America the Great Edward Hawkins Sisson,2014-06-22 America the Great is the result of five years research and writing that began in late 2009 in response to the contemporary American tea party movement and criticisms that the movement s participants did not know the history and theory of the original 1773 Boston Tea Party from which the modern movement takes its name The extensive library of original books newspapers magazines etc now available primarily via google books to anyone over the Internet means that researchers have available to them the university libraries of the world The availability of accurate original documents made it possible to expand the original scope of research into other historical events and into other countries primarily Great Britain and enabled the work to develop into a more general examination of theories of human dignity and of the differing conception of government that arises depending on the conception of human dignity that is characteristic of the people that is creating that government The Untold History of the United States, Volume 2 Oliver Stone,Peter Kuznick,2019-01-15 Discover America s secrets in this second of two volumes of the young readers edition of The Untold History of the United States from Academy Award winning director Oliver Stone and Peter Kuznick adapted by Eric Singer There is history as we know it And there is history we should have known Complete with poignant photos and little known but vitally important stories this second of two volumes traces how people around the world responded to the United States s rise as a superpower from the end of World War II through an increasingly tense Cold War and eventually to the brink of nuclear annihilation during the Cuban Missile Crisis This is not the kind of history taught in schools or normally presented on television or in popular movies This riveting young readers volume challenges prevailing orthodoxies to reveal uncomfortable realities about the US role in heightening Cold War tensions It also humanizes the experiences of diverse people at home and abroad who yearned for a more just equal and compassionate world This volume will come as a breath of fresh air for students teachers and budding young historians hungry for different perspectives which makes it a crucial counterpoint to today s history textbooks Adapted by high school and university educator Eric S Singer from the bestselling book and companion to the documentary The Untold History of the United States by Academy Award winning director Oliver Stone and renowned historian Peter Kuznick this volume gives young readers a powerful and provocative look at the US role in the Cold War It also provides a blueprint for those concerned with shaping a better and more equitable future for people across the world **The Untold History of the United States, Volume 2** Oliver Stone,Peter Kuznick,2019-01-15 Discover America s secrets in this second of two volumes of the young readers edition of The Untold History of the United States from

Academy Award winning director Oliver Stone and Peter Kuznick adapted by Eric Singer There is history as we know it And there is history we should have known Complete with poignant photos and little known but vitally important stories this second of two volumes traces how people around the world responded to the United States s rise as a superpower from the end of World War II through an increasingly tense Cold War and eventually to the brink of nuclear annihilation during the Cuban Missile Crisis This is not the kind of history taught in schools or normally presented on television or in popular movies This riveting young readers volume challenges prevailing orthodoxies to reveal uncomfortable realities about the US role in heightening Cold War tensions It also humanizes the experiences of diverse people at home and abroad who yearned for a more just equal and compassionate world This volume will come as a breath of fresh air for students teachers and budding young historians hungry for different perspectives which makes it a crucial counterpoint to today s history textbooks Adapted by high school and university educator Eric S Singer from the bestselling book and companion to the documentary The Untold History of the United States by Academy Award winning director Oliver Stone and renowned historian Peter Kuznick this volume gives young readers a powerful and provocative look at the US role in the Cold War It also provides a blueprint for those concerned with shaping a better and more equitable future for people across the world **Censored 2014** Mickey Huff, Andy Lee Roth, Project Censored, 2013-10-08 Truthout s Progressive Pick of the Week Ralph Nader s 10 Books to Provoke Conversation in 2014 Every year since 1976 Project Censored our nation s oldest news monitoring group a university wide project at Sonoma State University founded by Carl Jensen directed for many years by Peter Phillips and now under the leadership of Mickey Huff has produced a Top 25 list of underreported news stories and a book Censored dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship Seven Stories Press has been publishing this yearbook since 1994 featuring the top stories listed democratically in order of importance according to an international panel of judges Beyond the Top 25 stories additional chapters delve further into timely media topics The Censored News and Media Analysis section provides annual updates on Junk Food News and News Abuse Censored Deja Vu signs of hope in the alternative and news media and the state of media bias and alternative coverage around the world In the Truth Emergency section scholars and journalists take a critical look at the US NATO military industrial media empire And in the Project Censored International section the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world A perennial favorite of booksellers teachers and readers everywhere Censored is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us [The Atomic Bomb in Japanese Cinema](#) Matthew Edwards, 2018-07-24 Seventy years after the nuclear attacks on Hiroshima and Nagasaki Japan is still dealing with the effects of the bombings on the national psyche From the Occupation Period to the present Japanese cinema had offered a means of coming to terms with one of the most controversial events of the 20th century From the

monster movies Gojira 1954 and Mothra 1961 to experimental works like Go Shibata's *NN 891102* 1999 atomic bomb imagery features in all genres of Japanese film This collection of new essays explores the cultural aftermath of the bombings and its expression in Japanese cinema The contributors take on a number of complex issues including the suffering of the survivors hibakusha the fear of future holocausts and the danger of nuclear warfare Exclusive interviews with Go Shibata and critically acclaimed directors Roger Spottiswoode Hiroshima and Steven Okazaki *White Light Black Rain* are included

The Joker Harry Eiss, 2016-05-11 To prepare for the role of the Joker Heath Ledger locked himself in a London hotel room trying to understand and become a character he saw as an absolute sociopath a cold blooded mass murdering clown who was not intimidated by anything and found all of life a big joke In the end Ledger's obsession with his role contributed to his own death from drugs before *The Dark Knight* was released The connections and irony are too close to ignore The movie gives the world a curious twist on the roles of Batman and the Joker It's politically incorrect and yet emotionally the Joker's insanity becomes more endearing than Batman's noble sacrifice What is it Why does this psychopath seem to have a sense of higher truths in his insanity This is the role of the Joker or the Fool a standard character in theatre and a role consciously adopted by serious artists since the late 1800s Just as Shakespeare's Fool in *King Lear* used his riddles and puns and satire to reveal the truths the royal leaders of his world could not or refused to see today's artists are both revealing the darkness within the culture and offering a way out *Waiting for Godot* has been proclaimed the greatest play of the twentieth century But there are no great roles in it no characters representing the equivalent of Shakespeare's Hamlet Rather the two main characters are closer to T S Eliot's *J Alfred Prufrock* who says he cannot be a Hamlet only perhaps Hamlet's Fool This book explores what has happened as Europe's culture fragmented and the world lost its center It explores a range of different arenas from political and social and religious happenings to scientific and artistic expressions in order to find the centers of the human condition and how the dark expressions of meaninglessness so commonly highlighted are more rites of passage than the final destination

Our Country, Then and Now Richard C. Cook, 2024-01-01 *Our Country Then and Now* takes us on a 400 year journey through America's history providing unique snapshots from African enslavement native dispossession financial scandals and wars of expansion and aggression interspersed with tales from author Richard C Cook's ancestry from Puritan forebears to fighters in the American Revolutionary War and the Civil War to Midwest Pioneer farmers and their relations with native nations As a former NASA whistleblower then US Treasury analyst Cook dwells in particular on how the financial oligarchy aggrandized itself via a fractional reserve banking system that ultimately corrupted America's originally proclaimed democratic and egalitarian values He addresses how the British European and US bankers hijacked the American monetary system by placing it under control of the Money Trust through the creation of the Federal Reserve System in 1913 how this then financed the British takedown of rival Germany triggered the Great Depression by shipping US gold to Britain and Europe and led to the Bretton Woods agreements the creation of the International Monetary Fund and the Marshall Plan

which combined to place the world's economy under the control of the US dollar After World War II the US financial oligarchs created the national security state headed by the CIA to rule the world through assassinations financial thievery and overthrow of governments They elevated the Soviet Union into a bogeyman to justify the vast quantity of Federal Reserve money printing required to subsidize an out of control war budget and hundreds of US military bases around the world These measures led to worldwide dollar supremacy under control of the Rockefeller dynasty with the US National Security State aka today's Deep State and the CIA set up to enforce the bankers financial hegemony that has lasted until now Finally Cook addresses his efforts along with Stephen Zarlenga of the American Monetary Institute and Congressman Dennis Kucinich that resulted in the NEED Act of 2011 intended to end the Federal Reserve and restore democratic control over the nation's financial system explaining how such reforms could save the US from today's terminal hollowed out economy **Censored 2019** Mickey Huff, Andy Lee Roth, 2018-10-02 For more than forty years Project Censored has been our watchdog on the establishment media casting its eye on how the information that we receive and don't receive shapes our democracy We need it more than ever today Christopher Finan Executive Director National Coalition Against Censorship NCAC THESE ARE JUST A FEW OF THE STORIES PRESENTED IN CENSORED 2019 Open Source Intelligence Secrets Sold to Highest Bidders ICE Intends to Destroy Records of Inhumane Treatment of Immigrants Indigenous Communities around World Helping to Win Legal Rights of Nature FBI Racially Profiling Black Identity Extremists The Limits of Negative News and Importance of Constructive Media DID YOU KNOW THAT SINCE 1998 THE US GOVERNMENT SPENT 21 TRILLION IT CAN'T ACCOUNT FOR Or that Internet co-ops are mobilizing poor communities to resist net neutrality rollbacks How about the health risks of wireless tech that cell phone companies have covered up or the opiate crisis that Big Pharma knowingly unleashed Haven't heard the news Neither did the rest of the world That's because these and countless other news items are suppressed or ignored by our nation's free press every day For the past forty three years Project Censored has been unearthing the buried stories that corporate media deem unfit to print and debunking the fake news governments and corporations use to consolidate their power to promote well informed citizen action and critical media literacy This year's Project Censored yearbook features Vetting Free Speech by Sally Gimson Layli Foroudi and Sean Gallagher TimesUp Breaking the Barriers of Sexual Harassment in Corporate Media for You and MeToo by Julie Frechette Data Activism through Community Mapping and Data Visualization by Dorothy Kidd How Mainstream Media Evolved into Corporate Media by Peter Phillips Campus Newsroom Collaborations by Patricia W Elliott The Public and Its Problems by Susan Maret Plus Junk Food News News Abuse and Media Democracy in Action In a time of decline in the rule of law and democratic safeguards Project Censored offers a constructive alternative to the fake news blues holding the corporate media to account for its negative bias propaganda for wealth and power and outright censorship American Media and the Memory of World War II Debra Ramsay, 2015-02-11 For three generations of Americans World War II has been a touchstone for the understanding of conflict

and of America's role in global affairs. But if World War II helped shape the perception of war for Americans, American media in turn shape the understanding and memory of World War II. Concentrating on key popular films, television series, and digital games from the last two decades, this book explores the critical influence World War II continues to exert on a generation of Americans born over thirty years after the conflict ended. It explains how the war was configured in the media of the wartime generation and how it came to be repurposed by their progeny, the Baby Boomers. In doing so, it identifies the framework underpinning the mediation of World War II memory in the current generation's media and develops a model that provides insight into the strategies of representation that shape the American perspective of war in general.

The cinema of Oliver Stone Ian Scott, Henry Thompson, 2016-09-09. This electronic version has been made available under a Creative Commons BY-NC-ND open access license. This book analyses the work of Oliver Stone, arguably one of the foremost political filmmakers in Hollywood during the last thirty years. From early productions like *Platoon* (1986) and *Wall Street* (1987) to contemporary dramas and documentaries such as *World Trade Center* (2006), *Wall Street: Money Never Sleeps* (2010), and *The Untold History of the United States* (2012), Stone has redefined political filmmaking in an era when Hollywood and the United States in general have been experiencing rapid and radical change. Drawing on previously unseen production files as well as hours of interviews with the director and his associates within the industry, this book is a thematic exploration of Stone's life and work, charting the development of political and aesthetic changes in his filmmaking. Those changes are mapped onto academic debates about the relationship between film and history, as well as wider critiques about Hollywood and the film industry.

The World That Wasn't Benn Steil, 2025-01-21. From the acclaimed economist, historian, and author of *The Marshall Plan*, a timely, riveting *The Washington Post* new perspective on the political career of Henry Wallace, one that will forever change how we view the making of US and Soviet foreign policy at the dawn of the Cold War. Henry Wallace is the most important and certainly the most fascinating almost-president in American history. As FDR's third-term vice president and a hero to many progressives, he lost his place on the 1944 Democratic ticket in a wild open convention, resulting in Harry Truman becoming president upon FDR's death. Books, films, and even plays have since portrayed the circumstances surrounding Wallace's defeat as corrupt and the results catastrophic. Filmmaker Oliver Stone, among others, has claimed that Wallace's loss ushered in four decades of devastating and unnecessary Cold War. Now, based on striking new finds from Russian, FBI, and other archives, Benn Steil's *The World That Wasn't* paints a decidedly less heroic portrait of the man of the events surrounding his fall and of the world that might have been under his presidency. Though a brilliant geneticist, Henry Wallace was a self-obsessed political figure blind to the manipulations of aides, many of whom were Soviet agents and assets. From 1933 to 1949, Wallace undertook a series of remarkable interventions abroad, each aimed at remaking the world order according to his evolving spiritual blueprint. As agriculture secretary, he fell under the spell of Russian mystics and used the cover of a plant gathering mission to aid their doomed effort to forge a new theocratic state in Central Asia. As vice president,

he toured a Potemkin Siberian continent guided by undercover Soviet security and intelligence officials who hid labor camps and concealed prisoners He then wrote a book together with an American NKGB journalist source hailing the region's renaissance under Bolshevik leadership In China the Soviets uncovered his private efforts to coax concessions to Moscow from Chiang Kai shek fueling their ambitions to dominate Manchuria Running for president in 1948 he colluded with Stalin to undermine his government's foreign policy allowing the dictator to edit his most important election speech It was not until 1950 that he began to acknowledge his misapprehensions regarding the Kremlin's aims and conduct Meticulously researched and deftly written *The World That Wasn't* is a spellbinding work that shows how American history and world history could have turned out very differently if just a few things had gone the other way *The Wall Street Journal* Identity, Reasonableness and Being One Among Others Laurance Joseph Splitter,2023-01-01 This book brings the tools and ideas of Anglo American analytic philosophy to bear on how we think about issues of contemporary significance in a way that is accessible to a broad audience While acknowledging empirical findings within the social sciences it takes on the prescriptive task of imagining a better world in which being citizens in a democracy means actively engaging with others We cling to tribal affiliations which incline us to look inward and spurn those whom we deem to be other And we observe the mind numbing herd like impact of social and other media on our capacity and that of our children to distinguish truth and good sense from falsehood and nonsense Such problems demand our attention as reasonable persons who both think for themselves and deliberate in good faith with others with whom they may well disagree The good news is that while reasonableness cannot be taken for granted it can indeed it must be nurtured and it must be taught This book both articulates a conception of reasonableness and exemplifies a clear standard of reasonableness with respect to the questions it raises and the author's responses to them **From Benito Mussolini to Hugo Chavez** Paul Hollander,2017-01-05 During the twentieth and twenty first centuries political dictators were not only popular in their own countries but were also admired by numerous highly educated and idealistic Western intellectuals The objects of this political hero worship included Benito Mussolini Adolph Hitler Joseph Stalin Mao Zedong Fidel Castro and more recently Hugo Chavez among others This book seeks to understand the sources of these misjudgements and misperceptions the specific appeals of particular dictators and the part played by their charisma or pseudo charisma It sheds new light not only on the political disposition of numerous Western intellectuals such as Martin Heidegger Eric Hobsbawm Norman Mailer Ezra Pound Susan Sontag and George Bernard Shaw but also on the personality of those political leaders who encouraged and in some instances helped to design the cult surrounding their rise to dictatorship
