Henco van der Westhuizen, 2022-02-25 Theology is for many far more than a profession It is an identity a passion a way of life While books on theology are countless books on the identity of the theologian are all too rare In this helpful volume Henco van der Westhuizen has assembled an outstanding and diverse array of theologians who each offer their wisdom and reflection on what it means to be a theologian through a letter written to someone considering the field Each letter is as unique as its author and together they form a rich symphony on the art and craft of being a theologian **A Little Book for New Theologians** Kelly M. Kapic, 2012-07-05 In this quick and vibrant little book Kelly Kapic presents the nature method and manners of theological study for newcomers to the field He emphasizes that theology is more than a school of thought

about God but an endeavor that affects who we are Theology is about life writes Kapic It is not a conversation our souls can afford to avoid      *Book 15 Bible Translations PB* Kurt Jurgensmeier,2012-10-23 What is the best Bible Because of the myriad of Bible translations Christians have wondered which one is best This question has become especially controversial because the publisher of the most popular translation in the world the NIV decided to create a gender inclusive text Against much popular opinion we defend the following Dynamic thought for thought translations NIV NLT are superior to more literal word for word translations NASB ESV More literal Bible translations often fail in a critical part of accurate translation producing good contemporary English The criticisms against dynamic Bible translations are either exaggerations errors and or even slanderous against the word of God Gender inclusive language is an improvement in most cases We also provide a chapter offering some suggestions and commentary regarding the best tools for studying and interpreting Scripture      *Faith Without Illusions* Andrew Byers,2011-02-28 Cynicism has become almost a cliché It pervades the culture and defines the age and threatens to derail faith Andrew Byers identifies the primary factors in the church that inspire disillusionment rather than faith but he goes beyond that to help struggling cynics channel their frustrations into the redemptive vocations found in the Bible the prophet the sage the tragic poet These all find their fulfillment in Jesus and he in turn inspires cynics from the apostle Paul to you and me to embrace our saintly calling hopeful realism      *Finding Your Way* Phillip G. Camp,2009-01-12 Your time in seminary can be a period of great blessing and adventure on the one hand but also a time of great confusion and doubt on the other How do you navigate the challenges questions and even frustrations of seminary life Am you the only one who is confused in your classes or struggling with what you believe What does all this theological stuff have to do with serving Christ Finding Your Way was written to help you with these questions and perhaps with others that you didn't even know you had This little book will help you see that seminary education is not a hoop to jump through or a burden to bear on the way to real ministry Rather your theological education is an important part of your vocation and spiritual formation now and for your future service To this end this book serves as a guide to the ins and outs of seminary life to fostering a loving relationship with the church and to developing spiritual habits that will bless you throughout your ministry      Reading Theology Wisely Kent Eilers,2022-05-24 Could reading theology turn you toward God in astonished worship Could it enliven your reading of Scripture Could it move you toward your true self in Christ Could it turn you toward your neighbors in self giving love Could it unmask your prejudices Could it dethrone your idols Should we hope for anything less In this illuminating introduction Kent Eilers invites Christians of all backgrounds into the practice of reading theology With a classroom tested approach Eilers shows how theology can form the imagination and enhance the human capacity for perceiving reality beyond the surface of things allowing Christians to see and experience God in the everyday He then guides readers through the essential facets of theology so that it can begin to feel familiar and accessible even and especially to beginners with no prior experience Written conversationally and illustrated beautifully with art by Chris Koelle Reading Theology Wisely is

welcoming and engaging in every respect Eilers takes a well rounded approach to his subject utilizing Scripture and the wisdom of past thinkers as well as references to film and the arts including a special emphasis on architecture as part of an ongoing metaphor of inhabiting texts as we do physical spaces Each chapter ends with a prayer and questions for reflection and discussion followed by a theology lab in which readers can put the content of the preceding chapter into practice

Christian Theology Millard J. Erickson,1998-08 A new edition of leading theologian Millard Erickson s classic text

**This Way to Youth Ministry** Duffy Robbins,2004 Practical applications theological foundations and valuable information for the student beginning a youth ministry      Pentecostals and the Poor Ivan Satyavrata,2017-06-23 This book deals with the articulation of a Pentecostal tradition of social concern For Satyavrata this involves integrating evangelism and social concern within a biblical framework both in philosophical underpinning and practical ministry Satyavrata claims that the Pentecostal element in social concern is the empowering and sociological uplift that comes with the Baptism in the Holy Spirit      **Journal of Biblical and Theological Studies, Issue 5.2** Daniel S. Diffey,Ryan A. Brandt,Justin McLendon,2021-01-12 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics      Light Unapproachable Ronni Kurtz,2024-11-12 How can finite creatures know an infinite God Retrieving key insight from Scripture and patristic medieval and modern theologians Ronni Kurtz offers a rich analysis of divine incomprehensibility While our language cannot capture the full mystery of God we can learn to speak of God faithfully truthfully and prayerfully      **An Introduction to Theology in Global Perspective** Stephen B. Bevens,2009 A comprehensive work on doing theology as part of the Catholic ecclesial community in today s world      **Christian Theology and African Traditions** Matthew Michael,2013-05-21 Christian theology is increasingly recognized to be now a non western enterprise since the high concentrations of Christians in the world are no longer found in the Western societies Christian Theology and African Traditions takes seriously this present recognition of the southward movement of Christianity from the western world to a non western setting It seeks to reposition Christian theology and faith to engage the African traditions in classical category of theology proper bibliology anthropology

Christology pneumatology soteriology ecclesiology and eschatology and provides unique insights and problems that these classical and systematic categories poses to African Christianity Similarly it provides theological blueprint for non Africans who are interested in knowing the nature and shape of the Christian theology in non western settings Theology as Discipleship Keith L. Johnson,2015-11-09 In this fresh and engaging text Keith Johnson examines how the discipline of theology not only leads to discipleship but is itself a way of following after Christ in faith Unlike other introductions that overview doctrines according to the Apostles Creed Johnson presents theology by describing the Christian life being in Christ hearing God s Word and sharing the mind of Christ **Understanding and Developing Theological Education** Bernhard Ott,2016-01-31 Historically education has been driven from behind the history and above the educational institution Traditions and adherence requirements have led to inflexible models of school leadership that are focused on administration and rife with educational politics In contrast today s theological landscape needs institutions with a grassroots driven educational system looking to a future that is biblically and theologically grounded This publication an English translation from the original German focuses on the leadership and curriculum development required for such a paradigm shift Ott comprehensively assesses trends in current theological education across the world with detailed reference to wider trends in global tertiary education Written primarily for those in leadership roles at theological schools and training institutions this handbook is an essential resource for equipping the next generation of leaders in theological education What Does Theology Do, Actually? Matthew Ryan Robinson,Inja Inderst,2022-07-26 What Does Theology Do Actually Observing Theology and the Transcultural is to be the first in a series of 5 books each presented under the same question What Does Theology Do Actually with vols 2 5 focusing on one of the theological subdisciplines This first volume proceeds from the observation of a need for a highly inflected trans cultural and not simply inter cultural set of perspectives in theological work and training The revolution brought about across the humanities disciplines through globalization and the recognition of multiple modernities has introduced a diversity of overlapping cultural content and multiple cultural and religious belongings not only into academic work in the humanities and social sciences but into the Christian churches as well
