Gould, John J. Brent, 2020-11-01 The Routledge Handbook on American Prisons is an authoritative volume that provides an overview of the state of U.S. prisons and synthesizes the research on the many facets of the prison system. The United States is exceptional in its use of incarceration as punishment. It not only has the largest prison population in the world but also the highest per capita incarceration rate. Research and debate about mass incarceration continues to grow with mounting bipartisan agreement on the need for criminal justice reform. Divided into four sections: Prisons, Security, Operations, and Administration; Types of Offenders and Populations; Living and Dying in Prison; and Release, Reentry, and Reform, the volume explores the key issues fundamental to understanding the U.S. prison system, including the characteristics of facilities, inmate risk assessment and classification, prison administration and employment, for-profit prisons, special populations, overcrowding, prison health care, prison violence, the special circumstances of death row prisoners, collateral consequences of incarceration, prison programming, and parole. The final section examines reform efforts and ideas and offers suggestions for future research and attention. With contributions from leading correctional scholars, this book is a valuable resource for scholars with an interest in U.S. prisons and the issues surrounding them. It is structured to serve scholars and graduate students studying corrections, penology, institutional corrections, and other related topics. *Competition Law in Kenya* Brenda Pamela Mey, 2017-11-20 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of competition law and its interpretation in Kenya covers every aspect of the subject: the various forms of restrictive agreements and abuse of dominance prohibited by law; and the rules on merger control, tests of illegality, filing obligations, administrative investigation and enforcement procedures, civil remedies, and criminal penalties; and raising challenges to administrative decisions.
