Stone, 2015-02-27 The Brave New World of eHR is an important resource filled with the most current information and practical advice on eHR for human resource professionals and industrial and organizational psychologists Written by an expert group of scholars practitioners and subject matter experts this book offers an overview of the major technological trends in eHR and shows how to use technology to enhance organizational effectiveness Comprehensive in scope the book includes information on a wide variety of topics and Reviews the transformation of human resources from manual processes to sophisticated CRM and ERP systems Examines the effectiveness of online strategies for attracting talent Offers valuable guidelines that can help organizations design deliver implement and sustain e selection systems Includes a review of the recent research on the effectiveness of distance learning in educational and organizational settings Analyzes the potential advantages and disadvantages of using eHR to manage employee performance Shows how technology supports the administration of compensation systems Outlines recent trends in delivering HR products and services Considers the functional and dysfunctional consequences of using eHR to attract select and manage the performance of employees in organizations Presents a fascinating and futuristic look at HR and technology for decades to come *On TESOL '84, a Brave New World for TESOL Teachers of English to Speakers of Other Languages.* Convention, 1985

The Brave New World of eHRM 2.0 James H. Dulebohn, Dianna L. Stone, 2018-02-01 Information technology has had a profound effect on almost every aspect of our lives including the way we purchase products communicate with others receive health care services and deliver education and training It has also had a major impact on human resource management HR processes and it has transformed the way that we recruit select motivate and retain employees Gueutal Kavanagh Thite Johnson 2015 For example some estimates indicated that 100 % of large organizations now use web based recruiting Sierra Cedar 2016 2017 and over half of the training conducted in America is delivered using technology based methods American Society for Training and Development 2015 Results of a survey by the Society for Human Resource Management SHRM 2002 revealed that technology is one of the major drivers of change in today's HR departments In spite of the increased use of technology in the field of HR relatively little research has examined the acceptance and effectiveness of electronic human resource management eHRM methods As a consequence practitioners are implementing these new systems without the benefit of research Thus the primary purpose of this issue is to review the results of research on a number of important eHRM practices including e recruitment e selection gamification e socialization e learning and e performance management It also considers how technology can be used to manage task based contingent workers and examines the problems associated with cyberdeviance in organizations The chapters in this series should be extremely beneficial for HR researchers and practitioners who are employing these new systems **Be the Change** Linda Darling-Hammond, Nicole Ramos-Beban, Rebecca Padnos Altamirano, Maria E. Hyler, 2016-01-03 Be the Change tells the

remarkable story of an innovative public high school launched by dedicated teachers in East Palo Alto California one of a growing number of low income communities starved of the resources needed to serve its students and schools Chronicling a rags to riches story of how two very different communities came together to change the historical trajectory of educational failure that had robbed so many students of their futures Be the Change demonstrates how to plant the seeds of new possibilities in its place The school s unique design modeled after successful small schools in New York City offers authentic and engaging instruction in a personalized setting that has allowed students who start off far behind to graduate and go on to college in record numbers Each chapter examines one of the critical elements the teachers found essential to enable student success the creation of an academic culture the development of high standards with high supports and the process of learning to teach so that students can learn A powerful and compelling tale about how educators parents and representatives of one of America s most powerful universities came together to create a school that is now a beacon of pride and hope Their struggle to overcome the obstacles they encountered along the way will inspire others who seek to find ways to use education as a means to break the cycle of poverty and to expand opportunity and justice Pedro A Noguera distinguished professor of education Graduate School of Education and Information Sciences UCLA This is the story of a little school that could Could get students to college and beyond that is It s filled with evidence quotes and anecdotes but more importantly it demonstrates that will and skill aligned with vision and values results in learning environments in which students thrive While acknowledging the challenges trials and tribulations of creating and leading an urban high school the authors share their success in a passionate and compelling way inviting others to learn alongside them as they build successful futures for their students Douglas Fisher professor of educational leadership San Diego State University With demanding academics loving support and genuine affirmation the staff parents community members and other supporters of EPAA as well as Stanford faculty and staff present an encouraging picture of the kind of high school all young people deserve This kind of success is not easy but in describing how it can be done Linda Darling Hammond and her co authors have provided a stirring example for all of those interested in equity and hope for our public schools Sonia Nieto professor emerita Language Literacy and Culture College of Education University of Massachusetts Amherst

Consumer's Guide to a Brave New World Wesley J. Smith, 2004-01-01 Scare headlines about the first human clones appear in our newspapers Biotech companies brag about manufacturing human embryos as products for use in medical treatments Events are moving so fast and biotechnology seems so complicated that many of us worry we can't keep up But now Wesley J Smith provides us with a guide to the brave new world that is no longer a figment of our imagination but a reality just around the corner of our lives Smith unravels the mystery of stem cells and shows what's at stake in the controversy over using them for research He describes the emerging science of human cloning the most radical technology in history and shows how it moves forward inexorably against the moral consensus of the world But at the core of this highly readable and carefully researched book is a report on the gargantuan Big Biotech industry and its supporters in the universities and the science and bioethics establishments Smith reveals how the lure of huge riches mixed with the ideology of scientism threatens to impose on society a new eugenics that would dismantle ethical norms and call into question the uniqueness and importance of all human life At stake he warns is whether science will continue to serve society or instead dominate it In Consumer's Guide to a Brave New World Smith presents a clear-eyed vision of two potential futures In one we will use biotechnology as a powerful tool to treat disease and improve the quality of our lives But in another darker scenario we will be steered onto the antihuman path that Aldous Huxley and other prophetic writers warned against half a century ago
