The Unwinding An Inner History Of The New America By George Packer

Barbara Kellerman

The Unwinding An Inner History Of The New America By George Packer:

The Unwinding George Packer, 2013-06-10 America is in crisis In the space of a generation it has become more than ever a country of winners and losers as industries have failed institutions have disappeared and the country's focus has shifted to idolise celebrity and wealth George Packer narrates the story of America over the past three decades bringing to the task his empathy with people facing difficult challenges his sharp eye for detail and a gift for weaving together engaging narratives The Unwinding moves deftly back and forth through the lives of its people including Dean Price the son of tobacco farmers who becomes an evangelist for a new economy in the rural South Tammy Thomas a factory worker in the industrial Midwest attempting to survive the collapse of her city Jeff Connaughton a political careerist in Washington and Peter Thiel a Silicon Valley billionaire Their stories are interspersed with biographical sketches of the era's leading public figures from Oprah Winfrey to Steve Jobs to create a rich wise and very human portrait of the USA in these hard times The Unwinding portrays a superpower coming apart at the seams its elites and institutions no longer working leaving ordinary people to improvise their own schemes for salvation George Packer is also the author of *The Assassin's Gate* which was named one of the ten best books of 2005 by the New York Times and won the Helen Bernstein Book Award A tour de force A fascinating journey through an America that has largely remained hidden from view There are echoes of Don DeLillo's *Underworld* in the scope of Packer's vision and his deft eye for language and detail Sunday Business Post *The Unwinding* Save Time Summaries Staff, 2013-08-21 SAVE TIME by the early 1980s as the crack epidemic began to sweep the inner cities at the same time that looser regulations started to sweep Wall Street the wealth of America started to unwind Today with phrases like jobless recovery still being used to describe the economy even the most optimistic observers are forced to wonder if America should now be classified as has been a country that sustains itself on the memory of its greatness rather than on its actual merits In telling the story of America's unwinding he doesn't state his own opinions about the matter too blatantly preferring instead to rely upon the personal narratives of individual Americans to paint his portrait of what went wrong He provides intimate exclusive profiles of fascinating characters such as Jeff Connaughton a former Senate adviser to current Vice President Joe Biden Connaughton left Capitol Hill to blow the whistle on the tactics Wall Street uses to control Congress and block any meaningful regulation and reform Colin Powell former Secretary of State and Chairman of the Joint Chiefs Jay Z Grammy Award winning rapper Dean Price a struggling biofuels entrepreneur Sam Walton the founder of Wal-Mart Through it all Packer expertly weaves them together to document the decay of social structures and institutions that began in the 1960s and that has carried through to the present day This unwinding has created greater freedoms in certain ways but has also made life in America more uncertain than ever before Gazing at America's past four decades through the eyes of the many characters Packer has selected the reader is left with an uneasy feeling that things in the United States at least for the working class and middle class are destined to get worse before they get better FROM START TO FINISH IN JUST 20

MINUTES Here's your chapter by chapter guide to George Packer's *The Unwinding* that you can start and finish right now

The Unwinding George Packer, 2019-05-02 WINNER OF THE NATIONAL BOOK AWARD FOR NON FICTION A Great American Novel in the guise of a Great Nonfiction Epic *The Unwinding* asks do we truly like the world we have made for ourselves The Times America is in crisis In the space of a generation the country has become divided between winners and losers with its political system on the verge of breakdown and its people adrift amongst failing institutions In *The Unwinding* George Packer tells the human story of America's vertiginous collapse Dean Price is a sustainability evangelist in the rural South Tammy Thomas a factory worker trying to survive the collapse of the Rust Belt Jeff Connaughton a political careerist in Washington and Peter Thiel a controversial Silicon Valley billionaire Journeying across three decades Packer weaves the stories of these four Americans together to paint a rich complex and compelling portrait of contemporary America as it stands at this its most pivotal moment Hums with sorrow with outrage and with compassion Close to a non fiction masterpiece The New York Times

American Labyrinth Raymond Haberski, Jr., Andrew Hartman, 2018-12-15 *American Labyrinth* contains a stimulating and useful collection of essays by historians reflecting on American intellectual history As a whole the book convinces the reader that the field of intellectual history is enjoying a renaissance The book will be especially prized by intellectual historians but historians of many different persuasions will find these essays rewarding too Choice Intellectual history has never been more relevant and more important to public life in the United States In complicated and confounding times people look for the principles that drive action and the foundations that support national ideals *American Labyrinth* demonstrates the power of intellectual history to illuminate our public life and examine our ideological assumptions This volume of essays brings together 19 influential intellectual historians to contribute original thoughts on topics of widespread interest Raymond Haberski Jr and Andrew Hartman asked a group of nimble sharp scholars to respond to a simple question How might the resources of intellectual history help shed light on contemporary issues with historical resonance The answers all rigorous original and challenging are as eclectic in approach and temperament as the authors are different in their interests and methods Taken together the essays of *American Labyrinth* illustrate how intellectual historians operating in many different registers at once and ranging from the theoretical to the political can provide telling insights for understanding a public sphere fraught with conflict In order to understand why people are ready to fight over cultural symbols and political positions we must have insight into how ideas organize enliven and define our lives Ultimately as Haberski and Hartman show in this volume the best route through our contemporary American labyrinth is the path that traces our practical and lived ideas

Embattled America Jason Bivins, 2022 *Embattled America* is a reinterpretation of conservative evangelical persecution claims The centrality of such claims to American life is widely known This book however argues against standard approaches to them It interprets a range of controversial subjects and persons surrounding embattled religion from the Obama to Trump era Glenn Beck Sarah Palin the Tea Party Wallbuilders anti sharia legislation

and birthers The lesson of each episode is linked not to any iteration of religion but to a democratic fundament that is obscured in the obsession with controversial religion **Contemporary Australian Literature** Nicholas Birns, 2015-12-01

Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia's distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In *Contemporary Australian Literature A World Not Yet Dead* Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella *The Evolution of American Foreign Policy* Shawn Armstrong, 2025-02-10

This book outlines the evolution of American foreign policy tracing its principles and key historical events from the founding era to the present Chapter 1 establishes the foundational goals of U S foreign policy emphasizing the protection of national territory and natural rights while discussing the founders' views on sovereignty and noninterference Chapter 2 focuses on national sovereignty highlighting the federal government's exclusive authority over foreign affairs and the criteria that define sovereignty In Chapter 3 America is characterized as a commercial republic with George Washington's warnings about foreign entanglements underscoring the importance of a strong economy in shaping foreign policy Chapter 4 addresses national honor exploring its influence on public opinion and reputation through historical events like the XYZ Affair The subsequent chapters delve into significant historical crises and doctrines that shaped U S foreign policy including the Monroe Doctrine Chapter 7 which established America's geopolitical stance in the Western Hemisphere and the Spanish American War Chapter 8 marking a shift towards colonialism Chapters 10-12 discuss America's involvement in World War I Wilson's diplomatic efforts and the resulting international agreements like the Treaty of Versailles The book further examines post World War II dynamics in Chapters 14-19 detailing shifts in policy such as containment strategies against communism during the Cold War nuclear arms competition and military interventions in Korea and Vietnam Chapters on modern presidents from Reagan to Biden highlight changing approaches to foreign policy including Reagan's confrontational stance towards the Soviet Union Bush's vision for a new world order post Cold War Clinton's Middle East interventions and Obama's focus on diplomacy alongside military engagement The final chapters explore contemporary issues such as terrorism and

America's role in global conflicts under Trump and Biden reflecting ongoing debates about interventionism versus restraint in U.S. foreign policy. Overall, this comprehensive overview illustrates how American foreign policy has evolved through historical challenges and shifts in leadership philosophies, continuously balancing national interests with global responsibilities.

Summary and Analysis of The Unwinding: An Inner History of the New America Worth Books, 2017-05-16

So much to read, so little time. This brief overview of *The Unwinding* tells you what you need to know before or after you read George Packer's book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of *The Unwinding: An Inner History of the New America* includes historical context, chapter-by-chapter overviews, profiles of the main characters, detailed timeline of key events, important quotes, fascinating trivia, glossary of terms, supporting material to enhance your understanding of the original work, and about *The Unwinding* by George Packer. Detailing the United States' decline in the latter half of the twentieth century, journalist George Packer's *The Unwinding* reads like a memoir but contains the hard-hitting facts of an exposé. Packer's history of America looks at a cast of interesting figures from community organizers to laborers, Democratic Party staffers to small business owners, including household names such as Oprah Winfrey, Colin Powell, Raymond Carver, Jay Z, and Elizabeth Warren, to produce a stunning portrait of what the United States has become and where it's headed next. *The Unwinding* won the National Book Award, was a National Book Circle Award finalist, and was named by the *New York Times* as one of the best books to read to understand the Trump presidency. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

Literary Journalism and Social Justice Robert Alexander, Willa McDonald, 2022-08-04

This book examines the prominent place a commitment to social justice and equity has occupied in the global history of literary journalism. With international case studies, it explores and theorizes the way literary journalists have addressed inequality and its consequences in their practice. In the process, this volume focuses on the critical attitude the writers of this genre bring to their stories: the immersive reporting they use to gain detailed and intimate knowledge of their subjects and the array of innovative rhetorical strategies through which they represent those encounters. The contributors explain how these strategies encourage readers to respond to injustices of class, race, indigeneity, gender, mobility, and access to knowledge. Together, they make the case that throughout its history, literary journalism has proven uniquely well adapted to fusing facts with feeling in a way which makes it a compelling force for social change.

American Tricksters William J. Jackson, 2014-12-18

Tricksters are known by their deeds. Obviously not all the examples in *American Tricksters* are full-blown mythological tricksters like Coyote, Raven, or the Two Brothers found in Native American stories, or superhuman figures like the larger-than-life Davy Crockett of nineteenth-century tales. Newer expressions of trickiness do share some qualities with the Trickster archetype seen in myths: rock stars who break taboos and get away with it, heroes who overcome monstrous circumstances, crafty folk who find a way to survive and thrive when the odds are against them, men

making spectacles of themselves by feeding their astounding appetites in public all have some trickster qualities Each person every living creature who ever faced an obstacle and needed to get around it has found the built in trickster impulse Impasses turn the trickster gene on or stimulate the trick performing imagination that s life To explore the ways and means of trickster maneuvers can alert us to pitfalls help us appreciate tricks that are entertaining and aid us in fending off ploys which drain our resources and ruin our lives Knowing more about the Trickster archetype in our psyches helps us be more self aware

Dispossessed Noelle Stout,2019-06-04 In the aftermath of the 2008 financial crisis more than 14 million U S homeowners filed for foreclosure Focusing on the hard hit Sacramento Valley Noelle Stout uncovers the predacious bureaucracy that organized the largest bank seizure of residential homes in U S history Stout reveals the failure of Wall Street banks mortgage assistance programs backed by over 300 billion of federal funds to deliver on the promise of relief Unlike the programs of the Great Depression in which the government took on the toxic mortgage debt of Americans corporate lenders and loan servicers ultimately denied over 70 percent of homeowner applications In the voices of bank employees and homeowners Stout unveils how call center representatives felt about denying appeals and shares the fears of families living on the brink of eviction Stout discloses the impacts of rising inequality on homeowners from whites who felt their middle class life unraveling to communities of color who experienced a more precipitous and dire decline Trapped in a Kafkaesque maze of mortgage assistance borrowers began to view debt refusal as a moral response to lenders as seemingly mundane bureaucratic dramas came to redefine the meaning of debt and dispossession

The Dream of the Great American Novel Lawrence Buell,2014-02-10 Magisterial make s you suddenly see new things in familiar books brilliant analyses of a dozen or so front runners in the Great American Novel sweepstakes Michael Dirda Virginia Quarterly Review The idea of the great American novel continues to thrive almost as vigorously as in its nineteenth century heyday defying more than 150 years of attempts to dismiss it as amateurish or obsolete In this landmark book the first in many years to take in the whole sweep of national fiction Lawrence Buell reanimates this supposedly antiquated idea demonstrating that its history is a key to the dynamics of national literature and national identity itself The dream of the G A N as Henry James nicknamed it crystallized soon after the Civil War In fresh in depth readings of selected contenders from the 1850s onward in conversation with hundreds of other novels Buell delineates four scripts for G A N candidates and their themes illustrated by such titles as *The Scarlet Letter* *The Great Gatsby* *Invisible Man* *Uncle Tom s Cabin* *Beloved* *Moby Dick* and *Gravity s Rainbow* works dwelling on topics from self invention to the promise and pitfalls of democracy The canvas of the great American novel is in constant motion reflecting revolutions in fictional fashion the changing face of authorship and the inseparability of high culture from popular As Buell reveals the elusive G A N showcases the myth of the United States as a nation perpetually under construction Engaging and provocative ultimately affirms the importance of literature to a nation s sense of itself Sarah Graham Times Literary Supplement Rich in critical insight Buell wonders if the GAN isn t stirring again

in surprising new developments in science fiction An impressively ambitious literary survey Booklist starred review Shall We Wake the President? Tevi Troy,2016-09-01 The history of presidential dealings with disasters shows that whatever their ideology presidents need to be prepared to deal with unexpected crises In recent years the expectations have grown as the disasters seem to appear to be coming more frequently Since 2001 numerous unpredictable crises including terror attacks massive storms and an economic collapse have shaken Americans to their core It seems as if technology for all of its beneficences also provides mankind with increasingly powerful ways to wreak destruction including nuclear explosions bioterror attacks and cyber attacks In addition instantaneous and incessant communications technologies send us word of disasters taking place anywhere in the nation far more rapidly giving disasters an immediacy that some may have lacked in the past In 21st century America the eyes of the American people look to the president to lead the response to whatever disasters happen to strike President Obama and his team learned this and were taken aback by the sheer number of crises that a president needed to deal with including swine flu BP's Macondo oil spill and the Somali pirates who attacked an American ship Many of these did not quite reach disaster status but Obama's reaction to the constant stream of crises was both revealing and unnerving Who thought we were going to have to deal with pirates In Shall We Wake the President Tevi Troy a presidential historian and former senior White House aide and deputy secretary of the Department of Health Human Services looks at the evolving role of the president in dealing with disasters and looks at how our presidents have handled disasters throughout our history He also looks at the likelihood of similar disasters befalling modern America and details how smart policies today can help us avoid future crises or can best react to them should they occur In addition he provides information on what individuals can do to prepare for disasters This book includes sections on how American presidents have dealt with a variety of disasters including health crises terror attacks economic upheaval bioterror and cyber attacks natural disasters and civil breakdown In doing so Shall We Wake the President will provide lessons from presidents of the past that will inform policy strategies for presidents of the future

Are There Two Americas? Caleb Bissinger,2017-12-15 The haves and the have nots coastal elites versus real America big cities or fly over country people play fast and loose with the terms but who falls into these groups and are they really so different Media and politicians alike constantly push the narrative of us versus them instead of one nation indivisible But are they correct to do so or woefully misguided This insightful anthology unpacks the concept of a divided nation and looks at the conflicts that come from economic disparity geography social status and more

Hard Times Barbara Kellerman,2014-10-15 A highly perceptive analysis of the crisis of leadership in 21st century America written in an exhilaratingly readable style Archie Brown Oxford University author of *The Myth of the Strong Leader* Selected by Choice as an Outstanding Academic Book Leadership has never played a more prominent role in America's national discourse and yet our opinions of leaders are at all time lows Private sector leaders are widely seen as greedy to the point of being corrupt Public sector leaders are viewed as incompetent to the point of being

inept And levels of trust in government have plummeted As the title of this book conveys leaders in America are experiencing hard times Barbara Kellerman argues that we focus on leaders and even on followers while ignoring an essential element of leadership context This book is a corrective It enables leaders to track the terrain that they must navigate in order to create change Rather than a handy dandy manual on what to do and how to do it Hard Times is structured as a checklist Twenty four brief sections cover key aspects of the American landscape They trace evolutions and revolutions that have revised our norms transformed our populations and institutions and shifted our culture Kellerman s crash course on context reveals how significant it is to leadership Clearer still is the fact that leadership is more difficult than it has ever been It is context that explains why leadership is so fraught with frustration And it is context that makes evident why leadership will be better exercised if it is better understood Calling out patterns that emerge from the checklist Kellerman challenges leaders to do better This fascinating read will change the way that all of us think about leadership while compelling us to consider what it means for our future Finally a book that explains why leadership is so hard thought provoking examples taken from business and government alike Sydney Finkelstein Tuck School of Business author of Why Smart Executives Fail

Building the Empire State Brian Phillips Murphy, 2015-04-22 Building the Empire State examines the origins of American capitalism by tracing how and why business corporations were first introduced into the economy of the early republic Brian Phillips Murphy follows the collaborations between political leaders and a group of unelected political entrepreneurs including Robert R Livingston and Alexander Hamilton who persuaded legislative powers to grant monopolies corporate status in order to finance and manage civic institutions Murphy shows how American capitalism grew out of the convergence of political and economic interests wherein political culture was shaped by business strategies and institutions as much as the reverse Focusing on the state of New York a onetime mercantile colony that became home to the first American banks utilities canals and transportation infrastructure projects Building the Empire State surveys the changing institutional ecology during the first five decades following the American Revolution Through sustained attention to the Manhattan Company the steamboat monopoly the Erie Canal and the New York Erie Railroad Murphy traces the ways entrepreneurs marshaled political and financial capital to sway legislators to support their private plans and interests By playing a central role in the creation and regulation of institutions that facilitated private commercial transactions New York State s political officials created formal and informal precedents for the political economy throughout the northeastern United States and toward the expanding westward frontier The political economic and legal consequences organizing the marketplace in this way continue to be felt in the vast influence and privileged position held by corporations in the present day

Modernity, Metatheory, and the Temporal-Spatial Divide Michael Kimaid, 2015-03-27 This book is about how modernity affects our perceptions of time and space Its main argument is that geographical space is used to control temporal progress by channeling it to benefit particular political economic and social interests or by halting it altogether By incorporating the ancient Greek myth of the Titanomachy

as a conceptual metaphor to explore the elemental ideas of time and space the author argues that hegemonic interests have developed spatial hierarchy into a comprehensive system of technocratic monoculture which interrupts temporal development in order to maintain exclusive power and authority This spatial stasis is reinforced through the control of historical narratives and geographical settings While increasingly comprehensive the author argues that this state of affairs can best be challenged by focusing on the development of unmappable places which presently exist within the socio spatial matrix of the modern world

Wall Street's Think Tank Laurence H. Shoup, 2019-03-22 Traces the expansive influence of The Council of Foreign Relations in advancing Wall Street's foreign policy agendas and U S influence abroad The Council on Foreign Relations is the most influential foreign policy think tank in the United States claiming among its members a high percentage of government officials media figures and establishment elite For decades it kept a low profile even while it shaped policy advised presidents and helped shore up U S hegemony following the Second World War In 1977 Laurence H Shoup and William Minter published the first in depth study of the CFR Imperial Brain Trust an explosive work that traced the activities and influence of the CFR from its origins in the 1920s through the Cold War Now Laurence H Shoup returns with this long awaited sequel which brings the story up to date Wall Street's Think Tank follows the CFR from the 1970s through the end of the Cold War and the collapse of the Soviet Union to the present It explains how members responded to rapid changes in the world scene globalization the rise of China wars in Iraq and Afghanistan and the launch of a War on Terror among other major developments Shoup argues that the CFR now operates in an era of Neoliberal Geopolitics a worldwide paradigm that its members helped to establish and that reflects the interests of the U S ruling class but is not without challengers Wall Street's Think Tank is an essential guide to understanding the Council on Foreign Relations and the shadow it casts over recent history and current events

Ambition in America Jeffrey A. Becker, 2014-05-22 Most Americans admire the determination and drive of artists athletes and CEOs but they seem to despise similar ambition in their elected officials The structure of political representation and the separation of powers detailed in the United States Constitution

Worlds Apart Cynthia M. Duncan, 2015-01-13 First published in 1999 *Worlds Apart* examined the nature of poverty through the stories of real people in three remote rural areas of the United States New England Appalachia and the Mississippi Delta In this new edition Duncan returns to her original research interviewing some of the same people as well as some new key informants Duncan provides powerful new insights into the dynamics of poverty politics and community change Duncan through in depth investigation and interviews concludes that only a strong civic culture a sense among citizens of community and the need to serve that community can truly address poverty Moving and troubling Duncan has created a remarkable study of the persistent patterns of poverty and power Kirkus Reviews The descriptions of rural poverty in *Worlds Apart* are interesting and read almost like a novel Choice
