A History of Modern Morocco Susan Gilson Miller, 2013-04-15 Morocco is notable for its stable and durable monarchy its close ties with the West its vibrant cultural life and its centrality to regional politics This book by distinguished historian Susan Gilson Miller offers a richly documented survey of modern Moroccan history Arguing that pragmatism rather than ideology has shaped the monarchy's response to crisis the book begins with the French invasion of Algeria in 1830 and Morocco's abortive efforts at reform the duel with colonial powers and the loss of independence in 1912 the burdens and benefits of France's forty four year dominion and the stunning success of the nationalist movement leading to independence in 1956 In the post independence era the book traces the monarchy's gradual monopolization of power and the resulting political paralysis with a postscript bringing events up to 2012 This concise readable book will inform and enthrall students and all those searching for the background to present day events in the region

A History of Modern Morocco Susan Gilson Miller, 2012 A richly documented survey of modern Moroccan history that will enthrall those searching for the background to present day events in the region [The Berber Identity Movement and the Challenge to North African States](#)

Bruce Maddy-Weitzman, 2011-05-01 Like many indigenous groups that have endured centuries of subordination the Berber Amazigh peoples of North Africa are demanding linguistic and cultural recognition and the redressing of injustices Indeed the movement seeks nothing less than a refashioning of the identity of North African states a rewriting of their history and a fundamental change in the basis of collective life In so doing it poses a challenge to the existing political and sociocultural orders in Morocco and Algeria while serving as an important counterpoint to the oppositionist Islamist current This is the first book length study to analyze the rise of the modern ethnocultural Berber Amazigh movement in North Africa and the Berber diaspora Bruce Maddy Weitzman begins by tracing North African history from the perspective of its indigenous Berber inhabitants and their interactions with more powerful societies from Hellenic and Roman times through a millennium of Islam to the era of Western colonialism He then concentrates on the marginalization and eventual reemergence of the Berber question in independent Algeria and Morocco against a background of the growing crisis of regime legitimacy in each country His investigation illuminates many issues including the fashioning of official national narratives and policies aimed at subordinating Berbers in an Arab nationalist and Islamic centered universe the emergence of a counter movement promoting an expansive Berber imagining that emphasizes the rights of minority groups and indigenous peoples and the international aspects of modern Berberism

Historia del Marruecos moderno Susan Gilson Miller, 2015-11-05 **In the Shadow of the Sultan** Rahma Bourqia, Susan Gilson Miller, 1999 In contrast however to the political scientist's top down approach each essay isolates point of critical intersection between culture writ large and manifestations of political authority Power as performed and symbolized during Morocco's long dynastic history has also excited the anthropologists notably Clifford C Geertz In Geertz's scheme of things the country's political life has been dominated by a combustible or extravagant

charismatic authority articulated by the ideology of baraka and embodied by the figure of the saint or holy man this type of authority so the argument goes renders the Morocco state intrinsically different from the Weberian model of the traditional but rational state Not so reply the volume s contributors

Morocco since 1830

C.R. Pennell,2001-01-01

The first general history in English of Morocco in the nineteenth and twentieth centuries *Morocco since 1830* A History explores the profound changes that have affected social relations in Morocco over the last 150 years especially those between the sexes and between linguistic identities and cultures Although the country has returned to roughly its pre colonial boundaries Morocco still suffers from the effects of colonization by France and Spain Its current king like the sultans of the nineteenth century claims

legitimacy through his leadership of the Islamic community but there is a long tradition of dissent based on Islamic ideals Morocco's history is also marked by the enduring presence of a large Jewish community This comprehensive portrait examines the tactics used by Moroccan rulers to cope with European penetration in the nineteenth century and colonialism in the twentieth and since the 1950s to retain control of the independent state As Pennell points out however the ruling dynasty is not sufficiently representative of modern Morocco nor are political events the only influence on change Most Moroccans are still poor and their lives are shaped by their economic circumstances The influence of harvests access to land and water and external trade have always determined the fate of the majority **Ahmad al-Mansur** Mercedes Garcia-Arenal, 2012-12-01 Sultan Ahmad al Mansur 1578 1603 was one of the most important rulers in the history of Morocco which to this day bears the mark of his twenty five year rule in the sixteenth century Though famed for his cunning diplomacy in the power struggle over the Mediterranean and his allegiance with Britain against Spain in the conquest for the newly discovered Americas he was more than a political and military tactician A descendent of the Prophet Muhammad himself al Mansur was a charismatic religious authority with ambitions to become Caliph and ruler of all Muslims Spanning four continents Dr Garcia Arenal places this fascinating figure in a context of political intrigue discovery and military conquest With insightful analysis a glossary and a guide to further reading this book is the ideal introduction to a multifaceted figure who fully deserves the epithet Maker of the Muslim World **Murder in Marrakesh** Jonathan G. Katz, 2006-11-16 In Morocco nobody dies without a reason Susan Gilson Miller Harvard University In the years leading up to World War I the Great Powers of Europe jostled one another for control over Morocco the last sovereign nation in North Africa France beat out its rivals and added Morocco to its vast colonial holdings through the use of diplomatic intrigue and undisguised force But greed and ambition alone do not explain the complex story of imperialism in its entirety Amid fears that Morocco was descending into anarchy Third Republic France justified its bloody conquest through an appeal to a higher ideal France's self proclaimed civilizing mission eased some consciences but led to inevitable conflict and tragedy **Murder in Marrakesh** relates the story of the early days of the French conquest of Morocco from a new perspective that of mile Mauchamp a young French doctor his compatriots and some justifiably angry Moroccans In 1905 the French foreign ministry sent Mauchamp to Marrakesh to open a charitable clinic He died there less than two years later at the hands of a mob Reviled by the Moroccans as a spy Mauchamp became a martyr for the French His death a tragedy for some created opportunity for others and set into motion a chain of events that changed Morocco forever As it reconstructs Mauchamp's life this book touches on many themes medicine magic vengeance violence mourning and memory It also considers the wedge French colonialism drove between Morocco's Muslims and Jews This singular episode and compelling human story provides a timely reflection on French Moroccan relations colonial pride and the clash of civilizations **A Glimpse into Morocco's History.
