Crimes and Cover-ups in American Politics Donald Jeffries,2019-06-18 The history that the textbooks left out For far too long American history has been left in the unreliable hands of those that author Donald Jeffries refers to as the court historians Crimes and Cover ups in American Politics 1776 1963 fights back by scrutinizing the accepted history of everything from the American War of Independence to the establishment reputation of Thomas Jefferson and the other Founding Fathers the Civil War the Lincoln assassination both World Wars US government experimentation on prisoners mental patients innocent children and whole populated areas the Lindbergh baby kidnapping and much much more Secular saints like Abraham Lincoln Theodore Roosevelt and Franklin D Roosevelt are examined in a critical way they seldom have been Jeffries spares no one and nothing in this explosive new book The atrocities of Union troops during the Civil War and Allied troops during World War II are documented in great detail The Nuremberg Trials are presented as the antithesis of justice In the follow up to his previous bestselling book Hidden History An Expose of Modern Crimes Conspiracies and Cover Ups in American Politics Jeffries demonstrates that crimes corruption and conspiracies didn t start with the assassination of President John F Kennedy History should be much more than

cardboard villains and impossibly unrealistic heroes Thanks to the efforts of the court historians most Americans are historically illiterate Crimes and Cover ups in American Politics 1776 1963 is a bold attempt at setting the record straight

Survival of the Richest Donald Jeffries,2017-07-04 Survival of the Richest is a fantastically well researched book and should join Robert Reich and Barbara Ehrenreich on the must read bookshelf on wealth disparity Dr Naomi Wolf CEO Dailyclout io A fresh look at economic inequality in America Survival of the Richest scrutinizes how the collective wealth of America has been channeled from the poor and middle class into the hands of a few elitists American industry has been gutted with wages and benefits stagnant or reduced thanks to a disastrous trade deals outsourcing and the crippling of unions The Occupy Wall Street movement and the presidential campaigns of both Bernie Sanders and Donald Trump reveals how more and more people who are struggling understand that the system is rigged against them While Americans have been trained to direct their scorn at welfare recipients and the poor in general a tiny handful of plutocratic elites have profited on an unfathomable scale through corporate welfare and other perks Unimaginable salaries and bonuses for the One Percent contrasted by layoffs and reduced pay for the majority of the workforce along with increasing calls for austerity measures and lowered standards of living has become the new normal in America Donald Jeffries argues that this record economic inequality is more than an unintended consequence of globalism In Survival of the Richest he shows how the consolidation of wealth may well prove to be the greatest conspiracy of all *American Memory Hole* Donald Jeffries,2024-08-27 Donald Jeffries takes another deep dive down the historical rabbit holes with *American Memory Hole* How the Court Historians Promote Disinformation You will discover how cancel culture was born during the administration of Franklin D Roosevelt And how our interventionist foreign policy was established during the Woodrow Wilson presidency Jeffries documents the tragically common atrocities committed by US troops beginning with the Mexican American War which became official policy under the total war and scorched earth strategy of Abraham Lincoln s bloodthirsty generals He recounts the shocking abuses of our military forces in countries like Mexico Haiti the Philippines and elsewhere Jeffries builds on his groundbreaking investigation into the murder of John F Kennedy Jr uncovering even more evidence of conspiracy and cover up He talked to people no researcher has talked to before in a powerful new section on the assassination of President John F Kennedy Jeffries explores the Kennedy family in general and finds that the establishment especially the Left continues to treat them unfairly The events of September 11 2001 and the Oklahoma City Bombing are investigated in depth as never before There is stunning new information on much maligned Senator Joseph McCarthy who emerges here not as some irredeemable monster but as a genuine American patriot who has been demeaned in death even more than he was in life The reader will never look at the supposed heroes and villains of American history the same way again after reading this book History is written by the victors *Merchant Vessels of the United States...* United States. Coast Guard,1989 *Merchant Vessels of the United States* ,1989 **Billboard** ,1977-12-03 In its 114th year Billboard

Post-Truth, Fake News and Democracy Johan Farkas, Jannick Schou, 2019-08-23 Western societies are under siege as fake news post truth and alternative facts are undermining the very core of democracy This dystopian narrative is currently circulated by intellectuals journalists and policy makers worldwide In this book Johan Farkas and Jannick Schou deliver a comprehensive study of post truth discourses They critically map the normative ideas contained in these and present a forceful call for deepening democracy The dominant narrative of our time is that democracy is in a state of emergency caused by social media changes to journalism and misinformed masses This crisis needs to be resolved by reinstating truth at the heart of democracy even if this means curtailing civic participation and popular sovereignty Engaging with critical political philosophy Farkas and Schou argue that these solutions neglect the fact that democracy has never been about truth alone it is equally about the voice of the democratic people Post Truth Fake News and Democracy delivers a sobering diagnosis of our times It maps contemporary discourses on truth and democracy foregrounds their normative foundations and connects these to historical changes within liberal democracies The book will be of interest to students and scholars studying the current state and future of democracy as well as to a politically informed readership

The Unreals Donald Jeffries, 2015-02-28 Drawing its inspiration from novels like 1984 and Gravity's Rainbow with a dash of Alice in Wonderland and The Wizard Of Oz thrown in for good measure The Unreals is an off the wall thought provoking and very funny slice of fantasy The plot revolves around an eccentric young man's search for his grandfather who has mysteriously vanished leaving a strange note behind as the only clue A crazy and memorable cross country search ensues which includes towns and persons with names all related to the JFK assassination exit signs and roads that seem imaginary totally outrageous characters that appear and disappear with ease and a magical time traveling cornfield When the action moves to the Extremely Unreachable Ward in the sub basement of a notorious mental institution the fun really begins
