*Killing the Planet* Rodney Howard-Browne, Paul L. Williams, 2019-11-05 In Killing the Planet How A Financial Cartel Doomed Mankind best selling authors Rodney Howard Browne and Paul L Williams investigate the true motives and consequences of the Pilgrim Society Early members of the Society included J P Morgan Andrew Carnegie Andrew Mellon Cornelius Vanderbilt Paul Warburg Mortimer I Schiff Otto Kahn and John D Rockefeller Although the Pilgrim Society and the powerful men involved are often praised for their philanthropic actions Howard Browne and Williams show that the Society was self serving and subjected the American people to a brutal system of economic tyranny one which is still in place today As a sequel to The Killing of Uncle Sam Killing the Planet is a thoroughly documented and impeccably researched book with over 1 500 footnotes It shows how mankind has become enslaved within the Luciferian world system that is managed and controlled by the world's wealthiest families The book is not full of conspiracy theories but instead unfortunately for all of humanity full of gut wrenching facts

*The Way of the Sith* Edwin Ferreira, 2023-03-20 The Sith in the real world is a philosophy of discipline and mental training empowering us to achieve the possible It's a philosophy that is enamoured with strength and power the individuals that wish to be a compelling leader and thought leader for the world to seek the self liberation and opportunities that are offered us empowering us to pursue our purpose and seize opportunities for self development growth and transformation Victory is what we aim for overcome the things that hold back growth we

seek a memetic and philosophical answer to the modern distortions of what suits us all A people have been tainted by the outgrowth of modern government and status quo influence unwilling or unable to move beyond the confines by fears doubts and complacency all forms of stagnation that oppose the will the world has confined everything into self limitation and hindrance that prevent people from being at one with their true nature we wish to embrace our instincts and emotions fuel our passion and acquire strength power and victory to break the chains      The Way of the Sith Part 3: Doctrine of Action and Hierarchy Edwin Ferreira,2024-01-03 We aim to perfect ourselves physically mentally and spiritually through expansion self discovery diet finances dardhood apotheosis protocols greatness and more so that we can pursue the purpose and success we long for in a hierarchy and working to attain a self control real power and wisdom through the doctrine of action and hierarchy emphasizing the need to seize opportunities to gain success This book in the trilogy seeks to acquire success which includes making oneself worthy of Dardhood by building oneself up by dedication to the Sith path and towards complete mastery of oneself physically mentally spiritually financially and emotionally We seek to unlock the full capacity of the mind through Sith philosophy and mastery inner work This is a practical guide towards gaining success prestige and domination for the practitioner We improve our abilities so as to achieve our desire and affirm and realize our purpose or goals of betterment and empowerment and is aimed at perfection for the Sith Lord or Dard in the third book of The Way of the Sith trilogy      *Beyond Esoteric* Brad Olsen,2024-11-14 The word occult means nothing more than to study the realm of the hidden So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information as to how the world works is something the sheeple should not be informed about But truth always resonates Beyond Esoteric takes off the kid gloves and exposes the nefarious control grid extending its tentacles across the planet

*Research Anthology on Macroeconomics and the Achievement of Global Stability* Management Association, Information Resources,2022-08-05 The COVID 19 pandemic has shocked economies around the world and created an era of global instability As the pandemic comes to a close it is essential to examine global economies in order to achieve and maintain global stability By maintaining global stability the world may be prepared for future economic shocks The Research Anthology on Macroeconomics and the Achievement of Global Stability discusses the emerging opportunities challenges and strategies within the field of macroeconomics It features advancements in the field that encourage global economic stability Covering topics such as Islamic banking international trade and Econophysics this major reference work is an ideal resource for economists government leaders and officials business leaders and executives finance professionals students and educators of higher education librarians researchers and academicians      Stabilizing Currency and Preserving Economic Sovereignty Using the Grondona System Collins, Patrick,2022-01-07 The monetary instability experienced in recent years imposes enormous costs worldwide and has led to calls for a reset of the international monetary system To avoid the problem arising again the value of money must once again be defined in terms of some real commodity or commodities as it has been

for most of history However making currencies convertible into gold once again would be no panacea A better alternative first proposed in the 19th century and advocated in the 20th century is for money to be made convertible into a range of commodities other than gold Stabilizing Currency and Preserving Economic Sovereignty Using the Grondona System discusses how a sustainable basis for sovereign national money systems can be simply achieved by implementing the Grondona System whereby the value of currency is stabilized by making it conditionally convertible into a range of primary commodities Covering a range of topics such as economic growth fiat money and digital currencies this book is ideal for policymakers economists investors academicians researchers instructors and students

**THE GREATEST LIES EVER SOLD** ELIAS DEMETRIOU,2023-04-28 This book is the story of the Global Elites and their Great Reset It focuses mainly on Covid 19 but also touches on other aspects of the agenda including the Russia Ukraine conflict the economic crisis climate change and Artificial Intelligence The author has provided much information through painstaking research and has re written over 100 famous songs accordingly Also included are dozens upon dozens of fascinating images relating to it all including self made memes All of which are clever funny and relevant to the cause The intention is to wake up the masses to the great deception of the greatest lies ever sold

**Money Without Boundaries** Thomas J. Anderson,2019-08-27 Discover how blockchain will facilitate a new currency that will transcend space and time Largely inspired by The Denationalization of Money by Fredrich Hayek Money Without Boundaries ideological foundation is also inspired by economists and thought leaders like Milton Friedman and Irving Fisher advancements in capital markets over the past 50 years and the convergence of old and new technologies Author Thomas J Anderson explains how blockchain acts as the filter and the glue making it all possible Compared with other currencies blockchain managed money markets are more straightforward and transparent It is easier to monitor understand and assess the quality of their full faith and credit Money Without Boundaries shows how not only money but also the process of borrowing and lending will evolve to be conducted in a 100% trusted secure transparent open architecture environment Anderson begins with a history of money and discusses the rise of cryptocurrency concluding with a comparison of decentralized money markets to all other alternatives Money without Boundaries Demonstrates how blockchain technology allows full transparency Explains how blockchain makes it possible for money to be fully commoditized Explains how this fully market based decentralized self regulating system has vast implications throughout the global financial system Shows how everyone will benefit when they have the opportunity to compete on full faith in credit If you are interested in cryptocurrency money monetary theory or understanding how the applied uses of blockchain technology will change your everyday life this is essential reading

**F.U.B.A.R. From Inflation to Hyperinflation** Lawriw,2024-02-04 Inflation and hyperinflation results in F U B A R on an epic scale It can cause social and economic collapse and war and in short change history for the worse If you are worried about inflation who is not then F U B A R F d Up Beyond All Recognition FROM INFLATION TO HYPERINFLATION is a work that you need to read Some observers now wonder as

society suffers from high inflation are we again at risk of Hyperinflation and its terrible consequences Those who read this book will understand this economic disaster and its repercussions Hyperinflation is usually the result of government policies and elite interests decisions This work allows the reader to understand how it happens and how it can be stopped The author in an easy to understand way traces the tragedy of hyperinflation From Ancient China through Rome to the Middle Ages he shows us how the evil of uncontrolled inflation has been unleashed Then he moves to the modern era and in an entertaining manner narrates how the reckless printing of money has led to inflation and often tragedy From the Scottish Adventurer John Law to the Weimar Republic the author tells the story of how reckless issuing of currency resulted in price rises that has devastated the ordinary people He shows us that astonishingly even today there are many who want to persist with the policies that lead to inflation and argue that the elites have learnt nothing Indeed they are happy to repeat the mistakes of the past This work s style is straightforward and there is no jargon Economic and other theories are discussed in a way that anyone can understand It tells the story of Hyperinflation and inflation in no nonsense way and it also has a host of interesting facts that will help you to see our world in a unique way     *The Triumph of Capitalism* Robert A.

Mongrandi,2020-11-05 We all want abundance and the wherewithal to buy life s necessities and luxuries But socialism and the Federal Reserve can take those things away from us You might be surprised to know that the Federal Reserve is not a government agency It was created to end banking crises also known as panics Robert A Mongrandi examines the history of the Federal Reserve socialism and communism in this book explaining how he overcame the misguided notion that a one world government would help humanity He argues that Federal Reserve policies affect us all and that its creation in 1913 was illegal Most of us do not understand how the Federal Reserve controls the economy of the nation Mongrandi also shares why tithing is the number one key to prosperity Karl Marx s ten planks to seize power and destroy freedom that socialism has destroyed the lives of tens of millions of people Take a trip through history and gain a better understanding of the world we live in with the insights and historical lessons in *The Triumph of Capitalism*     *Alexander Hamilton and the Origins of the*

Fed Jack Rasmus,2019-02-28 The US in 1913 was one of the last major economies to establish an institution of a central bank The book examines however the history and evolution of central banking in the US from the perspective of central banking functions i e aggregator of private lending to the federal government fiscal agent for the government regulator of money supply monopoly over currency issuance banking system supervision and lender of last resort The evolution of central banking functions is traced from earliest pre 1787 proposals through the Constitutional Convention and Congressional debates on Hamilton s 1st Report on Credit the rise and fall of the 1st and 2nd Banks of the United States through the long period of the National Banking System 1862 1913 The book describes how US federal governments often in cooperation with the largest US private banks in New York Philadelphia and elsewhere in the northeast attempted to expand and develop those functions sometimes successfully sometimes not from 1781 through the creation of the Federal Reserve Act of 1913

Other themes include how rapid US economic growth and an expanding geographically dispersed private banking system created formidable resistance by banks at the state and local level to the evolution and consolidation of central banking functions at the national level Whenever central banking functions were dismantled 1810s 1830s or were weakened after 1860s the consequences were financial instability and severe economic depressions The book concludes with a detailed narrative on how from 1903 to 1913 big eastern banks leveraging the Panic of 1907 weak economic recovery of 1909 13 and need to expand internationally allied with Congressional supporters to prevail over state and local banking interests and created the Fed how the structure of the 1913 Fed clearly favored New York banks while granting concessions to state and local banks to win Congressional approval and how that compromise central bank structure doomed US monetary policy to fail after 1929

*A History of Interest and Debt* Murat Ustaoglu,Ahmet İncekara,2020-05-31 With the spread of interest based transactions major problems such as inequality poverty and debt based slavery have emerged Those who practiced professions such as usury have despite the negative connotations attributed to them contributed extensively to the construction of the conventional financial system in the global economy suggesting that the core concepts in this practice need to be analyzed in greater depth and from a historical perspective This book analyzes the evolution of interest bearing debt transactions from ancient times to the era of Abrahamic religions In modern times interest is strictly prohibited by Islam but this book demonstrates that it is a practice that has been condemned and legally and morally prohibited in other civilizations long before Islam outlawed it Exploring the roots of this prohibition and how interest has been justified as a viable practice in economic and financial transactions the book offers deep insight into the current nature of finance and economics and the distinctive features of Islamic finance in particular and enables researchers to further delve into a review of interest free financing models Islamic finance or alternative financial methods have become extremely popular particularly in the aftermath of global financial crises suggesting that they will attract further interest in the future as well The book is primarily aimed at undergraduate and graduate students but as it avoids the use of technical jargon it also speaks to a general readership It will appeal to those who have an interest in financial history particularly the history of debt as well

*Conspiracies and Conspiracy Theories in American History* Christopher R. Fee,Jeffrey B. Webb,2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society's disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a

focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach

*Two World Wars and Hitler: Who was Responsible?* Jim Macgregor, John O'Dowd, 2025-03-19 A radical re interpretation of events between 1914 and 1945 this book is a scholarly revision of the history of Nazi Germany that is sure to open the eyes of many thus far reluctant to face the truth Deeply researched well sourced evidence relates the true origins of the world wars Corporal Hitler's meteoric rise to supreme power thanks to Britain and the United States of America and how in 1939 the world was once again and very deliberately taken into the abyss The book does not like so many histories about Hitler and the world wars tinker around the edges of modern history It is a unique re writing of the history at a level that is clearly understandable not merely to the academic with a wide level of expertise but to ordinary readers with no more than a general interest in the subject matter Told here for the first time the astonishing truth about British and American secret agents encouraging facilitating and funding Hitler's rise to power is sure to attract a substantial readership *Two World Wars and Hitler Who Was Responsible* by Jim Macgregor and John O Dowd takes readers on a deep dive into the murky waters of global politics exposing the intricate web of money foreign agents and geopolitical schemes that shaped the events of the 20th century This book challenges the accepted narratives surrounding the causes of the two world wars and Adolf Hitler's rise to power peeling back layers of propaganda to uncover hidden truths The authors bring their medical and academic backgrounds to bear on a meticulously researched investigation connecting dots that span continents and decades From the clandestine dealings of financial elites to the machinations of intelligence operatives the authors argue that the outcomes of these conflicts were anything but inevitable They propose that powerful individuals and institutions actively manipulated the course of history prioritizing profit and dominance over the welfare of nations and humankind

*The Evolution of Interest and Debt* Murat Ustaoglu, Ahmet Incekara, 2020-10-18 It would be difficult to examine interest free alternative financial systems without reviewing the evolution of debt thus this book offers a chronological account of the development of interest bearing debt and contributors offer their take on how the issue of interest has been addressed throughout medieval and modern civilizations *The Evolution of Interest and Debt* provides a review of the impact of these interest bearing debt and practices upon social relations and institutions throughout the history of modern economics observing the relative conditions of the time and as such will shed light on the ongoing problems as well The authors assert that the development of the concept of interest can be traced through three historical periods The first period covers measures from a more radical stance as introduced by the Abrahamic religions with the same foundations and principles at their core The second period examines

the arguments that justify interest bearing debt particularly how the stance of major religions has been translated into a basis of support for these transactions The third and final part offers a chronological account of the development of interest bearing debt transactions and their disruptive impacts throughout the history of modern economics from the medieval to the modern era Initially the book presents a conceptual framework of terms applicable to the discussions and then examines the consistency and reliability of the theological and philosophical arguments on the restrictions imposed upon the practice of interest and debt including rigid prohibition Each period presents its own dynamics and helps analysts better understand the history and roots of interest bearing debt While the book is grounded on research that relies heavily on historical sources it offers a contribution to the literature on economics as well since the historical findings are analyzed in the context of economic terms and theories An interdisciplinary effort the book will attract the attention of those who have an interest in finance economics history religion and sociology

**The War on Conservatives** Mark Dice, 2023-11-07 Conservatives are under attack on numerous different fronts by a well funded highly organized Marxist movement The war is being waged in the public schools and universities in corporate America the legal system the media and in the streets American symbols and holidays Christianity and churches and even the nuclear family itself is under siege LGBTQ extremists are preying on children while White people are being systematically demonized by Critical Race Theory which is just antiwhiteism in disguise And millions of illegal aliens have been allowed to invade our country Censorship on social media is being leveraged by cancel culture mobs to silence critics and those trying to fight back Democrats are even inciting and endorsing violence against their opponents using Antifa and Black Lives Matter foot soldiers all while being cheered on by Hollywood celebrities And there are even traitors in our midst Cowardly conservatives and RINOs who have sold out our principles for profit and power Media analyst Mark Dice takes you to the front lines in The War on Conservatives

**Ezra Pound a Pisa** Luca Gallesi, 2024-04-23 Questo libro ricostruisce le vicende che portarono Ezra Pound 1885 1972 alla reclusione prima in una gabbia di ferro a Pisa e poi senza processo alla detenzione per tredici anni in un manicomio criminale statunitense Viene anche analizzato il contenuto dei Canti pisani senza trascurare le vicissitudini legate al conferimento del prestigioso Premio Bollingen vinto da Pound con questa opera nel 1949 I Canti pisani divenuti giustamente la sezione pi famosa dell opus magnum del poeta i Cantos sono l esame di coscienza di un uomo che faceva sinceramente il punto sulle sue azioni sapendo che a breve sarebbe potuto finire sulla forca come stava succedendo ad altri intellettuali accusati di collaborazionismo
