 teacher and friend Yordan Kosturkov It is but a feeble attempt to lock within book covers not unlike the bare walls of an
 unfurnished room the rich and multifaceted world the writer poet scholar translator intellectual and human being Kosturkov
 has been building for many decades brick by brick stone by stone The first part in this collection revolves around the idea of
 the rational and disciplined knowledge in constructing Arguments The second and somewhat unruly part strives to capture
 the elusive and the emotional as well as the mis remembered in our Affinities The third gives our readers the record of the
 archeologist who has embarked on an excavation in the Archives It is in the dynamics between these three parts that the
 editors have tried to approximate the sense of the world created and inhabited by Yordan Kosturkov if we threw all furniture
