast disturbing masterpiece known

as Les Femmes d'Alger (O.J. 1900) Inspired by the painting of Paul Cézanne and the inventions of African and tribal sculpture Picasso created a work that captured the disorienting experience of modernity itself The painting proved so shocking that even his friends assumed he'd gone mad but over the months and years it exerted an ever greater fascination on the most advanced painters and sculptors ultimately laying the foundation for the most innovative century in the history of art In Picasso and the Painting That Shocked the World Miles J Unger combines the personal story of Picasso's early years in Paris his friendships his romances his great ambition his fears with the larger story of modernism and the avant garde The Christian Science Monitor This is the story of an artistic genius with a singular creative gift It is riveting This engrossing book chronicles with precision and enthusiasm a painting with lasting impact in today's art world Publishers Weekly starred review all of it played out against the backdrop of the world's most captivating city **A Life of Picasso Volume I** John Richardson, 2013-01-31 From 1950 to 1962 John Richardson lived near Picasso in France and was a friend of the artist With a view to writing a biography the acclaimed art historian kept a diary of their meetings After Picasso's death his widow Jacqueline collaborated in the preparation of this work giving Richardson access to Picasso's studio and papers Volume one of this extraordinary biography establishes the complexity of Picasso's Spanish roots his aversion to his native Malaga and his passion for Barcelona and Catalan modernisme Richardson introduces new material on the artist's early training in religious art re-examines old legends to provide fresh insights into the artistic failures of Picasso's father as an impetus to his sons' triumphs and includes portraits of Apollinaire Max Jacob and Gertrude Stein who made up The Picasso Gang in Paris during the Blue and Rose periods A Life of Picasso: 1881-1906 John Richardson, Marilyn McCully, 1991 Biografi om den franske maler billedhugger grafiker og keramiker Pablo Picasso 1881-1973 When Harry Met Pablo Matthew Algeo, 2023-11-14 Truman and Picasso were contemporaries and were both shaped by and shapers of the great events of the twentieth century the man who painted Guernica and the man who authorized the use of atomic bombs against civilians But in most ways they couldn't have been more different Picasso was a communist and probably the only thing Harry Truman hated more than communists was modern art Picasso was an indifferent father a womanizer and a millionaire Truman was utterly devoted to his family and despite his fame far from a rich man How did they come to be shaking hands in front of Picasso's studio in the south of France Truman's meeting with Picasso was quietly arranged by Alfred H Barr Jr the founding director of New York's Museum of Modern Art and an early champion of Picasso Barr knew that if he could convince these two ideological antipodes the straight talking politician from Missouri and the Cubist painter from Malaga to simply shake hands it would send a powerful message not just to reactionary Republicans pushing McCarthyism at home but to the whole world modern art was not evil Truman author Matthew Algeo retraced the Trumans Mediterranean vacation and visited the places they went with Picasso including Picasso's villa Picasso's ceramics studio in Vallauris and Château Grimaldi a museum in Antibes A rigorous history with a heartwarming center When Harry Met Pablo intertwines the biographies of Truman and
