A Man Apart Peter Forbes, Helen Whybrow, 2015 A story of friendship encouragement and the quest to design a better world A Man Apart is the story part family memoir and part biography of Peter Forbes and Helen Whybrow's longtime friendship with Bill Coperthwaite A Handmade Life whose unusual life and fierce ideals helped them examine and understand their own Coperthwaite inspired many by living close to nature and in opposition to contemporary society and was often compared to Henry David Thoreau Much like Helen and Scott Nearing who were his friends and mentors Coperthwaite led a 55 year long experiment in living on a remote stretch of Maine coast There he created a homestead of wooden multistoried yurts a form of architecture for which he was known around the world Coperthwaite also embodied a philosophy that he called democratic living which was about empowering all people to have agency over their lives in order to create a better community The central question of Coperthwaite's life was How can I live according to what I believe In this intimate and honest account framed by Coperthwaite's sudden death and brought alive through the month long adventure of building with him what would turn out to be his last yurt Forbes and Whybrow explore the timeless lessons of Coperthwaite's experiment in intentional living and self reliance They also reveal an important story about the power and complexities of mentorship the opening of one's life to someone else to learn together and carrying on in that person's physical absence While mourning Coperthwaite's death and coming to understand the real meaning of his life and how it endures through their own Forbes and Whybrow craft a story that reveals why it's important to seek direct experience to be drawn to beauty and simplicity to create rather than critique and to encourage others

Appalachia's Alternative to Mainstream America Paul Salstrom, 2023-08-18 In many communities across North America in the 1960s and 1970s the rural relocation movement became both a way of life and a path forward for many people inclined to buck the mainstream and Paul Salstrom embraced it His experiences in rural Lincoln County West Virginia led him to the self-sufficient neighborly networking lifestyle well known in many Appalachian communities since the early nineteenth century In *Appalachia's Alternative to Mainstream America* Salstrom outlines his Appalachian experiences in a memoir revisiting this back-to-the-land tradition that guided his cultural experience during this time While he pursued a number of experimental alternatives to a mainstream way of life during the late 1960s it was not until he landed in Lincoln County a few years later that he found himself engaging in an alternative way of living that didn't feel experimental at all This distinctive way of life was largely characterized by a closer connection to the earth local sufficiency informed by homesteading subsistence farming and gardening and the community-wide trading of favors in a spirit of mutual aid Over time Salstrom's engagement in this neighborly occupation has nurtured an informed belief that Americans will be drawn back to landed customs taking care of the earth and of one another to thrive as individuals and communities Facing today's pandemics climate change and deepening political divisions says Salstrom Americans urgently need to create a groundswell of localized food security and energy production

The Salt Stones Helen Whybrow, 2025-06-03 Helen Whybrow is a to-the-bone writer and this is a to-the-bone book beautiful real full of life Bill McKibben author of *The End of Nature* Sheep have helped me become a good shepherd not just to them but to a place that is my sustenance and joy as well as my unending labor and worry In the heart of Vermont's Green Mountains Helen Whybrow and her partner set out to restore an old two hundred acre farm Knowing that belonging more than anything requires participation they begin to intertwine their lives with the land But soon after releasing a flock of Icelandic sheep onto the worn-out fields Whybrow realizes that the art of shepherding extends far beyond the flock and fences of Knoll Farm In prose both vivid and lean *The Salt Stones* offers an intimate and profoundly moving story of what it means to care for a flock and truly inhabit a piece of land The shepherd's life unfolds for Whybrow in the seasons and cycles of farming and family birthing lambs fending off coyotes rescuing lost sheep in a storm and raising children while witnessing her mother's decline Exploring the interdependence of animals as well as of the earth and ourselves Whybrow reflects on the ways sheep connect her to place and to the ancient practice of shepherding Evocative affectionate and illuminating *The Salt Stones* sings of a way of life that is at once ancient and entirely contemporary inspiring us all to seek greater intimacy and a sense of belonging wherever our home place may be

Hearth Annick Smith, Susan O'Connor, 2018-10-09 A multicultural anthology edited by Susan O'Connor and Annick Smith about the enduring importance and shifting associations of the hearth in our world A hearth is

many things a place for solitude a source of identity something we make and share with others a history of ourselves and our homes It is the fixed center we return to It is just as intrinsically portable It is in short the perfect metaphor for what we seek in these complex and contradictory times set in flux by climate change mass immigration the refugee crisis and the dislocating effects of technology Featuring original contributions from some of our most cherished voices including Terry Tempest Williams Bill McKibben Pico Iyer Natasha Trethewey Luis Alberto Urrea and Chigozie Obioma Hearth suggests that empathy and storytelling hold the power to unite us when we have wandered alone for too long This is an essential anthology that challenges us to redefine home and hearth as a place to welcome strangers to be generous to care for the world beyond one s own experience
