The Prayer Of The Frog Vol 1 By Anthony De Mello:

The Prayer of the Frog Anthony De Mello, 1988 Spiritual Masters for All Seasons Michael Ford, 2009 Every age needs figures of spiritual inspiration but in times of recession and uncertainty they are essential in helping us to rise above despair and to search for God deep within ourselves In this new book Michael Ford invites four spiritual masters onto the same stage for the first time and shows how they speak not only to our own times but for all seasons Thomas Merton Henri Nouwen Anthony de Mello and John O Donohue all died suddenly at the height of their fame as spiritual masters but they continue to have immense followings What was their secret and why do their legacies endure Through unpublished interviews with some of the authors themselves encounters with their friends and reflections from readers who have been inspired by their writings Michael Ford journeys across the United States and Europe to assess their place in the world of contemporary spirituality He goes behind the scenes of the Abbey of Gethsemani in Kentucky to hear first hand from monks who were novices under Merton visits Lambeth Palace in London to discover Merton's influence on the Archbishop of Canterbury talks to people about how Nouwen the proverbial wounded healer helped them through depression because he had suffered himself speaks to Jesuits who worked with de Mello in India and tries to find out how close the international storyteller came to Buddhism and takes a walk with O Donohue through landscapes in rural Ireland that feature in such books as *Anam Cara* and discusses the appeal of Celtic spirituality Blending the spiritual with the journalistic Michael Ford presents four unique writers as *Spiritual Masters for All Seasons* *Anthony de Mello* Anand Nayak, 2007 A biography of the late controversial Indian priest with a special emphasis on the reaction of the Catholic Church to his works Approaching Change One Story At a Time: 20 Stories and Insights for Coaches, Facilitators, Trainers and Change Leaders Bob Dick, 2014-03-31 This e book innovatively explores Stories that every change leader needs to read The often unexamined role of the ordinary person in change How stories can help you be a more engaging coach facilitator trainer leader The power of story as a tool for influence How archetypes provide a way of interpreting stories The different meaning of first second and third person stories The deeper meanings behind All stories are true but some actually happened Ways of effective story listening and interpreting Understanding that What's not said is as important or more so than what is said How story helps us work more intuitively with organisational systems Learning from All the Faithful Bradford E. Hinze, Peter C. Phan, 2016-10-31 Do various members of the church regardless of their generation gender race sexual orientation country of origin and whatever their doubts are about official church teachings and policies have any role in determining safeguarding and assessing the authentic teaching and praxis of the faith of the church This has always been a haunting question in the life of the Christian church though only recently acknowledged because of the long standing role of male clergy of European descent with a Eurocentric outlook who held hierarchical offices and determined official doctrines and moral and disciplinary codes There have been controversies that bear on these matters over the course of the church's history But it has only been over the last

fifty years that the question has received increasing attention among Roman Catholics in terms of the baptismal anointing of the Spirit that bestows the gift of the sense of the faith on individuals and the collective sense of the faithful This gift provides discerning skills to recognize receive and imaginatively and practically apply the living faith in history and society This book explores these issues from historical sociological systematic and theological ethical perspectives infused by the contributions of world Christianities

Science and the God Elusion Robin Arthur,2019-06-05 Science and the God Elusion presents compelling arguments about the mysteries of the universe that science cannot unravel as yet The Big Bang theory for example cries out for a divine explanation and the hypothesis presented on the origins of life on earth is ridden with serendipity The book seeks to bring together all of these scientific and theological conversations to one table so as to open a new window and insight into the God that eludes scientific investigation and presents His wonder through mystical realms But of course religion and science are also two different and complementary avenues to knowledge and truth Seen in their proper complementarity they jointly illumine life s mystery and conundrums

Thirsty for God Bradley P. Holt,2017-08-15 A landmark text on the history of Christian spirituality embarks on the journey afresh This accessible and engaging history provides an excellent primer on the two millennium quest for union with God a thirst at the center of Christian life and practice Holt traces the practice of Christian devotion prayer and contemplation from the biblical and influential early periods through the diverse insights of the Reformation and modern eras Globally framed the book highlights the local contributions of people from a wide array of traditions and perspectives as unified yet diverse voices giving witness to the thirst for the experience of the divine that is at the heart of the Christian pilgrimage This new edition not only updates all the chapters and features but also adds more material on the spirituality of Jesus medieval women mystics contemporary spirituality spiritual faith and practice in the digital age and spirituality in a globalized world Excerpts and illustrations from primary sources a glossary a timeline new bibliographies sets of spiritual exercises and discussion questions and an online resource guide heighten the book s usefulness for students and lay persons alike

Annual Review of the Sociology of Religion. Volume 9 (2018) Solange Lefebvre,Alfonso Pérèz-Agote Poveda,2018-09-11 Catholicism is generally over institutionalized and over centralized in comparison to other religions However it finds itself in an increasingly interrelated and globalized world and is therefore immersed in a great plurality of social realities The Changing Faces of Catholicism assembles an international cast of contributors to explore the consequent decline of powerful Catholic organisations as well as to address the responses and resistance efforts that specific countries have taken to counteract the secularization crisis in both Europe and the Americas It reveals some of the strategies of the Catholic Church as a whole and of the Vatican centre in particular to address problems of the global era through the dissemination of spiritually progressive writing World Youth Days and the transformation of Catholic education to become a forum for intercultural and interreligious dialogue The volume also reflects on the adaptation of Catholic institutions and missions as sponsored by religious communities and
