A Little Of Misericords Little S:

Medieval Obscenities Nicola McDonald, 2014 Obscenity is central to an understanding of medieval culture and it is here examined in a number of different media Obscenity is if nothing else controversial Its definition consumption and regulation fire debate about the very meaning of art and culture law politics and ideology And it is often erroneously assumed to be synonymous with modernity Medieval Obscenities examines the complex and contentious role of the obscene what is offensive indecent or morally repugnant in medieval culture from late antiquity through to the end of the Middle Ages in western Europe Its approach is multidisciplinary its methodologies divergent and it seeks to formulate questions and stimulate debate The essays examine topics as diverse as Norse defecation taboos the Anglo Saxon sexual idiom sheela na gigs impotence in the church courts bare ecclesiastical bottoms rude sounds and dirty words as well as the modern reception and representation of the medieval obscene They demonstrate not only the vitality of medieval obscenity but its centrality to our understanding of the Middle Ages and ourselves Contributors MICHAEL CAMILLE GLENN DAVIS EMMA DILLON SIMON GAUNT JEREMY GOLDBERG EAMONN KELLY CAROLYNE LARRINGTON NICOLA McDONALD ALASTAIR MINNIS DANUTA SHANZER **Medieval Archaeology, Art and Architecture at Chester** Alan Thacker, 2024-11-01 This volume is a compilation of papers presented in British Archaeological Association's annual conference in 1992 It focuses on the long tradition of archaeological and historical enquiry which has provided a framework for understanding Chester's development from the Roman period The Auchinleck Manuscript Susanna Fein, 2016 Fresh examinations of the manuscript which is one of the chief compendiums of literature in the Middle English period **Women and the Book** British Library, 1997-01-01 Concentrating on the pictorial evidence these papers raise many complex and varied themes related to women's creation use and patronage of books and the representation of women in them *English Medieval Misericords* Paul Hardwick, 2011 Misericord carvings present a fascinating corpus of medieval art which in turn complements our knowledge of life and belief in the late middle ages Subjects range from the sacred to the profane and from the fantastic to the everyday seemingly giving equal weight to the scatological and the spiritual alike Focusing specifically on England though with cognisance of broader European contexts this volume offers an analysis of misericords in relation to other cultural artefacts of the period Through a series of themed case studies the book places misericords firmly within the doctrinal and devotional milieu in which they were created and sited arguing that even the apparently coarse images to be found beneath choir stalls are intimately linked to the devotional life of the medieval English Church The analysis is complemented by a gazetteer of the most notable instances Dr Paul Hardwick is Professor in English Leeds Trinity University College English Gothic Misericord Carvings Betsy Chunko-Dominguez, 2017-03-06 English Gothic Misericord Carvings History from the Bottom Up by Betsy Chunko Dominguez is the first book to move beyond textual dependence and traditional iconographic analysis when examining misericords It likewise builds the most thorough discussion to date of the relationship

between the misericord s several potential audiences including patron craftsman occupant of the seat and modern viewer Beyond the bounds of misericord studies there are implications here for study of the relationship between center and margin in late medieval art and indeed what constitutes center and margin as conceptual realms Ultimately this book attempts both to re integrate the study of misericords into the study of Gothic art in general and to re center them in relation to our understanding of late medieval culture *The Misericords of Norwich Cathedral* Martial Rose,1994 **A Catalogue of Misericords in Great Britain** G.
