**Romantic Conventions** Anne K. Kaler, 1999 Finding that romance novels are an important literary genre not only because they comprise nearly half of paperback fiction sold but also because they employ sympathetic values and identifiable conventions critics present 12 studies analyzing a selection of specific conventions patterns themes and images and trace them back to origins in folktales or fairy tales and back again to the latest adaptations available in the supermarkets No index Paper edition 778 0 21 95 Annotation copyrighted by Book News Inc Portland OR

Now and Then Bobby Hutchinson, 1994 Indian legend said that the spirit could overcome all obstacles even time itself But Dr Paige Randolph doubted that anything could help her recover from the loss of her child and her marriage until a mysterious crop circle cast her back in time 100 years A stunning time travel romance about a modern day woman's quest to find love and happiness in a past she's never known **Only The Moon Understands The Beauty Of Love** Thomas Wilson Pratt Slatin, 2023-06-01 Only the Moon Understands the Beauty of Love signifies the next chapter in the creative nonfiction writer's life Though Slatin enjoyed a rewarding career as an Emergency Medical Technician and Firefighter spanning some two decades writing has permeated every aspect of Slatin's life since writing on her parents New York City apartment walls as a child Slatin says when it became apparent that she was unlikely to stop her parents set up a desk and chair with a pile of notebooks and pens So how do you rekindle creative passions and pursue them as your second career For Slatin rebranding herself as a writer has been a significant challenge but is equally rewarding It was reaching her retirement goal from the fire service and a failed long term relationship that catalyzed Slatin's conversion to writing and photography full time Today you'll find the Vermont based writer scribbling ideas song lyrics snippets of news or conversations on paper that she later incorporates in her writing a change of pace from her former life For many amateur writers success is incredibly challenging and habitual it requires disciplines portfolios exposure and contributions Early on Slatin turned to the online world

establishing her author platform and building a readership Her journalistic style entries include first hand personal accounts layered with assiduous hindsight narration Slatin describes her writing style as reminiscent of the 1988 television show *The Wonder Years* For example she devotes a passage to her favorite tree as an 8 year old in her parent s backyard in Stamford New York titled *A Little Ghost For The Offering* The new book amalgamates Slatin s most inspired pieces a tangible product decades in the making In essence the book documents her life careers and relationships with the potential for expansion in future releases Though she admits many aspects of her life are irreconcilable nevertheless in her work Slatin deconstructs then bridges the two spheres In life as in her writing Slatin recognizes that everything is connected in some way even if connections are unseen or not fully understood She s also grateful to those who invigorated her writing passion Slatin received mentorship and encouragement from her youth by some illustrious literary names including American journalist Charles Kuralt and poet and writer Allen Ginsberg She describes Ginsberg s mentorship included sharing his writing process and practices that Slatin still uses today Slatin dedicates the entire memoir to her wife and agent Amelia Desertsong It s clear that Amelia is at the center of all her work as muse confidant and greatest supporter Desertsong s admiration love and respect are also clearly apparent in her description of Thomas and her work having written the foreword to the new book challenging the myth that writers assume solitary existences in success When asked about the most challenging aspect of self publishing Slatin says it takes an enormous amount of discipline but the biggest challenge is wrestling with extremely high standards She seeks the absolute pinnacle of quality as a writer refusing to publish anything short of such a standard As a self publishing author with Barnes and Noble Slatin also takes on the roles of book cover designer and marketer with Amelia serving as editor Her experience in photography and web design supports her endeavors in these roles Slatin s photography work help to shape her writing and thrives through the thousands of images living on her website TomSlatin.com In 2022 Slatin published her photography book *Reckless and Wild* a follow up to her 2019 release *Entropy* Like its predecessor it immortalizes abandoned historic places now lost forever to fire decay or intentional demolition
