Brodsky Abroad Sanna Turoma, 2010-05-26 Expelled from the Soviet Union in 1972 and honored with the Nobel Prize fifteen years later poet Joseph Brodsky in many ways fit the grand tradition of exiled writer But Brodsky's years of exile did not render him immobile though he never returned to his beloved Leningrad he was free to travel the world and write about it In *Brodsky Abroad* Sanna Turoma discusses Brodsky's poems and essays about Mexico Brazil Turkey and Venice Challenging traditional conceptions behind Brodsky's status as a leading migr poet and major descendant of Russian and Euro American modernism she relocates the analysis of his travel texts in the diverse context of contemporary travel and its critique Turoma views Brodsky's travel writing as a response not only to his exile but also to the postmodern and postcolonial landscape that initially shaped the writing of these texts In his Latin American encounters Brodsky exhibits disdain for third world politics and invokes the elegiac genre to reject Mexico's postcolonial reality and to ironically embrace the romanticism of an earlier Russian and European imperial age In an essay on Istanbul he assumes Russia's ambiguous position between

East and West as his own to negotiate a distinct and controversial interpretation of Orientalism And Venice the emblematic tourist city becomes the site for a reinvention of his lyric self as more fluid hybrid and cosmopolitan Brodsky Abroad reveals the poet's previously uncharted trajectory from alienated dissident to celebrated man of letters and offers new perspectives on the geopolitical philosophical and linguistic premises of his poetic imagination **Nabokov, Perversely** Eric Naiman, 2011-01-15 In an original and provocative reading of Vladimir Nabokov's work and the pleasures and perils to which its readers are subjected Eric Naiman explores the significance and consequences of Nabokov's insistence on bringing the issue of art's essential perversity to the fore Nabokov's fiction is notorious for the interpretive panic it occasions in its readers the sense that no matter how hard he or she tries the reader has not gotten Nabokov right At the same time the fictions abound with characters who might be labeled perverts and questions of sexuality lurk everywhere Naiman argues that the sexual and the interpretive are so bound together in Nabokov's stories and novels that the reader confronts the fear that there is no stable line between good reading and overreading and that reading Nabokov well is beset by the exhilaration and performance anxiety more frequently associated with questions of sexuality than of literature Nabokov's fictions pervert their readers obligingly training them to twist and turn the text in order to puzzle out its meanings so that they become not better people but closer readers assuming all the impudence and potential for shame that sexually oriented close looking entails In Nabokov Perversely Naiman traces the connections between sex and interpretation in Lolita which he reads as a perverse work of Shakespeare scholarship Pnin Bend Sinister and Ada He examines the roots of perverse reading in The Defense and charts the enhanced attention to the connection between sex and metafiction in works translated from the Russian He also takes on books by other authors such as Reading Lolita in Tehran that misguidedly incorporate Nabokov's writing within frameworks of moral usefulness In a final extraordinary chapter Naiman reads Dostoevsky's The Double with Nabokov trained eyes making clear the power a strong writer can exert on readers The Legacy of Ancient Rome in the Russian Silver Age Anna Frajlich, 2007 This thoughtful and well researched manuscript is an important contribution to several fields 19th and 20th century Russian literature and philosophy Classics and literary history Many 20th century Russian writers employ comparisons between 20th century Russia and the Roman Empire but this study is the first in depth look at the basis for this all pervasive theme Since the end of the Soviet Union the Symbolist period has become one of primary interest for Russians as they attempt to investigate elements of their pre Soviet identity The writers whose works are included here represent some of the most sophisticated and erudite in the whole of Russian literature but many of them were until recently little studied or looked at through a distorting political prism Carol Ueland Professor of Russian Literature Drew University American Idealism Luther Allan Weigle, 1928 **Zell's Popular Encyclopedia**, 1882 **English Mechanic and Mirror of Science and Art**, 1895 **The Athenaeum**, 1844 **Allen's Indian mail and register of intelligence for British and foreign India**, 1867 **Annual Report** Bank of Botswana, 2006 **Galignani's new Paris**
