The Metamorphosis and Other Stories of Franz Kafka Franz Kafka, It's a peculiar apparatus said the Officer to the Traveller gazing with a certain admiration at the device with which he was of course thoroughly familiar It appeared that the Traveller had responded to the invitation of the Commandant only out of politeness when he had been asked to attend the

execution of a soldier condemned for disobeying and insulting his superior Of course interest in the execution was not very high even in the penal colony itself At least here in the small deep sandy valley closed in on all sides by barren slopes apart from the Officer and the Traveller there were present only the Condemned a vacant looking man with a broad mouth and dilapidated hair and face and the Soldier who held the heavy chain to which were connected the small chains which bound the Condemned Man by his feet and wrist bones as well as by his neck and which were also linked to each other by connecting chains The Condemned Man incidentally had an expression of such dog like resignation that it looked as if one could set him free to roam around the slopes and would only have to whistle at the start of the execution for him to return The Traveller had little interest in the apparatus and walked back and forth behind the Condemned Man almost visibly indifferent while the Officer took care of the final preparations Sometimes he crawled under the apparatus which was built deep into the earth and sometimes he climbed up a ladder to inspect the upper parts These were really jobs which could have been left to a mechanic but the Officer carried them out with great enthusiasm maybe because he was particularly fond of this apparatus or maybe because there was some other reason why one could not trust the work to anyone else It s all ready now he finally cried and climbed back down the ladder He was unusually tired breathing with his mouth wide open and he had pushed two fine lady s handkerchiefs under the collar of his uniform These uniforms are really too heavy for the tropics the Traveller said instead of asking some questions about the apparatus as the Officer had expected That s true said the Officer He washed the oil and grease from his dirty hands in a bucket of water standing ready but they mean home and we don t want to lose our homeland Now have a look at this apparatus he added immediately drying his hands with a towel and pointing to the device Up to this point I had to do some work by hand but from now on the apparatus should work entirely on its own The Traveller nodded and followed the Officer The latter tried to protect himself against all eventualities by saying Of course breakdowns do happen I really hope none will occur today but we must be prepared for it The apparatus is supposed to keep going for twelve hours without interruption But if any breakdowns do occur they ll only be very minor and we ll deal with them right away

The Remnant: Franz Kafka's Letter Eli Schonfeld,2024-09-23 As a Jew Kafka received nothing in inheritance from his father Nevertheless throughout his uvre subtly remnants of Jewish words can be deciphered Hence the question at the heart of this book what remains when what s left is a nothing of Judaism Letter to the Father This question necessitates a philosophical and Jewish reading of his work prompting a reconsideration of the intricate relationships between the Jew and the West and the Jew and modernity Thus this book proposes an examination of Kafka s oeuvre to uncover what remains Jewish therein at the heart of Europe amidst modernity where nothing remains the enigma of the Letter
