a series of events that could produce a monsoon months later in Malaysia The Law of Influence states that one life touches another and potentially both lives are changed through this change potentially the entire world is changed Even chance events a smile a word spoken at just the right moment or even people like John Howard who helped a young English journalist return home The young journalist was Winston Churchill and the rest is history More important than explaining what the law of influence is this book explains how individuals can use it to create a life worth living and to share the lessons to create families and communities that work together for the greater good Together people aware of and involved with their own influence on others have the potential to make amazing things happen King Duncan is a professional speaker and author of two other books Amazing Grace Humor to Heal Mind Soul and Body and The One Minute Motivator In 1993 he was the national winner of the International Platform Association s prestigious Speaker s Ladder Award He lives in Knoxville Tennessee where he owns and manages his communications company Seven Worlds Corporation
