Ingenious Women:

Ingenious Women Deborah Jaffé, 2003 This delightfully illustrated book examines inventions and discoveries made by women beginning with the first patent application made in 1637 and ending with the outbreak of war in 1914 Lively accounts of the stories of the inventions are placed into the context in which their discoveries were made and the struggle they had to acquire patents and put their inventions into production In covering this previously obscure part of women s lives the practical way in which women have made an enormous contribution to social change and scientific advance is revealed

Godey's Lady's Book ,1896 **Godey's Magazine** ,1896 Includes music **My Fair Ladies** Julie Wosk, 2015-07-28 The fantasy of a male creator constructing his perfect woman dates back to the Greek myth of Pygmalion and Galatea Yet as technology has advanced over the past century the figure of the lifelike manmade woman has become nearly ubiquitous popping up in everything from Bride of Frankenstein to Weird Science to The Stepford Wives Now Julie Wosk takes us on a fascinating tour through this bevy of artificial women revealing the array of cultural fantasies and fears they embody My Fair Ladies considers how female automatons have been represented as objects of desire in fiction and how living dolls have been manufactured as real world fetish objects But it also examines the many works in which the perfect woman turns out to be artificial a robot or doll and thus becomes a source of uncanny horror Finally Wosk introduces us to a variety of female artists writers and filmmakers from Cindy Sherman to Shelley Jackson to Zoe Kazan who have cleverly crafted their own images of simulated women Anything but dry My Fair Ladies draws upon Wosk s own experiences as a young female Playboy copywriter and as a child of the feminine mystique era to show how images of the artificial woman have loomed large over real women s lives Lavishly illustrated with film stills artwork and vintage advertisements this book offers a fresh look at familiar myths about gender technology and artistic creation *Hidden in History: The Untold Stories of Women During the Industrial Revolution* Danielle Thorne, 2019-07-16 The Industrial Revolution of the 18th and 19th centuries saw a period of technological historical and even social advancements Men like James Hargreaves and Eli Whitney worked to make life easier for the working class inventing machines like the spinning jenny and the cotton gin But men weren t the only luminaries of the Industrial Revolution women of all ages from the joined in the revolution to further advance society Margaret Elizabeth Knight brought paper bags to the world and Elizabeth Magie s interest in politics and economics gave us the much beloved game of Monopoly And what would we do without Tabitha Babbitt s circular saw or Josephine Cochran s dishwasher In today s modern world we often take important inventions like these for granted but with their female inventors we d be living vastly different lives A part of the Hidden in History series The Untold Stories of Women During the Industrial Revolution shares the stories of women who should be remembered for their remarkable talents ingenious inventions and hard work but have been previously overshadowed and forgotten to history Ingenious Women ,2009 **The Women's Seder Sourcebook** Sharon Cohen Anisfeld, Tara Mohr, Catherine Spector, 2006 With diverse and robust voices women are reclaiming their place

Republic of Women Carol Pal, 2012-06-07

Republic of Women recaptures a lost chapter in the narrative of intellectual history. It tells the story of a transnational network of female scholars who were active members of the seventeenth century republic of letters and demonstrates that this intellectual commonwealth was a much more eclectic and diverse assemblage than has been assumed. These seven scholars—Anna Maria van Schurman, Princess Elisabeth of Bohemia, Marie de Gournay, Marie du Moulin, Dorothy Moore, Bathsua Makin, and Katherine Jones Lady Ranelagh—were philosophers, schoolteachers, reformers, and mathematicians. They hailed from England, Ireland, Germany, France, and the Netherlands, and together with their male colleagues, men like Descartes, Huygens, Hartlib, and Montaigne, they represented the spectrum of contemporary approaches to science, faith, politics, and the advancement of learning. Carol Pal uses their collective biography to reconfigure the intellectual biography of early modern Europe, offering a new, expanded analysis of the seventeenth-century community of ideas.

Fast Forward Melanne Vermeer, Kim K. Azzarelli, 2015-10-06 This book, based on interviews with the world's most inspiring women, shows every woman how she can empower herself and her community. Madeleine Albright's important conversations about leaning in, work-life balance, and empowering females around the world have energized a generation of women. Fast Forward, by two leaders whose experience spans corporate America, public service, and global diplomacy, takes the next step. Through interviews with a network of more than seventy trailblazing women, Fast Forward shows women how to accelerate their growing economic power and combine it with purpose to find both success and meaning in their lives. Companies, countries, and organizations the world over are waking up to today's new reality: Women control the lion's share of purchasing power and are increasingly essential to competitiveness. The age of women's transformative economic influence has finally arrived, and women are using their power for purpose, redefining what power and success mean in the process. Through clear, practical advice and personal stories of women around the world, including Hillary Clinton, Geena Davis, Christine Lagarde, and Diane von Furstenberg, Fast Forward shows every woman how to know her power, find her purpose, and connect with others to achieve her life goals.

The Lady's Book, 1830 Women Forgotten in History Emily Rice, 2023-10-13 Women Forgotten in History unveils the captivating narratives of extraordinary women whose stories have been marginalized and obscured throughout time. As we reflect on history, it becomes apparent that the majority of names we encounter are those of men. But does this imply that women have contributed little or led uneventful lives? Or is it rather an indication that their achievements and stories have been obscured and overshadowed throughout the ages? Within the pages of this enlightening book, a tapestry of forgotten stories comes to life. From ancient Egyptian pharaohs to courageous teenagers who defied Nazi occupation, a diverse tapestry of women emerges from the shadows. These women reclaim their rightful place in history's narrative. Some forged inspiring paths as activists for noble causes, while others left a more morally complex legacy; their stories often veiled in mystery and legend. Despite their contrasting backgrounds and experiences, these women share a common thread: their captivating stories and the tragic reality that their lives and accomplishments have been forgotten or

deliberately obscured with the passage of time However within their tales lie profound inspiration waiting to be rediscovered Women Forgotten in History invites readers to embrace the richness of these forgotten narratives to honour these remarkable women and to find in their stories a wellspring of empowerment and motivation *Notable Latin American Women* Jerome R. Adams,1995 Straightforward and brief biographical sketches of 29 women including Doña Marina Juana Inés de la Cruz Manuela Sáenz and Leopoldina of Brazil Handbook of Latin American Studies v 58 **The Role of Livestock in Developing Communities** Frans Swanepoel,Aldo Stroebe,Siboniso Moyo,2010-11-01 The book provides critical information and knowledge on the importance of livestock in the global effort to alleviate poverty and promote human health It describes and evaluates case studies examines theoretical frameworks and discusses key global policy development issues challenges and constraints related to smallholder livestock production systems around the globe The book is written for academic professionals industry experts government officials and other scholars interested in the facts and issues concerning the contribution of livestock to the social and economic progress of developing countries *Heroines and Local Girls* Pamela L. Cheek,2019-08-30 Over the course of the long eighteenth century a network of some fifty women writers working in French English Dutch and German staked out a lasting position in the European literary field These writers were multilingual and lived for many years outside of their countries of origin translated and borrowed from each others works attended literary circles and salons and fashioned a transnational women's literature characterized by highly recognizable codes Drawing on a literary geography of national types women writers across Western Europe read translated wrote and rewrote stories about exceptional young women literary heroines who transcend the gendered destiny of their distinctive cultural and national contexts These transcultural heroines struggle against the cultural constraints determining the sexualized fates of local girls In *Heroines and Local Girls* Pamela L Cheek explores the rise of women's writing as a distinct transnational category in Britain and Europe between 1650 and 1810 Starting with an account of a remarkable tea party that brought together Frances Burney Sophie von La Roche and Marie Elisabeth de La Fite in conversation about Stéphanie de Genlis she excavates a complex community of European and British women authors In chapters that incorporate history network theory and feminist literary history she examines the century and a half literary lineage connecting Madame de Maintenon to Mary Wollstonecraft including Charlotte Lennox and Françoise de Graffigny and their radical responses to sexual violence Neither simply a reaction to nor collusion with patriarchal and national literary forms but rather both women's writing offered an invitation to group membership through a literary project of self transformation In so doing argues Cheek women's writing was the first modern literary category to capitalize transnationally on the virtue of identity anticipating the global literary marketplace's segmentation of affinity based reading publics and continuing to define women's writing to this day **Year Book of the Department of Agriculture of the State of South Carolina** South Carolina. Department of Agriculture,1945 Shameless Jean L. Silver-Isenstadt,2002-05-10 With her second husband medical writer

and social reformer Thomas Low Nichols she embarked on an unprecedented intellectual and professional collaboration and together they challenged the inequities of conventional marriage demanded the right of every woman to have control over her own body and advocated universal good health

Justice Walter J. Houston, 2016-04-29 What does the Bible have to say about justice and what relevance has this for people particularly Christians today Justice The Biblical Challenge offers readers a balanced assessment of the biblical treatment of justice and what we might learn from this The book opens with a brief overview of the differing social contexts which shaped how people thought about justice in biblical times The examples of justice are grouped under three key narratives the story of creation justice as cosmic order the story of the Exodus justice as faithfulness and the story of Israel justice as a community of equals The story of Jesus in Mark is then examined as exemplifying all three narratives The book then applies these biblical stories to the world we live in now applying an innovative justice audit which uses the three biblical narratives of justice as yardsticks The book concludes with an exploration of how readers might apply the ideas raised in the book to working for justice
